VORNADO REALTY L.P.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Organization

Vornado Realty L.P. (the “Operating Partnership” and/or the “Company”) is a Delaware limited partnership. Vornado Realty Trust (“Vornado”) is the sole general partner of, and owned approximately 93.9% of the common limited partnership interest in the Operating Partnership at March 31, 2014. All references to “we,” “us,” “our,” the “Company” and the “Operating Partnership” refer to Vornado Realty L.P. and its consolidated subsidiaries.

On April 11, 2014, Vornado announced a plan to spin off its shopping center business consisting of 81 strip shopping centers and four malls into a new publicly traded REIT (“SpinCo”). The spin-off is expected to be effectuated through a 1:2 distribution of SpinCo’s shares to Vornado common shareholders and Vornado Realty L.P. common unitholders, and is intended to be treated as tax-free for U.S. federal income tax purposes. Vornado intends to file the initial registration statement on Form 10 with the Securities and Exchange Commission (“SEC”) by the end of the second quarter of 2014 and expects the spin-off to be completed by the end of 2014. The transaction is subject to certain conditions, including the SEC declaring that SpinCo’s registration statement is effective, filing and approval of SpinCo’s listing application, receipt of third party consents, and formal approval and declaration of the distribution by Vornado’s Board of Trustees. Vornado may, at any time and for any reason until the proposed transaction is complete, abandon the separation or modify or change its terms.

Vornado will retain, for disposition in the near term, 20 small retail assets which do not fit SpinCo’s strategy, and the Beverly Connection and Springfield Town Center, both of which are under contract for disposition (see Note 8 – *Dispositions*).

2. Basis of Presentation

The accompanying consolidated financial statements are unaudited and include the accounts of Vornado Realty L.P. and its consolidated subsidiaries. All intercompany amounts have been eliminated. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) have been condensed or omitted. These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the SEC and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2013, as filed with the SEC.

We have made estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three months ended March 31, 2014 are not necessarily indicative of the operating results for the full year. Certain prior year balances have been reclassified in order to conform to current year presentation.

3. Recently Issued Accounting Literature

In June 2013, the FASB issued an update (“ASU 2013-08”) to ASC Topic 946, *Financial Services - Investment Companies* (“Topic 946”). ASU 2013-08 amends the guidance in Topic 946 for determining whether an entity qualifies as an investment company and requires certain additional disclosures. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. The adoption of this update as of January 1, 2014, did not have any impact on our real estate fund and our consolidated financial statements.

3. Recently Issued Accounting Literature – continued

In April 2014, the FASB issued an update (“ASU 2014-08”) *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* to ASC Topic 205, *Presentation of Financial Statements* and ASC Topic 360, *Property Plant and Equipment*. Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity’s results and operations would qualify as discontinued operations. In addition, the ASU expands the disclosure requirements for disposals that meet the definition of a discontinued operation and requires entities to disclose information about disposals of individually significant components that do not meet the definition of discontinued operations. ASU 2014-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2014. We are currently evaluating the impact of ASU 2014-08 on our consolidated financial statements.

4. Vornado Capital Partners Real Estate Fund (the “Fund”)

We are the general partner and investment manager of the Fund. The Fund is accounted for under the AICPA Investment Company Guide and its investments are reported on its balance sheet at fair value, with changes in value each period recognized in earnings. We consolidate the accounts of the Fund into our consolidated financial statements, retaining the fair value basis of accounting.

At March 31, 2014, the Fund had nine investments with an aggregate fair value of \$682,002,000, or \$167,582,000 in excess of cost, and had remaining unfunded commitments of \$149,186,000, of which our share was \$37,297,000. Below is a summary of income from the Fund for the three months ended March 31, 2014 and 2013.

6. Mortgage and Mezzanine Loans Receivable

In October 2012, we acquired a 25.0% participation in a mortgage and mezzanine loan on 701 Seventh Avenue. In March 2013, we transferred at par, the 25.0% participation in the mortgage loan to a third party, for \$59,375,000 in cash. The transfer did not qualify for sale accounting given our continuing interest in the mezzanine loan. Accordingly, we continued to include the 25.0% participation in the mortgage loan in “mortgage and mezzanine loans receivable” and recorded a \$59,375,000 liability in “other liabilities” on our consolidated balance sheet. In January 2014, the mortgage and mezzanine loans were repaid; accordingly, the \$59,375,000 asset and liability were eliminated.

In March 2014, a \$30,000,000 mezzanine loan that was scheduled to mature in January 2015 was repaid.

As of March 31, 2014 and December 31, 2013, the carrying amount of mortgage and mezzanine loans receivable was \$42,749,000 and \$170,972,000, respectively. These loans have a weighted average interest rate of 8.7% and 11.0% at March 31, 2014 and December 31, 2013, respectively, and have maturities ranging from November 2014 to May 2016.

7. Investments in Partially Owned Entities

Toys “R” Us (“Toys”)

As of March 31, 2014, we own 32.6% of Toys. We account for our investment in Toys under the equity method and record our share of Toys’ net income or loss on a one-quarter lag basis because Toys’ fiscal year ends on the Saturday nearest January 31, and our fiscal year ends on December 31. The business of Toys is highly seasonal and substantially all of Toys’ net income is generated in its fourth quarter.

In the fourth quarter of 2013, we wrote down our investment in Toys to its estimated fair value and disclosed that to the extent the fair value of our investment did not change, we would recognize a non-cash impairment loss equal to our share of Toys’ fourth quarter net earnings in our first quarter of 2014.

In the first quarter of 2014, we recognized (i) \$1,847,000 of income applicable to Toys, representing management fees earned and received, and (ii) our share of the equity in earnings of Toys’ fourth quarter totaling \$75,196,000 and a corresponding non-cash impairment loss of the same amount.

Below is a summary of Toys’ latest available financial information on a purchase accounting basis:

(Amounts in thousands)

(1) At March 31, 2014, the carrying amount of our investment in Toys is less than our share of Toys’ equity by approximately \$349,759. This basis difference results primarily from non-cash impairment losses aggregating \$355,953 that we have recognized through March 31, 2014. We have allocated the basis difference primarily to Toys’ real estate, which is being amortized over its remaining estimated useful life.

Alexander's, Inc. ("Alexander's") (NYSE: ALX)

As of March 31, 2014, we own 1,654,068 Alexander's common shares, or approximately 32.4% of Alexander's common equity. We manage, lease and develop Alexander's properties pursuant to agreements which expire in March of each year and are automatically renewable. As of March 31, 2014, we have a \$42,492,000 receivable from Alexander's for fees under these agreements.

As of March 31, 2014, the market value ("fair value" pursuant to ASC 820) of our investment in Alexander's, based on Alexander's March 31, 2014 closing share price of \$360.99, was \$597,102,000, or \$429,978,000 in excess of the carrying amount on our consolidated balance sheet. As of March 31, 2014, the carrying amount of our investment in Alexander's, excluding amounts owed to us, exceeds our share of the equity in the net assets of Alexander's by approximately \$41,873,000. The majority of this basis difference resulted from the excess of our purchase price for the Alexander's common stock acquired over the book value of Alexander's net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of Alexander's assets and liabilities, to real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in Alexander's net income. The basis difference related to the land will be recognized upon disposition of our investment.

Below is a summary of Alexander's latest available financial information:

LNR Property LLC ("LNR")

In January 2013, we and the other equity holders of LNR entered into a definitive agreement to sell LNR for \$1.053 billion, of which our share of the net proceeds was \$240,474,000. The definitive agreement provided that LNR would not (i) make any cash distributions to the equity holders, including us, through the completion of the sale, which occurred on April 19, 2013, and (ii) take any of the following actions (among others) without the purchaser's approval, the lending or advancing of any money, the acquisition of assets in excess of specified amounts, or the issuance of equity interests. Notwithstanding the terms of the definitive agreement, in accordance with GAAP, we recorded our pro rata share of LNR's earnings on a one-quarter lag basis through the date of sale, which increased the carrying amount of our investment in LNR above our share of the net sales proceeds and resulted in us recognizing a \$27,231,000 "other-than-temporary" impairment loss on our investment in the three months ended March 31, 2013.

8. Dispositions

Discontinued Operations

On February 24, 2014, we completed the sale of Broadway Mall in Hicksville, Long Island, New York, for \$94,000,000. The sale resulted in net proceeds of \$92,174,000 after closing costs.

On March 17, 2014, we entered into an agreement to sell Beverly Connection, a 335,000 square foot power shopping center in Los Angeles, California, for \$260,000,000. The property is unencumbered. The sale will result in a net gain of approximately \$40,000,000. The sale, which is subject to customary closing conditions, is expected to be completed in the third quarter of 2014.

We have reclassified the revenues and expenses of the properties discussed above to “income from discontinued operations” and the related assets and liabilities to “assets related to discontinued operations” and “liabilities related to discontinued operations” for all of the periods presented in the accompanying consolidated financial statements. The net gains resulting from the sale of these properties are included in “income from discontinued operations” on our consolidated statements of income. The tables below set forth the assets and liabilities related to discontinued operations at March 31, 2014 and December 31, 2013 and their combined results of operations for the three months ended March 31, 2014 and 2013.

10. Debt

On January 31, 2014, we completed a \$600,000,000 loan secured by our 220 Central Park South development site. The loan bears interest at LIBOR plus 2.75% (2.90% at March 31, 2014) and matures in January 2016, with three one-year extension options.

On April 16, 2014, we completed a \$350,000,000 refinancing of 909 Third Avenue, a 1.3 million square foot Manhattan office building. The seven-year interest only loan bears interest at 3.91% and matures in May 2021. We realized net proceeds of approximately \$145,000,000 after repaying the existing 5.64%, \$193,000,000 mortgage, defeasance costs and other closing costs.

11. Redeemable Partnership Units

Redeemable partnership units on our consolidated balance sheets are comprised primarily of Class A units that are held by third parties, and are recorded at the greater of their carrying amount or redemption value at the end of each reporting period. Changes in the value from period to period are charged to “partners’ capital” on our consolidated balance sheets. Below is a table summarizing the activity of redeemable partnership units.

Redemption of Class A units, at redemption value	(5,156)
Adjustments to carry redeemable Class A units at redemption value	136,937
Other, net	9,592
Balance at March 31, 2014	<u>\$ 1,140,831</u>

As of March 31, 2014 and December 31, 2013, the aggregate redemption value of redeemable Class A units, which are those units held by third parties, was \$1,139,831,000 and \$1,002,620,000, respectively.

Redeemable partnership units exclude our Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units, as they are accounted for as liabilities in accordance with ASC 480, *Distinguishing Liabilities and Equity*, because of their possible settlement by issuing a variable number of Vornado common shares. Accordingly, the fair value of these units is included as a component of “other liabilities” on our consolidated balance sheets and aggregated \$55,097,000 as of March 31, 2014 and December 31, 2013.

13. Variable Interest Entities (“VIEs”)

We do not have any consolidated VIEs. At March 31, 2014 and December 31, 2013, we have unconsolidated VIEs comprised of our investments in the entities that own the Warner Building and Independence Plaza. We do not consolidate these entities because we are not the primary beneficiary and the nature of our involvement in the activities of these entities does not give us power over decisions that significantly affect these entities' economic performance. We account for our investment in these entities under the equity method. As of March 31, 2014 and December 31, 2013, the net carrying amount of our investment in these entities was \$148,120,000, and \$152,929,000, respectively, and our maximum exposure to loss in these entities is limited to our investment.

14. Fair Value Measurements

ASC 820, *Fair Value Measurement and Disclosures* defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as consider counterparty credit risk in our assessment of fair value. Considerable judgment is necessary to interpret Level 2 and 3 inputs in determining the fair value of our financial and non-financial assets and liabilities. Accordingly, our fair value estimates, which are made at the end of each reporting period, may be different than the amounts that may ultimately be realized upon sale or disposition of these assets.

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis

Financial assets and liabilities that are measured at fair value on our consolidated balance sheets consist of (i) marketable securities, (ii) Real Estate Fund investments, (iii) the assets in our deferred compensation plan (for which there is a corresponding liability on our consolidated balance sheet), (iv) interest rate swaps and (v) mandatorily redeemable instruments (Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units). The tables below aggregate the fair values of these financial assets and liabilities by their levels in the fair value hierarchy at March 31, 2014 and December 31, 2013, respectively.

Real Estate Fund Investments

At March 31, 2014, our Real Estate Fund had nine investments with an aggregate fair value of \$682,002,000, or \$167,582,000 in excess of cost. These investments are classified as Level 3. We use a discounted cash flow valuation technique to estimate the fair value of each of these investments, which is updated quarterly by personnel responsible for the management of each investment and reviewed by senior management at each reporting period. The discounted cash flow valuation technique requires us to estimate cash flows for each investment over the anticipated holding period, which currently ranges from 0.3 to 6.3 years. Cash flows are derived from property rental revenue (base rents plus reimbursements) less operating expenses, real estate taxes and capital and other costs, plus projected sales proceeds in the year of exit. Property rental revenue is based on leases currently in place and our estimates for future leasing activity, which are based on current market rents for similar space plus a projected growth factor. Similarly, estimated operating expenses and real estate taxes are based on amounts incurred in the current period plus a projected growth factor for future periods. Anticipated sales proceeds at the end of an investment's expected holding period are determined based on the net cash flow of the investment in the year of exit, divided by a terminal capitalization rate, less estimated selling costs.

The fair value of each property is calculated by discounting the future cash flows (including the projected sales proceeds), using an appropriate discount rate and then reduced by the property's outstanding debt, if any, to determine the fair value of the equity in each investment. Significant unobservable quantitative inputs used in determining the fair value of each investment include capitalization rates and discount rates. These rates are based on the location, type and nature of each property, and current and anticipated market conditions, which are derived from original underwriting assumptions, industry publications and from the experience of our Acquisitions and Capital Markets departments. Significant unobservable quantitative inputs in the table below were utilized in determining the fair value of these Fund investments at March 31, 2014.

<u>Unobservable Quantitative Input</u>	<u>Range</u>	<u>Weighted Average (based on fair value of investments)</u>
Discount rates	12.0% to 17.5%	13.9%
Terminal capitalization rates	5.0% to 6.1%	5.7%

The above inputs are subject to change based on changes in economic and market conditions and/or changes in use or timing of exit. Changes in discount rates and terminal capitalization rates result in increases or decreases in the fair values of these investments. The discount rates encompass, among other things, uncertainties in the valuation models with respect to terminal capitalization rates and the amount and timing of cash flows. Therefore, a change in the fair value of these investments resulting from a change in the terminal capitalization rate, may be partially offset by a change in the discount rate. It is not possible for us to predict the effect of future economic or market conditions on our estimated fair values.

The table below summarizes the changes in the fair value of Fund investments that are classified as Level 3, for the three months ended March 31, 2014 and 2013.

Deferred Compensation Plan Assets

Deferred compensation plan assets that are classified as Level 3 consist of investments in limited partnerships and investment funds, which are managed by third parties. We receive quarterly financial reports from a third-party administrator, which are compiled from the quarterly reports provided to them from each limited partnership and investment fund. The quarterly reports provide net asset values on a fair value basis which are audited by independent public accounting firms on an annual basis. The third-party administrator does not adjust these values in determining our share of the net assets and we do not adjust these values when reported in our consolidated financial statements.

The table below summarizes the changes in the fair value of Deferred Compensation Plan Assets that are classified as Level 3, for the three months ended March 31, 2014 and 2013.

Fair Value Measurements on a Nonrecurring Basis

Assets measured at fair value on a nonrecurring basis on our consolidated balance sheets consist primarily of our investment in Toys “R” Us and real estate assets that were written-down to estimated fair value at March 31, 2014 and December 31, 2013. The fair values of these assets were determined using widely accepted valuation techniques, including (i) discounted cash flow analysis, which considers, among other things, leasing assumptions, growth rates, discount rates and terminal capitalization rates, (ii) income capitalization approach, which considers prevailing market capitalization rates, and (iii) comparable sales activity. Generally, we consider multiple valuation techniques when measuring fair values but in certain circumstances, a single valuation technique may be appropriate. The tables below aggregate the fair values of these assets by their levels in the fair value hierarchy.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on our consolidated balance sheets include cash equivalents (primarily money market funds, which invest in obligations of the United States government), mortgage and mezzanine loans receivable and our secured and unsecured debt. Estimates of the fair value of these instruments are determined by the standard practice of modeling the contractual cash flows required under the instrument and discounting them back to their present value at the appropriate current risk adjusted interest rate, which is provided by a third-party specialist. For floating rate debt, we use forward rates derived from observable market yield curves to project the expected cash flows we would be required to make under the instrument. The fair value of cash equivalents and borrowings under our revolving credit facility is classified as Level 1, and the fair value of our mortgage and mezzanine loans receivable is classified as Level 3. The fair value of our secured and unsecured debt are classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of March 31, 2014 and December 31, 2013.

15. Incentive Compensation

Vornado's 2010 Omnibus Share Plan (the "Plan") provides for grants of incentive and non-qualified Vornado stock options, Vornado restricted stock, restricted units and out-performance plan awards to certain of Vornado's employees and officers. We account for all stock-based compensation in accordance with ASC 718, *Compensation – Stock Compensation*. Stock-based compensation expense was \$11,024,000 and \$7,466,000 in the three months ended March 31, 2014 and 2013, respectively.

On January 10, 2014, the Compensation Committee of Vornado's Board of Trustees approved the 2014 Outperformance Plan, a multi-year, performance-based equity compensation plan and related form of award agreement (the "2014 OPP"). Under the 2014 OPP, participants have the opportunity to earn compensation payable in the form of units during a three-year performance measurement period, if and only if Vornado outperforms a predetermined total shareholder return ("TSR") and/or outperforms the market with respect to relative TSR. Awards under the 2014 OPP may be earned if Vornado (i) achieves a TSR level greater than 7% per annum, or 21% over the three-year performance measurement period (the "Absolute Component"), and/or (ii) achieves a TSR above that of the SNL US REIT Index (the "Index") over a three-year performance measurement period (the "Relative Component"). To the extent awards would be earned under the Absolute Component but Vornado underperforms the Index, such awards earned under the Absolute Component would be reduced (and potentially fully negated) based on the degree to which Vornado underperforms the Index. In certain circumstances, in the event Vornado outperforms the Index but awards would not otherwise be earned under the Absolute Component, awards may be increased under the Relative Component. To the extent awards would otherwise be earned under the Relative Component but Vornado fails to achieve at least a 6% per annum absolute TSR, such awards earned under the Relative Component would be reduced based on Vornado's absolute TSR, with no awards being earned in the event Vornado's TSR during the applicable measurement period is 0% or negative, irrespective of the degree to which Vornado may outperform the Index. If the designated performance objectives are achieved, OPP Units are also subject to time-based vesting requirements. Awards earned under the 2014 OPP vest 33% in year three, 33% in year four and 34% in year five. Distributions on awards earned accrue during the performance measurement period. In addition, Vornado's executive officers (for the purposes of Section 16 of the Exchange Act) are required to hold any earned OPP awards (or related equity) for at least one year following vesting.

20. Commitments and Contingencies

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, with sub-limits for certain perils such as floods. Our California properties have earthquake insurance with coverage of \$180,000,000 per occurrence, subject to a deductible in the amount of 5% of the value of the affected property, up to a \$180,000,000 annual aggregate. We maintain coverage for terrorism acts with limits of \$4.0 billion per occurrence and in the aggregate, including terrorism involving nuclear, biological, chemical and radiological ("NBCR") terrorism events, as defined by the Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2014.

Penn Plaza Insurance Company, LLC ("PPIC"), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of all risk property and rental value insurance and a portion of our earthquake insurance coverage, and as a direct insurer for coverage for NBCR acts. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the federal government with no direct exposure to PPIC. For NBCR acts, PPIC is responsible for a deductible of \$2,150,000 and 15% of the balance of a covered loss and the federal government is responsible for the remaining 85% of a covered loss. We are ultimately responsible for any loss incurred by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance our properties and expand our portfolio.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of March 31, 2014, the aggregate dollar amount of these guarantees and master leases is approximately \$420,000,000.

At March 31, 2014, \$38,477,000 of letters of credit were outstanding under one of our revolving credit facilities. Our revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of March 31, 2014, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$125,000,000.

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a supplemental measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax (benefit) expense in the reconciliation of net income (loss) to EBITDA includes our share of these items from partially owned entities.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Partners
Vornado Realty L.P.
New York, New York

We have reviewed the accompanying consolidated balance sheet of Vornado Realty L.P. (the “Company”) as of March 31, 2014, and the related consolidated statements of income, comprehensive income, changes in equity, and cash flows for the three-month periods ended March 31, 2014 and 2013. These interim financial statements are the responsibility of the Company’s management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Vornado Realty L.P. as of December 31, 2013, and the related consolidated statements of income, comprehensive income, changes in equity, and cash flows for the year then ended (not presented herein); and in our report dated March 3, 2014, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2013 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Certain statements contained in this Quarterly Report constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of performance. They represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as "approximates," "believes," "expects," "anticipates," "estimates," "intends," "plans," "would," "may" or other similar expressions in this Quarterly Report on Form 10-Q. Many of the factors that will determine the outcome of these and our other forward-looking statements are beyond our ability to control or predict. For further discussion of factors that could materially affect the outcome of our forward-looking statements, see "Item 1A. Risk Factors" in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2013. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q or the date of any document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances occurring after the date of this Quarterly Report on Form 10-Q.

Management's Discussion and Analysis of Financial Condition and Results of Operations includes a discussion of our consolidated financial statements for the three months ended March 31, 2014. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three months ended March 31, 2014 are not necessarily indicative of the operating results for the full year. Certain prior year balances have been reclassified in order to conform to current year presentation.

Overview

Business Objective and Operating Strategy

Our business objective is to maximize Vornado shareholder value, which we measure by the total return provided to Vornado's shareholders. Below is a table comparing Vornado's performance to the FTSE NAREIT Office REIT Index ("Office REIT") and the Morgan Stanley REIT Index ("RMS") for the following periods ended March 31, 2014.

	Total Return ⁽¹⁾		
	Vornado	Office REIT	RMS
Three-month	11.9%	11.2%	10.0%
One-year	21.8%	8.9%	4.3%
Three-year	26.2%	23.6%	35.5%
Five-year	261.1%	218.9%	254.3%
Ten-year	147.6%	89.4%	120.0%

(1) Past performance is not necessarily indicative of future performance.

We intend to achieve our business objective by continuing to pursue our investment philosophy and executing our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit;
- Investing in properties in select markets, such as New York City and Washington, DC, where we believe there is a high likelihood of capital appreciation;
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents;
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area;
- Developing and redeveloping existing properties to increase returns and maximize value; and
- Investing in operating companies that have a significant real estate component.

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from asset sales and by accessing the public and private capital markets. We may also offer partnership units in exchange for property and may repurchase or otherwise reacquire these units or any other securities in the future.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, attractiveness of location, the quality of the property and the breadth and the quality of services provided. Our success depends upon, among other factors, trends of the national, regional and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation and population trends. See "Item 1A. Risk Factors" in our Annual Report on Form 10-K, as amended, for additional information regarding these factors.

On April 11, 2014, Vornado announced a plan to spin off its shopping center business consisting of 81 strip shopping centers and four malls into a new publicly traded REIT ("SpinCo"). The spin-off is expected to be effectuated through a 1:2 distribution of SpinCo's shares to Vornado common shareholders and Vornado Realty L.P. common unitholders, and is intended to be treated as tax-free for U.S. federal income tax purposes. Vornado intends to file the initial registration statement on Form 10 with the Securities and Exchange Commission ("SEC") by the end of the second quarter of 2014 and expects the spin-off to be completed by the end of 2014. The transaction is subject to certain conditions, including the SEC declaring that SpinCo's registration statement is effective, filing and approval of SpinCo's listing application, receipt of third party consents, and formal approval and declaration of the distribution by Vornado's Board of Trustees. Vornado may, at any time and for any reason until the proposed transaction is complete, abandon the separation or modify or change its terms.

Vornado will retain, for disposition in the near term, 20 small retail assets which do not fit SpinCo's strategy, and the Beverly Connection and Springfield Town Center, both of which are under contract for disposition.

2014 Dispositions

On February 24, 2014, we completed the sale of Broadway Mall in Hicksville, Long Island, New York for \$94,000,000. The sale resulted in net proceeds of \$92,174,000 after closing costs.

On March 2, 2014, we entered into an agreement to transfer upon completion, the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to Pennsylvania Real Estate Investment Trust (NYSE: PEI) (“PREIT”) in exchange for \$465,000,000 comprised of \$340,000,000 of cash and \$125,000,000 of PREIT operating partnership units. The redevelopment is expected to be completed in the fourth quarter of 2014. The closing will be no later than March 31, 2015.

On March 17, 2014, we entered into an agreement to sell Beverly Connection, a 335,000 square foot power shopping center in Los Angeles, California, for \$260,000,000. The property is unencumbered. The sale, which is subject to customary closing conditions, is expected to be completed in the third quarter of 2014.

2014 Financings

On January 31, 2014, we completed a \$600,000,000 loan secured by our 220 Central Park South development site. The loan bears interest at LIBOR plus 2.75% (2.90% at March 31, 2014) and matures in January 2016, with three one-year extension options.

On April 16, 2014, we completed a \$350,000,000 refinancing of 909 Third Avenue, a 1.3 million square foot Manhattan office building. The seven-year interest only loan bears interest at 3.91% and matures in May 2021. We realized net proceeds of approximately \$145,000,000 after repaying the existing 5.64%, \$193,000,000 mortgage, defeasance costs and other closing costs.

Recently Issued Accounting Literature

In June 2013, the FASB issued an update (“ASU 2013-08”) to ASC Topic 946, *Financial Services - Investment Companies* (“Topic 946”). ASU 2013-08 amends the guidance in Topic 946 for determining whether an entity qualifies as an investment company and requires certain additional disclosures. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. The adoption of this update as of January 1, 2014, did not have any impact on our real estate fund and our consolidated financial statements.

In April 2014, the FASB issued an update (“ASU 2014-08”) *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* to ASC Topic 205, *Presentation of Financial Statements* and ASC Topic 360, *Property Plant and Equipment*. Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity’s results and operations would qualify as discontinued operations. In addition, the ASU expands the disclosure requirements for disposals that meet the definition of a discontinued operation and requires entities to disclose information about disposals of individually significant components that do not meet the definition of discontinued operations. ASU 2014-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2014. We are currently evaluating the impact of ASU 2014-08 on our consolidated financial statements.

Critical Accounting Policies

A summary of our critical accounting policies is included in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2013 in Management’s Discussion and Analysis of Financial Condition. There have been no significant changes to our policies during 2014.

Overview - continued

Washington, DC Segment

We estimate that 2014 EBITDA from continuing operations will be between \$10,000,000 and \$15,000,000 lower than 2013 EBITDA, due to the effects of Base Realignment and Closure (“BRAC”) related move-outs and the sluggish leasing environment in the Washington, DC / Northern Virginia area. EBITDA from continuing operations for the three months ended March 31, 2014, was lower than the prior year’s three months by approximately \$2,157,000, which was offset by an interest expense reduction of \$5,462,000 from the restructuring of the Skyline properties mortgage loan in October 2013. As a result of this and other items, the overall earnings in the three months ended March 31, 2014 were higher than the prior year’s three months.

Of the 2,395,000 square feet subject to the effects of the BRAC statute, 393,000 square feet has been taken out of service for redevelopment and 769,000 square feet has been leased or is pending. The table below summarizes the status of the BRAC space as of March 31, 2014.

Net Income and EBITDA by Segment for the Three Months Ended March 31, 2014 and 2013 - continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a supplemental measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax (benefit) expense in the reconciliation of net income (loss) to EBITDA includes our share of these items from partially owned entities.

Revenues

Our revenues, which consist primarily of property rentals (including hotel and trade show revenues), tenant expense reimbursements, and fee and other income, were \$660,618,000 for the three months ended March 31, 2014, compared to \$718,713,000 in the prior year's three months, a decrease of \$58,095,000. This decrease was attributable to income in the prior year of (i) \$59,599,000 pursuant to a settlement agreement with Stop & Shop and (ii) \$12,143,000 related to the Cleveland Medical Mart development project. (2) Represents the elimination of intercompany fees from operating segments upon consolidation. See note (2) on page 42.

(3) Primarily from an increase in stock-based compensation expense, of which \$1,117 relates to additional amortization in 2014, due to the timing of the 2014 equity grant.

(4) Due to the completion of the project. This decrease in expense is offset by the decrease in development revenue in the period. See note (1) on page 42.

(5) Represents a non-cash impairment loss on the Springfield Town Center.

Income Applicable to Toys

In the fourth quarter of 2013, we wrote down our investment in Toys to its estimated fair value and disclosed that to the extent the fair value of our investment did not change, we would recognize a non-cash impairment loss equal to our share of Toys' fourth quarter net earnings in our first quarter of 2014.

In the three months ended March 31, 2014, we recognized (i) \$1,847,000 of income applicable to Toys, representing management fees earned and received, and (ii) our share of the equity in earnings of Toys' fourth quarter totaling \$75,196,000 and a corresponding non-cash impairment loss of the same amount.

In the three months ended March 31, 2013, we recognized (i) \$1,759,000 of income applicable to Toys, representing management fees earned and received, and (ii) our share of the equity in earnings of Toys' fourth quarter totaling \$78,542,000 and a corresponding non-cash impairment loss of the same amount.

Interest and Other Investment Income (Loss), net

Interest and other investment income (loss), net was \$11,893,000 in the three months ended March 31, 2014, compared to a loss of \$49,075,000 in the prior year's three months, an increase in income of \$60,968,000. This increase resulted from:

(Amounts in thousands)

Non-cash impairment loss on J.C. Penney common shares in 2013	\$ 39,487
J.C. Penney derivative position mark-to-market loss in 2013	22,540

Interest and Debt Expense

Interest and debt expense was \$109,442,000 in the three months ended March 31, 2014, compared to \$120,346,000 in the prior year's three months, a decrease of \$10,904,000. This decrease was primarily due to \$5,462,000 of interest savings from the restructuring of the Skyline properties mortgage loan in October 2013 and \$5,362,000 of higher capitalized interest in the current period.

Net Gain (Loss) on Disposition of Wholly Owned and Partially Owned Assets

In the three months ended March 31, 2014, we recognized a \$9,635,000 gain on disposition of wholly owned and partially owned assets, primarily from the sale of a land parcel and residential condominiums, compared to a net loss of \$36,724,000 in the prior year's three months, primarily from the sale of 10,000,000 J.C. Penney common shares.

Income Tax Expense

Income tax expense was \$1,582,000 in the three months ended March 31, 2014, compared to \$1,073,000 in the prior year's three months, an increase of \$509,000. This increase was primarily attributable to higher income from our taxable REIT subsidiaries.

Net Income Attributable to Noncontrolling Interests in Consolidated Subsidiaries

Net income attributable to noncontrolling interests in consolidated subsidiaries was \$11,579,000 in the three months ended March 31, 2014, compared to \$11,286,000 in the prior year’s three months, an increase of \$293,000.

Preferred Unit Distributions

Preferred unit distributions were \$20,380,000 in the three months ended March 31, 2014, compared to \$22,488,000 in the prior year’s three months, a decrease of \$2,108,000. This decrease resulted from the redemption of the 6.75% Series F and Series H preferred units in February 2013 and the redemption of 6.875% Series D-15 cumulative redeemable preferred units in May 2013.

Preferred Unit Redemptions

In the three months ended March 31, 2013, we recognized \$9,230,000 of expense in connection with the redemption of the 6.75% Series F and Series H cumulative redeemable preferred units in February 2013.

Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We present same store EBITDA on both a GAAP basis and a cash basis (which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments). We present these non-GAAP measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

Below are reconciliations of EBITDA to same store EBITDA on a GAAP basis for each of our segments for the three months ended March 31, 2014, compared to three months ended March 31, 2013.

Notes to preceding tabular information

New York:

The \$13,227,000 increase in New York GAAP basis same store EBITDA resulted primarily from increases in Office and Retail of \$11,409,000 and \$2,897,000, respectively. The Office increase resulted primarily from higher (i) rental revenue of \$7,675,000 (primarily due to a \$1.38 increase in average annual rents per square foot), and (ii) cleaning fees, signage revenue and management and leasing fees of \$6,977,000. The Retail increase resulted primarily from higher rental revenue of \$1,724,000, (primarily due to an increase in average same store occupancy).

Washington, DC:

The \$2,273,000 decrease in Washington, DC GAAP basis same store EBITDA resulted primarily from lower rental revenue of \$1,597,000 at our Skyline properties, primarily due to a decrease in occupancy and average annual rents per square foot.

Retail Properties:

The \$1,139,000 increase in Retail Properties GAAP basis same store EBITDA resulted primarily from an increase in rental revenue of \$853,000, primarily due to an increase in average same store occupancy.

Liquidity and Capital Resources

Property rental income is our primary source of cash flow and is dependent upon the occupancy and rental rates of our properties. Our cash requirements include property operating expenses, capital improvements, tenant improvements, leasing commissions, distributions to unitholders, as well as acquisition and development costs. Other sources of liquidity to fund cash requirements include proceeds from debt financings, including mortgage loans, senior unsecured borrowings, and our revolving credit facilities; proceeds from the issuance of equity securities; and asset sales.

We anticipate that cash flow from continuing operations over the next twelve months will be adequate to fund our business operations, cash distributions to unitholders, debt amortization and recurring capital expenditures. Capital requirements for development expenditures and acquisitions may require funding from borrowings and/or equity offerings.

We may from time to time purchase or retire outstanding debt securities or redeem our equity securities. Such purchases, if any, will depend on prevailing market conditions, liquidity requirements and other factors. The amounts involved in connection with these transactions could be material to our consolidated financial statements.

Cash Flows for the Three Months Ended March 31, 2014

Our cash and cash equivalents were \$1,156,727,000 at March 31, 2014, a \$573,437,000 increase over the balance at December 31, 2013. Our consolidated outstanding debt was \$10,344,938,000 at March 31, 2014, a \$366,220,000 increase over the balance at December 31, 2013. As of March 31, 2014 and December 31, 2013, \$88,138,000 and \$295,870,000, respectively, was outstanding under our revolving credit facilities. During the remainder of 2014 and 2015, \$133,695,000 and \$941,059,000, respectively, of our outstanding debt matures; we may refinance this maturing debt as it comes due or choose to repay it.

Cash flows provided by operating activities of \$309,131,000 was comprised of (i) net income of \$98,156,000, (ii) \$135,433,000 of non-cash adjustments, which include depreciation and amortization expense, the effect of straight-lining of rental income, equity in net income of partially owned entities and impairment losses on real estate, (iii) the net change in operating assets and liabilities of \$62,576,000, including \$123,000 related to Real Estate Fund investments, and (iv) distributions of income from partially owned entities of \$12,966,000.

Net cash provided by investing activities of \$82,761,000 was comprised of (i) \$120,270,000 of proceeds from sales of real estate and related investments, (ii) \$69,347,000 of proceeds from repayments of mortgages and mezzanine loans receivable and other, (iii) \$52,256,000 of changes in restricted cash, and (iv) \$1,277,000 of capital distributions from partially owned entities, partially offset by (v) \$90,653,000 of development costs and construction in progress, (vi) \$53,103,000 of additions to real estate, and (vii) \$16,633,000 of investments in partially owned entities.

Net cash provided by financing activities of \$181,545,000 was comprised of (i) \$600,000,000 of proceeds from borrowings, and (ii) \$3,676,000 of proceeds received from the exercise of Vornado stock options, partially offset by (iii) \$233,198,000 for the repayments of borrowings, (iv) \$136,761,000 of distributions to Vornado, (v) \$20,752,000 of debt issuance and other costs, (vi) \$20,368,000 of distributions to preferred unitholders, (vii) \$10,474,000 of distributions to redeemable security holders and noncontrolling interests, and (viii) \$578,000 for the repurchase of Class A units related to stock compensation agreements and/or related tax withholdings.

Capital Expenditures

Capital expenditures consist of expenditures to maintain assets, tenant improvement allowances and leasing commissions. Recurring capital expenditures include expenditures to maintain a property's competitive position within the market and tenant improvements and leasing commissions necessary to re-lease expiring leases or renew or extend existing leases. Non-recurring capital improvements include expenditures to lease space that has been vacant for more than nine months and expenditures completed in the year of acquisition and the following two years that were planned at the time of acquisition, as well as tenant improvements and leasing commissions for space that was vacant at the time of acquisition of a property.

Development and Redevelopment Expenditures

Development and redevelopment expenditures consist of all hard and soft costs associated with the development or redevelopment of a property, including tenant improvements, leasing commissions, capitalized interest and operating costs until the property is substantially completed and ready for its intended use.

On March 2, 2014, we entered into an agreement to transfer upon completion, the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to Pennsylvania Real Estate Investment Trust (NYSE: PEI) (“PREIT”) in exchange for \$465,000,000 comprised of \$340,000,000 of cash and \$125,000,000 of PREIT operating partnership units. The incremental development cost of this project is approximately \$250,000,000, of which \$126,500,000 has been expended as of March 31, 2014. The redevelopment is expected to be completed in the fourth quarter of 2014. The closing will be no later than March 31, 2015.

We are in the process of redeveloping and substantially expanding the existing retail space at the Marriott Marquis Times Square Hotel, including converting the below grade parking garage into retail and creating a six-story, 300 foot wide block front, dynamic LED sign, all of which is expected to be completed by the end of 2014. Upon completion of the redevelopment, the retail space will include 20,000 square feet on grade and 20,000 square feet below grade. The incremental development cost of this project is approximately \$215,000,000, of which \$67,700,000 has been expended as of March 31, 2014.

We plan to construct a residential condominium tower containing 472,000 zoning square feet on our 220 Central Park South development site. The incremental development cost of this project is approximately \$850,000,000. In January 2014, we completed a \$600,000,000 loan secured by this site.

We plan to develop a 699-unit residential project in Pentagon City (Metropolitan Park 4&5), which is expected to be completed in 2016. The project will include a 37,000 square foot Whole Foods Market at the base of the building. The incremental development cost of this project is approximately \$250,000,000.

We plan to redevelop an existing 165,000 square foot office building in Crystal City (2221 S. Clark Street), which we have leased to WeWork, into approximately 250 rental residential units. The incremental development cost of this project is approximately \$40,000,000. The redevelopment is expected to be completed in the second half of 2015.

In addition to the development and redevelopment projects above, we are in the process of repositioning and re-tenanting 280 Park Avenue (49.5% owned). Our share of the incremental development cost of this project is approximately \$62,000,000, of which \$34,700,000 was expended prior to 2014, and \$6,100,000 has been expended in 2014.

We are also evaluating other development and redevelopment opportunities at certain of our properties in Manhattan, including the Hotel Pennsylvania and in Washington, including 1900 Crystal Drive, Rosslyn and Pentagon City.

There can be no assurance that any of our development or redevelopment projects will commence, or if commenced, be completed, or completed on schedule or within budget.

Cash Flows for the Three Months Ended March 31, 2013

Our cash and cash equivalents were \$585,823,000 at March 31, 2013, a \$374,496,000 decrease over the balance at December 31, 2012. This decrease is primarily due to cash flows from financing activities, partially offset by cash flows from operating and investing activities, as discussed below.

Cash flows provided by operating activities of \$414,927,000 was comprised of (i) net income of \$288,927,000, (ii) the net change in operating assets and liabilities of \$65,010,000, including \$13,668,000 related to Real Estate Fund investments, (iii) return of capital from Real Estate Fund investments of \$56,664,000, and (iv) distributions of income from partially owned entities of \$10,627,000, partially offset by (v) \$6,301,000 of non-cash adjustments, which include depreciation and amortization expense, the effect of straight-lining of rental income, equity in net income of partially owned entities and net gains on sale of real estate.

Net cash provided by investing activities of \$527,685,000 was comprised of (i) \$499,369,000 of proceeds from sales of real estate and related investments, (ii) \$160,300,000 of proceeds from the sale of marketable securities, (iii) \$38,900,000 from the return of the J.C. Penney derivative collateral, (iv) \$14,149,000 of changes in restricted cash, (v) \$5,544,000 of capital distributions from partially owned entities, and (vi) \$631,000 of proceeds from repayments of mezzanine loans, partially offset by (vii) \$58,522,000 for the funding of the J.C. Penney derivative collateral, (viii) \$57,460,000 of additions to real estate, (ix) \$39,892,000 of investments in partially owned entities, and (x) \$35,334,000 of development costs and construction in progress.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of March 31, 2014, the aggregate dollar amount of these guarantees and master leases is approximately \$420,000,000.

At March 31, 2014, \$38,477,000 of letters of credit were outstanding under one of our revolving credit facilities. Our revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of March 31, 2014, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$125,000,000.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in market interest rates. Market interest rates are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates on our consolidated and non-consolidated debt (all of which arises out of non-trading activity) is as follows:

(Amounts in thousands, except per unit amounts)

	2014			2013	
	March 31, Balance	Weighted Average Interest Rate	Effect of 1% Change In Base Rates	December 31, Balance	Weighted Average Interest Rate
Consolidated debt:					
Variable rate	\$ 1,455,466	2.47%	\$ 14,555	\$ 1,064,730	2.01%
Fixed rate	8,889,472	4.73%	-	8,913,988	4.73%
	<u>\$ 10,344,938</u>	4.41%	<u>14,555</u>	<u>\$ 9,978,718</u>	4.44%
Pro rata share of debt of non-consolidated entities (non-recourse):					
Variable rate – excluding Toys	\$ 293,418	1.76%	2,934	\$ 196,240	2.09%
Variable rate – Toys	944,432	6.14%	9,444	1,179,001	5.45%
Fixed rate (including \$680,648 and \$682,484 of Toys debt in 2014 and 2013)	2,715,525	6.51%	-	2,814,162	6.46%
	<u>\$ 3,953,375</u>	6.07%	<u>12,378</u>	<u>\$ 4,189,403</u>	5.97%
Total change in annual net income			\$ 26,933		
Per diluted unit			<u>\$ 0.13</u>		

We may utilize various financial instruments to mitigate the impact of interest rate fluctuations on our cash flows and earnings, including hedging strategies, depending on our analysis of the interest rate environment and the costs and risks of such strategies. As of March 31, 2014, we have an interest rate cap with a notional amount of \$60,000,000 that caps LIBOR at a rate of 7.00%. In addition, we have an interest rate swap on a \$425,000,000 mortgage loan that swapped the rate from LIBOR plus 2.00% (2.15% at March 31, 2014) to a fixed rate of 5.13% for the remaining four-year term of the loan.

As of March 31, 2014, we have investments in mezzanine loans with an aggregate carrying amount of \$25,006,000 that are based on variable interest rates which partially mitigate our exposure to a change in interest rates on our variable rate debt.

Fair Value of Debt

The estimated fair value of our consolidated debt is calculated based on current market prices and discounted cash flows at the rate at which similar loans could be made currently to borrowers with similar credit ratings, for the remaining term of such debt. As of March 31, 2014, the estimated fair value of our consolidated debt was \$10,249,000,000.

Item 4. Controls and Procedures

Disclosure Controls and Procedures: Vornado's management, with the participation of Vornado's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on such evaluation, Vornado's Chief Executive Officer and Chief Financial Officer have concluded that, as of March 31, 2014, such disclosure controls and procedures were effective.

Internal Control Over Financial Reporting: There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934, as amended) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Item 1A. Risk Factors

There were no material changes to the Risk Factors disclosed in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2013.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the first quarter of 2014, we issued 4,239 Class A units to Vornado in connection with Vornado's issuance of 4,239 common shares upon the redemption of Class A units held by third parties. The Class A units were issued in reliance on the exemption from registration under the Section 4(2) of the Securities Act of 1933, as amended.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

Exhibits required by Item 601 of Regulation S-K are filed herewith or incorporated herein by reference and are listed in the attached Exhibit Index.
