Rockford Bank & Trust

Dear Rockford Bank & Trust,

I am writing to thank Rockford Bank & Trust for the outstanding service rendered by Michael Kalodimos in negotiating our new mortgage loans. In July 2007, Michael closed on two loans for us, Pilgrim Baptist Church and Pilgrim Village Community Development Corporation. Michael's expertise, integrity, flexibility, passion, and client focus made a big difference in our decision to award our business to Rockford Bank & Trust.

I pray that our business relationship grows with your bank. Please extend to Michael our hearty appreciation and let him know that all the members of Pilgrim Baptist Church value him.

Dear friends at First Wisconsin Bank & Trust,

First Wisconsin Bank and Trust is an excellent business bank. What makes a great business bank? People who take the time to truly understand your business. Our banker, George Justice takes the extra time to understand our markets and our challenges. He then proposes products and services that best fit our needs. George also takes the time to review the financial state of our business and offers sound advice that is critical to us in making decisions. When running a business, you can't wear all of the hats. First Wisconsin Bank and Trust is part of our management team.

Quad City Bank & Trust

Dear friends at Quad City Bank & Trust,

On behalf of the physicians of the Rock Island County Medical Society and the Scott County Medical Society, we wish to thank you for your attentiveness to our accounts. The ease of doing business provided by the service of your employees in our dealings with Quad City Bank & Trust has streamlined the workings of our office. You are to be commended for your employees who have assisted us achieve that goal.

When we moved to Quad City Bank & Trust two years ago, it was for the ability to deal one-on-one with an account representative who could advise us, on a timely basis, about various types of business accounts and investment opportunities. The move was precipitated by our need for personal relationships and your bank has certainly followed through in all areas.

Again, on behalf of the physician members of the Rock Island County Medical Society and the Scott County Medical Society, thank you for fulfilling your promise to provide us with a higher level of banking.
