FORWARD-LOOKING STATEMENTS

This presentation contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934. These statements include, but are not limited to, descriptions of the financial condition, results of operations, asset and credit quality trends, profitability, projected earnings, future plans, strategies and expectations of QCR Holdings Inc. (the “Company”). The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and is including this statement for purposes of complying with those safe harbor provisions. Forward-looking statements, which are based on certain assumptions of the Company, are generally identifiable by use of the words “believe,” “expect,” “intend,” “anticipate,” “estimate,” “project,” “seek,” “target,” “potential,” “focus,” “may,” “could,” “should” or similar expressions. These forward-looking statements express management’s current expectations or forecasts of future events, and by their nature, are subject to risks and uncertainties. Therefore, there are a number of factors that might cause actual results to differ materially from those in such statements. Factors that might cause such a difference include, but are not limited to: (i) the effects of future economic, business and market conditions and changes, domestic and foreign, including seasonality; (ii) governmental monetary and fiscal policies; (iii) legislative and regulatory changes, including changes in banking, securities and tax laws and regulations such as the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act and the recently adopted Basel III regulatory capital reforms and their application by the Company’s regulators, and changes in the scope and cost of Federal Deposit Insurance Corporation insurance and other coverages; (iv) changes in accounting policies, rules and practices; (v) the risks of changes in interest rates on the levels, composition and costs of deposits, loan demand, and the values and liquidity of loan collateral, securities, and other interest sensitive assets and liabilities; (vi) the failure of assumptions and estimates underlying the establishment of reserves for possible loan losses and other estimates; (vii) changes in borrowers’ credit risks and payment behaviors; (viii) changes in the availability and cost of credit and capital in the financial markets;

FORWARD-LOOKING STATEMENTS - *Continued*

(ix) changes in the prices, values and sales volumes of residential and commercial real estate; (x) the effects of competition from a wide variety of local, regional, national and other providers of financial, investment and insurance services; (xi) the risks of mergers, acquisitions and divestitures, including, without limitation, the related time and costs of implementing such transactions, integrating operations as part of these transactions and possible failures to achieve expected gains, revenue growth and/or expense savings from such transactions; (xii) changes in technology or products that may be more difficult, costly, or less effective than anticipated; (xiii) the effects of war or other conflicts, acts of terrorism or other catastrophic events, including hurricanes, storms, droughts, tornados and flooding, that may affect economic conditions generally and in the Company's markets; (xiv) the failure of assumptions and estimates used in the Company's reviews of its loan portfolio, the review of its credit grading methods by an independent firm and the Company's analysis of its capital position; and (xv) such other matters as discussed in this presentation or identified in the Company's periodic filings with the Securities and Exchange Commission, particularly those matters described under the heading "Risk Factors" in its Annual Report on Form 10-K for the year ended December 31, 2016. You are cautioned not to place undue reliance on forward-looking statements, which reflect the Company's outlook only and speak only as of the date of this presentation or the dates indicated in the statements. The Company assumes no obligation to update or supplement forward-looking statements. For further information on these and other factors that could impact the Company and the statements contained herein, reference should be made to the Company's filings with the Securities and Exchange Commission.

This presentation is a summary only. The Company is not making any implied or express representation or warranty as to the accuracy or completeness of the information contained herein.

This presentation is neither an offer to sell nor a solicitation of an offer to purchase any securities of the Company.

NON-GAAP FINANCIAL MEASURES

These slides contain non-GAAP financial measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of the registrant's historical or future financial performance, financial position or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. In this regard, GAAP refers to generally accepted accounting principles in the United States. Pursuant to the requirement of Regulation G, QCR Holdings, Inc. has provided reconciliations within the slides, as necessary, of the non-GAAP financial measure to the most directly comparable GAAP financial measure. (For more details on the Company's non-GAAP measures refer to the applicable 10-K filing)

STRATEGIES TO CONTINUE TO DRIVE SHAREHOLDER VALUE

- Continue strong organic loan and lease growth to maintain loans and leases to total assets ratio in the range of 70-75% (74% as of 6/30/17)
- Continued focus on growing core deposits to maintain reliance on wholesale funding to less than 15% of assets (30% as of 12/31/14, now 10% as of 6/30/17)
- Continue to focus on maintaining gains on sale of USDA and SBA loans, and fee income on SWAPS, as a more significant and consistent component of core revenue
- Grow wealth management net income by 10% annually
- Carefully manage noninterest expenses growth
- Maintain asset quality metrics to better than peer levels
- Participate as an acquirer in the consolidation taking place in our markets to further boost ROAA, improve efficiency ratio, and increase EPS

CONCLUDING REMARKS

- Critical mass in attractive and target rich markets in Iowa and Illinois
- 4 charter model allows subsidiary banks to customize solutions by market
- Differentiated product offering includes correspondent banking, wealth management, leasing and SBA/USDA lending
- Strong asset quality
- Significant opportunity for market share gains and consolidation
- Attractively valued relative to peer institutions
