2017 OUTLOOK

The following outlook remains unchanged from prior quarter:

- **Loans & Deposits:** Annual average growth rate in the mid- to high-single digits
- **Asset Quality:** Provision driven primarily by loan growth
- **Non-Interest Income (Excluding Securities Gains):** Mid- to high-single digit growth rate
- **Non-Interest Expense:** Low- to mid-single digit growth rate
- **Capital:** Focus on utilizing capital to support growth and provide appropriate returns to our shareholders

The following outlook has been updated:

- **Net Interest Margin**
 - **Original:** Modest improvement (flat to 5 basis points) on a quarterly basis in Q1 and Q2; Q3 and Q4 margin trends will be largely dependent upon changes in the federal funds rate and competitor actions.
 - **Updated:** Modest improvement in Q2 (2 to 7 basis points); quarterly improvement of 3 to 9 basis points during Q3 and Q4, with variability within that range based on further changes in the federal funds rate and competitive pressure on deposit pricing.
