**Charter of the Audit Committee**

**Adopted as of July 29, 2015**

## **AUDIT COMMITTEE CHARTER**

### **TEGP Management, LLC**

(As adopted on July 29, 2015)

The Board of Directors (the “Board”) of TEGP Management, LLC (the “General Partner”) and Tallgrass Energy GP, LP (the “Partnership” and, together with the General Partner and their respective affiliates and subsidiaries, the “Company”), has established the Audit Committee of the Board (the “Committee”) with authority, responsibilities, and specific duties as provided in this Charter adopted by the Board as of the date set forth above.

This Charter is intended as a component of the flexible governance framework within which the Board, assisted by its committees, directs the affairs of the Company. While it should be interpreted in the context of all applicable laws, regulations, and listing requirements, as well as in the context of the Company’s governing documents, it is not intended to establish by its own force any legally binding obligations. Consequently, nothing contained in this Charter is intended to create, or should be construed as creating, any responsibility or liability of the members of the Committee, except to the extent otherwise provided under applicable federal or state law.

#### **I. MEMBERSHIP**

The Committee shall consist of three or more directors that meet the independence requirements of the New York Stock Exchange (the “NYSE”), the Securities Exchange Act of 1934 (the “Exchange Act”), the rules and regulations of the Securities and Exchange Commission (the “SEC”), and the independence requirements established by the Board, subject to the applicable phase-in provisions established by the NYSE and the SEC. All members of the Committee shall have a working familiarity with basic finance and accounting practices and shall be “financially literate” as such qualification is interpreted by the Board in its business judgment. At least one member of the Committee shall be a person who the Board determines is an “audit committee financial expert” as defined by the SEC Item 407(d)(5)(ii) of Regulation S-K. A person who satisfies this definition of audit committee financial expert will also be presumed to have accounting or related financial management expertise. Members of the Committee may not simultaneously serve on the audit committees of more than two other public companies unless such service is approved by the Board upon its determination that such simultaneous service will not impair the ability of such member to effectively serve on the Committee. Such determination must be disclosed in any proxy statement or annual report on Form 10-K of the Partnership.

The members of the Committee and its Chairman shall be selected annually by the Board and shall serve at the discretion of the Board. Any vacancy on the Committee shall be filled by, and any member of the Committee may be removed by, an affirmative vote of a majority of the Board. If a Chairman is not selected by the Board, then the Committee may designate a Chairman by majority vote of the members of the Committee then in office, and if a Chairman is not present at a meeting, then the Committee may designate a member of the Committee to serve as Chair pro tempore for the meeting by majority vote of the members of the Committee present at the meeting.

Notwithstanding the foregoing membership requirements, no action of the Committee shall be invalid by reason of any such requirement not being met at the time such action is taken.

## **II. PURPOSES**

The purpose of the Committee is to represent and provide assistance to the Board in fulfilling its legal, regulatory, and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, and internal controls functions of the Company. The Committee is responsible for overseeing (1) the integrity of the Company's financial statements, (2) the independent registered auditor's qualifications, independence, compensation, and selection, (3) the scope of annual audits, (4) the performance of the Company's internal audit and independent audit function, and (5) the Company's accounting practices and controls. In so doing, it is the responsibility of the Committee to maintain free and open communications among the directors, the independent auditor, the financial management of the Company, and the internal auditors (or other persons carrying on the internal audit function.) The Committee policies and procedures shall remain flexible in order to react more effectively to changing conditions and to ensure that the accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality.

The primary role of the Committee is to oversee the financial reporting and disclosure process. To fulfill this obligation, the Committee relies on: (1) management for the preparation and accuracy of the Company's financial statements in accordance with generally accepted accounting principles ("GAAP"), (2) both management and the Company's internal audit function for establishing effective internal controls over financial reporting and procedures to ensure the Company's compliance with accounting standards, financial reporting procedures, and applicable laws and regulations, and (3) the Company's independent auditors for an unbiased and diligent audit or review, as applicable, of the Company's financial statements and the effectiveness of the Company's internal controls over financial reporting. The members of the Committee are not employees of the Company and are not responsible for conducting the audit or performing any other preparatory work. In discharging its responsibilities, the Committee is responsible for assisting the Board in overseeing the conduct of these activities by management and the independent auditor.

## **III. AUTHORITY AND RESPONSIBILITIES**

The Committee is delegated and shall have all authority, resources, and responsibilities of the Board as may be required or advisable to fulfill the purposes of the Committee. Without limiting the generality of the foregoing, the Committee shall have authority and resources, and is entrusted with responsibilities, as follows:

### **A. Authority and Resources**

The Committee shall have the appropriate authority and resources to discharge its responsibilities as required by applicable regulation and this Charter. The Committee shall have the sole authority to appoint, retain, compensate, evaluate, and terminate the independent legal, accounting, or other advisors to the Committee, as it deems necessary. Additionally, the Committee shall have the sole authority to approve all audit engagement letters, including fees and terms, and all non-audit engagements with the independent auditor or any other registered public accounting firm. The independent auditor shall report directly to the Committee. Any independent auditor selected by the Committee shall be a "registered accounting firm" within the definition contained in Section 2 of the Sarbanes-Oxley Act of 2002, as required by law. The Company shall provide for appropriate funding, as determined by the Committee, for payment of (1) ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties, (2) compensation to the

independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review, or attest services for the Company, and (3) compensation to advisors retained by the Committee. The Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company.

Unless he or she believes to the contrary (in which case, he or she shall advise the Committee of such belief), each member of the Committee shall be entitled to assume and rely on (1) the integrity of those persons and organizations within and outside the Company from which it receives information and (2) the accuracy of the financial, operational, legal, safety, health and environmental, and other information provided to the Committee by such persons and organizations.

## **B. Responsibilities**

In performing its functions, the Committee shall undertake those tasks and responsibilities that, in its judgment, would contribute most effectively to and implement the purposes of the Committee. In addition to the general tasks and responsibilities noted above, the following are the specific duties of the Committee:
