SEC Disclaimer

This document contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements give our current expectations, opinion, belief or forecasts of future events and performance. A statement identified by the use forward-looking words including “will,” “may,” “expects,” “projects,” “anticipates,” “plans,” “believes,” “estimate,” “should,” and certain of the other foregoing statements may be deemed forward-looking statements. Although CUI believes that the expectations reflected in such forward-looking statements are reasonable, these statements involve risks and uncertainties that may cause actual future activities and results to be materially different from those suggested or described in this news release. We may experience significant fluctuations in future operating results due to a number of economic, competitive, and other factors, including, among other things, our reliance on third-party manufacturers and suppliers, government agency budgetary and political constraints, new or increased competition, changes in market demand, and the performance or reliability of our products. These factors and others could cause operating results to vary significantly from those in prior periods, and those projected in forward-looking statements. Additional information with respect to these and other risk factors, which could materially affect us and our operations, are included in our Annual Report on Form 10-K and other filings with the SEC, including the Form 8-K to which this document is attached, available at the SEC’s website at [www.sec.gov](http://www.sec.gov). Investors are cautioned that any forward-looking statements are not guarantees of future performance and actual results or developments may differ materially from those projected. The forward-looking statements in this document are made as of the date hereof. We take no obligation to update or correct its own forward-looking statements, except as required by law, or those prepared by third parties that are not paid for by the Company.
The proposed acquisition of four private companies in the energy infrastructure, industrial, and telecommunications facilities services businesses…

…that can leverage the current product portfolio and natural gas infrastructure platform to deploy a broader set of service offerings…

…to be led by former Quanta Services CEO Jim O’Neil…

…who anticipates a continued, aggressive acquisition strategy…

…to address the estimated $184B annual spend in the midstream and downstream Oil and Gas industry.
Strategic Rationale

Aligns with CUI Global’s strategy to assess growth and market opportunities across the two segments of its business to improve shareholder value.

Positions *Pro Forma* CUI to capitalize on midstream and downstream energy companies’ expected record CAPEX spend.
- With aggregate revenues of $350M and EBITDA of $40M+

Brings seasoned, industry executives to *Pro Forma* CUI led by former Quanta Services CEO Jim O’Neil, who conducted 200+ acquisitions over his tenure.

Positions CUI Global as a public company platform to enable *Pro Forma* CUI to embark on an aggressive acquisition strategy.
- Path to $1.0B in revenues and ~$180M in EBITDA within 18 months of transaction close
