1. Organization

Vornado Realty L.P. (the “Operating Partnership” and/or the “Company”) is a Delaware limited partnership. Vornado Realty Trust (“Vornado”) is the sole general partner of, and owned approximately 93.6% of the common limited partnership interest in, the Operating Partnership at September 30, 2015. All references to “we,” “us,” “our,” the “Company” and “the Operating Partnership” refer to Vornado Realty L.P. and its consolidated subsidiaries.

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to Urban Edge Properties (“UE”) (NYSE: UE). As part of this transaction, we retained 5,717,184 UE operating partnership units (5.4% ownership interest). We are providing transition services to UE for an initial period of up to two years, including information technology, human resources, tax and financial reporting. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander’s, Inc. (NYSE: ALX) Rego Park retail assets. Steven Roth, Chairman of Vornado’s Board of Trustees and its Chief Executive Officer is a member of the Board of Trustees of UE. The spin-off distribution was effected by Vornado distributing one UE common share for every two Vornado common shares. The historical financial results of UE are reflected in our consolidated financial statements as discontinued operations for all periods presented.

2. Basis of Presentation and Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements are unaudited and include the accounts of Vornado Realty L.P. and its consolidated subsidiaries. All intercompany amounts have been eliminated. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) have been condensed or omitted. These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the SEC and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2014, as filed with the SEC.

We have made estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three and nine months ended September 30, 2015 are not necessarily indicative of the operating results for the full year.

Certain prior year balances have been reclassified in order to conform to the current period presentation. Beginning in the three months ended March 31, 2015, the Company classifies signage revenue within “property rentals”. For the three and nine months ended September 30, 2014, \$7,698,000 and \$25,889,000, respectively, related to signage revenue has been reclassified from “fee and other income” to “property rentals” to conform to the current period presentation.

Significant Accounting Policies

Condominium Units Held For Sale: Pursuant to ASC 605-35-25-88, *Revenue Recognition: Completed Contract Method*, revenue from condominium unit sales is recognized upon closing of the sale, as all conditions for full profit recognition have not been met until that time. We use the relative sales value method to allocate costs to individual condominium units.

We are constructing a residential condominium tower containing 392,000 salable square feet on our 220 Central Park South development site.

Significant Accounting Policies - continued

Income Taxes: As a limited partnership, our partners are required to report their respective share of taxable income on their individual tax returns. The provision for income taxes in our consolidated financial statements relates to certain taxable REIT subsidiaries pursuant to an amendment to the Internal Revenue Code that became effective January 1, 2001. Taxable REIT subsidiaries may participate in non-real estate related activities and/or perform non-customary services for tenants and are subject to Federal and State income tax at regular corporate tax rates.

At September 30, 2015 and December 31, 2014, our taxable REIT subsidiaries had deferred tax assets related to net operating loss carryforwards of \$95,419,000 and \$94,100,000, respectively, which are included in “other assets” on our consolidated balance sheets. Prior to the quarter ended June 30, 2015, there was a full valuation allowance against these deferred tax assets because we had not determined that it is more-likely-than-not that we would use the net operating loss carryforwards to offset future taxable income. Based upon residential condominium unit sales, among other factors, we have concluded that it is more-likely-than-not that we will generate sufficient taxable income to realize these deferred tax assets. Accordingly, during the second quarter of 2015, we reversed \$90,030,000 of the allowance for deferred tax assets and recognized an income tax benefit in our consolidated statements of income.

3. Recently Issued Accounting Literature

In April 2014, the Financial Accounting Standards Board (“FASB”) issued an update (“ASU 2014-08”) *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* to ASC Topic 205, *Presentation of Financial Statements* and ASC Topic 360, *Property Plant and Equipment*. Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity’s results and operations would qualify as discontinued operations. In addition, ASU 2014-08 expands the disclosure requirements for disposals that meet the definition of a discontinued operation and requires entities to disclose information about disposals of individually significant components that do not meet the definition of discontinued operations. ASU 2014-08 is effective for interim and annual reporting periods in fiscal years that began after December 15, 2014. Upon adoption of this standard on January 1, 2015, individual properties sold in the ordinary course of business are not expected to qualify as discontinued operations. The financial results of UE and certain other retail assets are reflected in our consolidated financial statements as discontinued operations for all periods presented (see Note 8 – *Dispositions* for further details).

In May 2014, the FASB issued an update (“ASU 2014-09”) establishing ASC Topic 606, *Revenue from Contracts with Customers*. ASU 2014-09 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most of the existing revenue recognition guidance. ASU 2014-09 requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services and also requires certain additional disclosures. ASU 2014-09 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2014-09 on our consolidated financial statements.

3. Recently Issued Accounting Literature - continued

In June 2014, the FASB issued an update (“ASU 2014-12”) to ASC Topic 718, *Compensation – Stock Compensation*. ASU 2014-12 requires an entity to treat performance targets that can be met after the requisite service period of a share based award has ended, as a performance condition that affects vesting. ASU 2014-12 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2014-12 on our consolidated financial statements.

In February 2015, the FASB issued an update (“ASU 2015-02”) *Amendments to the Consolidation Analysis* to ASC Topic 810, *Consolidation*. ASU 2015-02 affects reporting entities that are required to evaluate whether they should consolidate certain legal entities. Specifically, the amendments: (i) modify the evaluation of whether limited partnerships and similar legal entities are variable interest entities (“VIEs”) or voting interest entities, (ii) eliminate the presumption that a general partner should consolidate a limited partnership, (iii) affect the consolidation analysis of reporting entities that are involved with VIEs, and (iv) provide a scope exception for certain entities. ASU 2015-02 is effective for interim and annual reporting periods beginning after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2015-02 on our consolidated financial statements.

In April 2015, the FASB issued an update (“ASU 2015-03”) *Simplifying the Presentation of Debt Issuance Costs* to ASC Topic 835, *Interest*. ASU 2015-03 requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability to which they relate, consistent with debt discounts, as opposed to being presented as assets. ASU 2015-03 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015. The adoption of this update on January 1, 2016 will not have a material impact on our consolidated financial statements.

4. Acquisitions

On January 20, 2015, we and one of our real estate fund’s limited partners co-invested with the Fund to buy out the Fund’s joint venture partner’s 57% interest in the Crowne Plaza Times Square Hotel (see Note 5 – *Real Estate Fund Investments*).

On March 18, 2015, we acquired the Center Building, a 437,000 square foot office building, located at 33-00 Northern Boulevard in Long Island City, New York, for \$142,000,000, including the assumption of an existing \$62,000,000, 4.43% mortgage maturing in October 2018.

On June 2, 2015, we completed the acquisition of 150 West 34th Street, a 78,000 square foot retail property leased to Old Navy through May 2019, and 226,000 square feet of additional zoning air rights, for approximately \$355,000,000. At closing we completed a \$205,000,000 financing of the property (see Note 10 – *Debt*).

On July 31, 2015, we acquired 260 Eleventh Avenue, a 235,000 square foot office property leased to the City of New York through 2021 with two five-year renewal options, a 10,000 square foot parking lot and additional air rights. The transaction is structured as a 99-year ground lease with an option to purchase the land for \$110,000,000. The \$3,900,000 annual ground rent and the purchase option price escalate annually at the lesser of 1.5% or CPI. The buildings were purchased for 813,900 newly issued Operating Partnership units valued at approximately \$80,000,000.

On September 25, 2015, we acquired 265 West 34th Street, a 1,700 square foot retail property and 15,200 square feet of additional zoning air rights, for approximately \$28,500,000.

5. Real Estate Fund Investments

We are the general partner and investment manager of Vornado Capital Partners Real Estate Fund (the "Fund"), which has an eight-year term and a three-year investment period that ended in July 2013. During the investment period, the Fund was our exclusive investment vehicle for all investments that fit within its investment parameters, as defined. The Fund is accounted for under ASC 946, *Financial Services – Investment Companies* ("ASC 946") and its investments are reported on its balance sheet at fair value, with changes in value each period recognized in earnings. We consolidate the accounts of the Fund into our consolidated financial statements, retaining the fair value basis of accounting.

On January 20, 2015, we and one of the Fund's limited partners co-invested with the Fund to buy out the Fund's joint venture partner's 57% interest in the Crowne Plaza Times Square Hotel (the "Co-Investment"). The purchase price for the 57% interest was approximately \$95,000,000 (our share \$39,000,000) which valued the property at approximately \$480,000,000. The property is encumbered by a \$310,000,000 mortgage loan bearing interest at LIBOR plus 2.80% which matures in December 2018 with a one-year extension option. Our aggregate ownership interest in the property increased to 33% from 11%. The Co-Investment is also accounted for under ASC 946 and is included as a component of "real estate fund investments" on our consolidated balance sheet.

On March 25, 2015, the Fund completed the sale of 520 Broadway in Santa Monica, CA for \$91,650,000. The Fund realized a \$23,768,000 net gain over the holding period.

At September 30, 2015, we had six real estate fund investments with an aggregate fair value of \$555,414,000, or \$190,620,000 in excess of cost, and had remaining unfunded commitments of \$102,212,000, of which our share was \$25,553,000. Below is a summary of income from the Fund and the Co-Investment for the three and nine months ended September 30, 2015 and 2014.

7. Investments in Partially Owned Entities

Toys “R” Us (“Toys”)

As of September 30, 2015, we own 32.5% of Toys. We have not guaranteed any of Toys’ obligations and are not committed to provide any support to Toys. Pursuant to ASC 323-10-35-20, we discontinued applying the equity method for our Toys’ investment when the carrying amount was reduced to zero in the third quarter of 2014. We will resume application of the equity method if, during the period the equity method has been suspended, our share of unrecognized net income exceeds our share of unrecognized net losses.

In the first quarter of 2014, we recognized our share of Toys’ fourth quarter net income of \$75,196,000 and a corresponding non-cash impairment loss of the same amount.

Below is a summary of Toys’ latest available financial information on a purchase accounting basis:

Net loss attributable to Toys	(108,700)	(133,000)	(44,700)	(244,000)

(1) At September 30, 2015, the carrying amount of our investment in Toys is less than our share of Toys’ equity by approximately \$191,859. This basis difference results primarily from non-cash impairment losses aggregating \$355,953 that we have recognized through September 30, 2015. We have allocated the basis difference primarily to Toys’ real estate.

Alexander’s, Inc. (“Alexander’s”) (NYSE: ALX)

As of September 30, 2015, we own 1,654,068 Alexander’s common shares, or approximately 32.4% of Alexander’s common equity. We manage, lease and develop Alexander’s properties pursuant to agreements which expire in March of each year and are automatically renewable.

As of September 30, 2015, the market value (“fair value” pursuant to ASC 820, *Fair Value Measurements and Disclosures* (“ASC 820”)) of our investment in Alexander’s, based on Alexander’s September 30, 2015 closing share price of \$374.00, was \$618,621,000, or \$487,226,000 in excess of the carrying amount on our consolidated balance sheet. As of September 30, 2015, the carrying amount of our investment in Alexander’s exceeds our share of the equity in the net assets of Alexander’s by approximately \$40,527,000. The majority of this basis difference resulted from the excess of our purchase price for the Alexander’s common stock acquired over the book value of Alexander’s net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of Alexander’s assets and liabilities, to real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in Alexander’s net income. The basis difference related to the land will be recognized upon disposition of our investment.

Urban Edge Properties ("UE") (NYSE: UE)

As part of our spin-off of substantially all of our retail segment to UE on January 15, 2015 (see Note 1 – *Organization*), we retained 5,717,184 UE operating partnership units, representing a 5.4% ownership interest in UE. We account for our investment in UE under the equity method and record our share of UE's net income or loss on a one-quarter lag basis. We are providing transition services to UE for an initial period of up to two years, including information technology, human resources, tax and financial reporting. UE is providing us with leasing and property management services for (i) certain small retail properties that we plan to sell, and (ii) our affiliate, Alexander's, Rego Park retail assets. Pennsylvania Real Estate Investment Trust ("PREIT") (NYSE: PEI)

On March 31, 2015, we transferred the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT Associates, L.P., which is the operating partnership of PREIT, in exchange for \$485,313,000; comprised of \$340,000,000 of cash and 6,250,000 PREIT operating partnership units (valued at \$145,313,000 or \$23.25 per PREIT unit) (See Note 8 – *Dispositions*). \$19,000,000 of tenant improvements and allowances was credited to PREIT as a closing adjustment. As a result of this transaction, we own an 8.1% interest in PREIT. We account for our investment in PREIT under the equity method and record our share of PREIT's net income or loss on a one-quarter lag basis. As of September 30, 2015, the fair value of our investment in PREIT, based on PREIT's September 30, 2015 closing share price of \$19.83, was \$123,938,000, or \$14,327,000 lower than the carrying amount on our consolidated balance sheet. As of September 30, 2015, the carrying amount of our investment in PREIT exceeds our share of the equity in the net assets of PREIT by approximately \$65,681,000. The majority of this basis difference resulted from the excess of the fair value of the PREIT operating units received over our share of the book value of PREIT's net assets. Substantially all of this basis difference was allocated, based on our estimates of the fair values of PREIT's assets and liabilities, to real estate (land and buildings). We are amortizing the basis difference related to the buildings into earnings as additional depreciation expense over their estimated useful lives. This depreciation is not material to our share of equity in PREIT's net loss. The basis difference related to the land will be recognized upon disposition of our investment.

512 West 22nd Street

On June 24, 2015, we entered into a joint venture, in which we own a 55% interest, to develop a 173,000 square foot Class-A office building, located along the western edge of the High Line at 512 West 22nd Street. The tax gain of approximately \$137,000,000 was deferred as part of a like-kind exchange. We are managing the property on behalf of the new owner.

Discontinued Operations

On January 15, 2015, we completed the spin-off of substantially all of our retail segment comprised of 79 strip shopping centers, three malls, a warehouse park and \$225,000,000 of cash to UE (NYSE: UE) (see Note 1 – *Organization*). In addition, we completed the following retail property sales, substantially completing the exit of the retail strips and malls business.

On March 13, 2015, we sold our Geary Street, CA lease for \$34,189,000, which resulted in a net gain of \$21,376,000.

On March 31, 2015, we transferred the redeveloped Springfield Town Center, a 1,350,000 square foot mall located in Springfield, Fairfax County, Virginia, to PREIT (see Note 7 – *Investments in Partially Owned Entities*). The financial statement gain was \$7,823,000, of which \$7,192,000 was recognized in the first quarter of 2015 and the remaining \$631,000 was deferred based on our ownership interest in PREIT. On March 31, 2018, we will be entitled to additional consideration of 50% of the increase in the value of Springfield Town Center, if any, over \$465,000,000, calculated utilizing a 5.5% capitalization rate. In the first quarter of 2014, we recorded a non-cash impairment loss of \$20,000,000 on Springfield Town Center which is included in “income from discontinued operations” on our consolidated statements of income.

On August 6, 2015, we sold our 50% interest in the Monmouth Mall in Eatontown, NJ to our joint venture partner for \$38,000,000, valuing the property at approximately \$229,000,000, which resulted in a net gain of \$33,153,000.

We also sold five residual retail properties, in separate transactions, for an aggregate of \$10,731,000, which resulted in net gains of \$3,675,000.

10. Debt

On January 1, 2015, we redeemed all of the \$500,000,000 principal amount of our outstanding 4.25% senior unsecured notes, which were scheduled to mature on April 1, 2015, at a redemption price of 100% of the principal amount plus accrued interest through December 31, 2014.

On April 1, 2015, we completed a \$308,000,000 refinancing of RiverHouse Apartments, a three building, 1,670 unit rental complex located in Arlington, VA. The loan is interest-only at LIBOR plus 1.28% and matures in 2025. We realized net proceeds of approximately \$43,000,000. The property was previously encumbered by a 5.43%, \$195,000,000 mortgage maturing in April 2015 and a \$64,000,000 mortgage at LIBOR plus 1.53% maturing in 2018.

On June 2, 2015, we completed a \$205,000,000 financing in connection with the acquisition of 150 West 34th Street (see Note 4 – *Acquisitions*). The loan bears interest at LIBOR plus 2.25% and matures in 2018 with two one-year extension options.

On July 28, 2015, we completed a \$580,000,000 refinancing of 100 West 33rd Street, a 1.1 million square foot property comprised of 851,000 square feet of office space and the 256,000 square foot Manhattan Mall. The loan is interest only at LIBOR plus 1.65% and matures in July 2020. We realized net proceeds of approximately \$242,000,000.

On September 22, 2015, we upsized the loan on our 220 Central Park South development by \$350,000,000 to \$950,000,000. The interest rate on the loan is LIBOR plus 2.00% and the final maturity date is 2020. In connection with the upsizing, the standby commitment for a \$500,000,000 mezzanine loan for this development has been terminated by payment of a \$15,000,000 contractual termination fee, which was capitalized as a component of “development costs and construction in progress” on our consolidated balance sheet as of September 30, 2015.

Redeemable partnership units on our consolidated balance sheets are comprised primarily of Class A units that are held by third parties and are recorded at the greater of their carrying amount or redemption value at the end of each reporting period. Changes in the value from period to period are charged to “partners’ capital” on our consolidated balance sheets. Below is a table summarizing the activity of redeemable partnership units.

Balance at September 30, 2015	<u>\$ 1,113,885</u>

As of September 30, 2015 and December 31, 2014, the aggregate redemption value of redeemable Class A units, which are those units held by third parties, was \$1,108,457,000 and \$1,336,780,000, respectively.

Redeemable partnership units exclude our Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units, as they are accounted for as liabilities in accordance with ASC 480, *Distinguishing Liabilities and Equity*, because of their possible settlement by issuing a variable number of Vornado common shares. Accordingly, the fair value of these units is included as a component of “other liabilities” on our consolidated balance sheets and aggregated \$53,135,000 as of September 30, 2015 and \$55,097,000 as of December 31, 2014. Changes in the value from period to period, if any, are charged to “interest and debt expense” on our consolidated statements of income.

13. Variable Interest Entities (“VIEs”)

At September 30, 2015 and December 31, 2014, we have four unconsolidated VIEs. We do not consolidate these entities because we are not the primary beneficiary and the nature of our involvement in the activities of these entities does not give us power over decisions that significantly affect these entities’ economic performance. We account for our investment in these entities under the equity method. As of September 30, 2015 and December 31, 2014, the net carrying amounts of our investment in these entities were \$302,649,000 and \$286,783,000, respectively, and our maximum exposure to loss in these entities is limited to our investment. We did not have any consolidated VIEs as of September 30, 2015 and December 31, 2014.

14. Fair Value Measurements

ASC 820 defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as consider counterparty credit risk in our assessment of fair value. Considerable judgment is necessary to interpret Level 2 and 3 inputs in determining the fair value of our financial and non-financial assets and liabilities. Accordingly, our fair value estimates, which are made at the end of each reporting period, may be different than the amounts that may ultimately be realized upon sale or disposition of these assets.

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis

Financial assets and liabilities that are measured at fair value on our consolidated balance sheets consist of (i) marketable securities, (ii) real estate fund investments, (iii) the assets in our deferred compensation plan (for which there is a corresponding liability on our consolidated balance sheet), (iv) mandatorily redeemable instruments (Series G-1 through G-4 convertible preferred units and Series D-13 cumulative redeemable preferred units), and (v) an interest rate swap. The tables below aggregate the fair values of these financial assets and liabilities by their levels in the fair value hierarchy at September 30, 2015 and December 31, 2014, respectively.

Financial Assets and Liabilities Measured at Fair Value on a Recurring Basis - continued

Real Estate Fund Investments

At September 30, 2015, we had six real estate fund investments with an aggregate fair value of \$555,414,000, or \$190,620,000 in excess of cost. These investments are classified as Level 3. We use a discounted cash flow valuation technique to estimate the fair value of each of these investments, which is updated quarterly by personnel responsible for the management of each investment and reviewed by senior management at each reporting period. The discounted cash flow valuation technique requires us to estimate cash flows for each investment over the anticipated holding period, which currently ranges from 0.8 to 5.3 years. Cash flows are derived from property rental revenue (base rents plus reimbursements) less operating expenses, real estate taxes and capital and other costs, plus projected sales proceeds in the year of exit. Property rental revenue is based on leases currently in place and our estimates for future leasing activity, which are based on current market rents for similar space plus a projected growth factor. Similarly, estimated operating expenses and real estate taxes are based on amounts incurred in the current period plus a projected growth factor for future periods. Anticipated sales proceeds at the end of an investment's expected holding period are determined based on the net cash flow of the investment in the year of exit, divided by a terminal capitalization rate, less estimated selling costs.

The fair value of each property is calculated by discounting the future cash flows (including the projected sales proceeds), using an appropriate discount rate and then reduced by the property's outstanding debt, if any, to determine the fair value of the equity in each investment. Significant unobservable quantitative inputs used in determining the fair value of each investment include capitalization rates and discount rates. These rates are based on the location, type and nature of each property, and current and anticipated market conditions, which are derived from original underwriting assumptions, industry publications and from the experience of our Acquisitions and Capital Markets departments. Significant unobservable quantitative inputs in the table below were utilized in determining the fair value of these real estate fund investments at September 30, 2015 and December 31, 2014.

Unobservable Quantitative Input	Range		Weighted Average (based on fair value of investments)	
	September 30, 2015	December 31, 2014	September 30, 2015	December 31, 2014
	Discount rates	12.0% to 14.5%	12.0% to 17.5%	13.2%
Terminal capitalization rates	4.8% to 6.5%	4.7% to 6.5%	5.5%	5.3%

The above inputs are subject to change based on changes in economic and market conditions and/or changes in use or timing of exit. Changes in discount rates and terminal capitalization rates result in increases or decreases in the fair values of these investments. The discount rates encompass, among other things, uncertainties in the valuation models with respect to terminal capitalization rates and the amount and timing of cash flows. Therefore, a change in the fair value of these investments resulting from a change in the terminal capitalization rate, may be partially offset by a change in the discount rate. It is not possible for us to predict the effect of future economic or market conditions on our estimated fair values.

The table below summarizes the changes in the fair value of real estate fund investments that are classified as Level 3, for the three and nine months ended September 30, 2015 and 2014.

Deferred Compensation Plan Assets

Deferred compensation plan assets that are classified as Level 3 consist of investments in limited partnerships and investment funds, which are managed by third parties. We receive quarterly financial reports from a third-party administrator, which are compiled from the quarterly reports provided to them from each limited partnership and investment fund. The quarterly reports provide net asset values on a fair value basis which are audited by independent public accounting firms on an annual basis. The third-party administrator does not adjust these values in determining our share of the net assets and we do not adjust these values when reported in our consolidated financial statements.

The table below summarizes the changes in the fair value of deferred compensation plan assets that are classified as Level 3, for the three and nine months ended September 30, 2015 and 2014.

Fair Value Measurements on a Nonrecurring Basis

Assets measured at fair value on a nonrecurring basis on our consolidated balance sheets consist primarily of real estate assets required to be measured for impairment at December 31, 2014. There are no assets remaining at fair value on a nonrecurring basis at September 30, 2015. The fair values of real estate assets required to be measured for impairment were determined using widely accepted valuation techniques, including (i) discounted cash flow analysis, which considers, among other things, leasing assumptions, growth rates, discount rates and terminal capitalization rates, (ii) income capitalization approach, which considers prevailing market capitalization rates, and (iii) comparable sales activity.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on our consolidated balance sheets include cash equivalents (primarily money market funds, which invest in obligations of the United States government), mortgage and mezzanine loans receivable and our secured and unsecured debt. Estimates of the fair value of these instruments are determined by the standard practice of modeling the contractual cash flows required under the instrument and discounting them back to their present value at the appropriate current risk adjusted interest rate, which is provided by a third-party specialist. For floating rate debt, we use forward rates derived from observable market yield curves to project the expected cash flows we would be required to make under the instrument. The fair value of cash equivalents and borrowings under our revolving credit facility is classified as Level 1, and the fair value of our mortgage and mezzanine loans receivable as of December 31, 2014 is classified as Level 3. There are no borrowings under our revolving credit facility as of September 30, 2015 and December 31, 2014 and no mortgage and mezzanine loans outstanding as of September 30, 2015. The fair value of our secured and unsecured debt are classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of September 30, 2015 and December 31, 2014.

20. Commitments and Contingencies

Insurance

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all risk property and rental value insurance with limits of \$2.0 billion per occurrence, with sub-limits for certain perils such as floods. Our California properties have earthquake insurance with coverage of \$180,000,000 per occurrence, subject to a deductible in the amount of 5% of the value of the affected property, up to a \$180,000,000 annual aggregate. We maintain coverage for terrorism acts with limits of \$4.0 billion per occurrence and in the aggregate, and \$2.0 billion per occurrence and in the aggregate for terrorism involving nuclear, biological, chemical and radiological (“NBCR”) terrorism events, as defined by Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020.

Penn Plaza Insurance Company, LLC (“PPIC”), our wholly owned consolidated subsidiary, acts as a re-insurer with respect to a portion of all risk property and rental value insurance and a portion of our earthquake insurance coverage, and as a direct insurer for coverage for NBCR acts. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies and the Federal government with no exposure to PPIC. For NBCR acts, PPIC is responsible for a deductible of \$2,480,000 and 15% of the balance of a covered loss (16% effective January 1, 2016) and the Federal government is responsible for the remaining 85% of a covered loss (84% effective January 1, 2016). We are ultimately responsible for any loss incurred by PPIC.

We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future.

Our debt instruments, consisting of mortgage loans secured by our properties which are non-recourse to us, senior unsecured notes and revolving credit agreements contain customary covenants requiring us to maintain insurance. Although we believe that we have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. Further, if lenders insist on greater coverage than we are able to obtain it could adversely affect our ability to finance our properties and expand our portfolio.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of September 30, 2015, the aggregate dollar amount of these guarantees and master leases is approximately \$430,000,000.

At September 30, 2015, \$40,647,000 of letters of credit were outstanding under one of our revolving credit facilities. Our revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of September 30, 2015, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$76,000,000.

21. Segment Information

As a result of the spin-off of substantially all of our Retail Properties segment (see Note 8 – *Dispositions*), the remaining retail properties no longer meet the criteria to be a separate reportable segment. In addition, as a result of our investment in Toys being reduced to zero, we suspended equity method accounting for our investment in Toys (see Note 7 - *Investments in Partially Owned Entities*) and the Toys segment no longer meets the criteria to be a separate reportable segment. Accordingly, effective January 1, 2015, the Retail Properties segment and Toys have been reclassified to the Other segment. We have also reclassified the prior period segment financial results to conform to the current period presentation. 21. Segment Information – continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a supplemental non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax expense (benefit) in the reconciliation of net income to EBITDA includes our share of these items from partially owned entities.
- (3) The elements of "New York" EBITDA are summarized below.

22. Subsequent Events

20 Broad Street

On October 19, 2015, we entered into an agreement to sell our leasehold interest in 20 Broad Street, a 473,000 square foot office building in Manhattan. We ground lease this property, which is contiguous to the New York Stock Exchange ("NYSE"), from the NYSE, who is also the major tenant in the building. By agreement, we early terminated the NYSE space lease which was scheduled to expire in June 2016. The aggregate consideration for the sale of the leasehold and the early termination of the NYSE lease is \$200,000,000 or \$423 per square foot. The total income from this transaction is approximately \$156,000,000 comprised of \$141,000,000 from the gain on sale and \$15,000,000 of lease termination income. The sale, which is subject to customary closing conditions, is expected to be completed in the fourth quarter of 2015.

Unsecured Term Loan Facility

On October 30, 2015, we entered into an unsecured delayed-draw term loan facility in the maximum amount of \$750,000,000. The facility matures in October 2018 with two one-year extension options. The interest rate is LIBOR plus 115 basis points with a fee of 20 basis points per annum on the unused portion. At closing, we drew \$187,500,000. The facility provides that the maximum amount available is twice the amount outstanding on April 29, 2016, limited to \$750,000,000, and all draws must be made by October 2017.

A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. Management's Discussion and Analysis of Financial Condition and Results of Operations includes a discussion of our consolidated financial statements for the three and nine months ended September 30, 2015. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Overview

Business Objective and Operating Strategy

Our business objective is to maximize Vornado shareholder value, which we measure by the total return provided to Vornado's shareholders. Below is a table comparing Vornado's performance to the FTSE NAREIT Office REIT Index ("Office REIT") and the Morgan Stanley REIT Index ("RMS") for the following periods ended September 30, 2015.

	Total Return ⁽¹⁾		
	Vornado	Office REIT	RMS
Three-month	(4.1%)	(1.2%)	2.1%
Nine-month	(13.6%)	(6.4%)	(4.3%)
One-year	2.4%	5.5%	9.5%
Three-year	36.4%	24.4%	31.1%
Five-year	38.0%	46.1%	75.9%
Ten-year	70.3%	56.2%	93.1%

(1) Past performance is not necessarily indicative of future performance.

We intend to achieve our business objective by continuing to pursue our investment philosophy and executing our operating strategies through:

- Maintaining a superior team of operating and investment professionals and an entrepreneurial spirit
- Investing in properties in select markets, such as New York City and Washington, DC, where we believe there is a high likelihood of capital appreciation
- Acquiring quality properties at a discount to replacement cost and where there is a significant potential for higher rents
- Investing in retail properties in select under-stored locations such as the New York City metropolitan area
- Developing and redeveloping existing properties to increase returns and maximize value
- Investing in operating companies that have a significant real estate component

We expect to finance our growth, acquisitions and investments using internally generated funds, proceeds from asset sales and by accessing the public and private capital markets. We may also offer partnership units in exchange for property and may repurchase or otherwise reacquire these units or any other securities in the future.

We compete with a large number of real estate property owners and developers, some of which may be willing to accept lower returns on their investments. Principal factors of competition are rents charged, sales prices, attractiveness of location, the quality of the property and the breadth and the quality of services provided. Our success depends upon, among other factors, trends of the global, national, regional and local economies, the financial condition and operating results of current and prospective tenants and customers, availability and cost of capital, construction and renovation costs, taxes, governmental regulations, legislation, population and employment trends. See "Item 1A. Risk Factors" in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2014, for additional information regarding these factors.

On January 20, 2015, we and one of our real estate fund's limited partners co-invested with the Fund to buy out the Fund's joint venture partner's 57% interest in the Crowne Plaza Times Square Hotel. The purchase price for the 57% interest was approximately \$95,000,000 (our share \$39,000,000) which valued the property at approximately \$480,000,000. The property is encumbered by a \$310,000,000 mortgage loan bearing interest at LIBOR plus 2.80% which matures in December 2018 with a one-year extension option. Our aggregate ownership interest in the property increased to 33% from 11%.

On June 2, 2015, we completed the acquisition of 150 West 34th Street, a 78,000 square foot retail property leased to Old Navy through May 2019, and 226,000 square feet of additional zoning air rights, for approximately \$355,000,000. At closing we completed a \$205,000,000 financing of the property.

The development cost of this project is approximately \$235,000,000. The development is expected to commence during the fourth quarter of 2015 and be completed in 2017.

The transaction is structured as a 99-year ground lease with an option to purchase the land for \$110,000,000. The \$3,900,000 annual ground rent and the purchase option price escalate annually at the lesser of 1.5% or CPI. The buildings were purchased for 813,900 newly issued Operating Partnership units valued at approximately \$80,000,000.

On September 25, 2015, we acquired 265 West 34th Street, a 1,700 square foot retail property and 15,200 square feet of additional zoning air rights, for approximately \$28,500,000.

The loan is interest only at LIBOR plus 1.65% and matures in July 2020. We realized net proceeds of approximately \$242,000,000.

On September 22, 2015, we upsized the loan on our 220 Central Park South development by \$350,000,000 to \$950,000,000. The interest rate on the loan is LIBOR plus 2.00% and the final maturity date is 2020. In connection with the upsizing, the standby commitment for a \$500,000,000 mezzanine loan for this development has been terminated by payment of a \$15,000,000 contractual termination fee, which was capitalized as a component of “development costs and construction in progress” on our consolidated balance sheet as of September 30, 2015.

On October 30, 2015, we entered into an unsecured delayed-draw term loan facility in the maximum amount of \$750,000,000. The facility matures in October 2018 with two one-year extension options. The interest rate is LIBOR plus 115 basis points with a fee of 20 basis points per annum on the unused portion. At closing, we drew \$187,500,000. The facility provides that the maximum amount available is twice the amount outstanding on April 29, 2016, limited to \$750,000,000, and all draws must be made by October 2017.

Recently Issued Accounting Literature

In April 2014, the Financial Accounting Standards Board (“FASB”) issued an update (“ASU 2014-08”) *Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity* to ASC Topic 205, *Presentation of Financial Statements* and ASC Topic 360, *Property Plant and Equipment*. Under ASU 2014-08, only disposals that represent a strategic shift that has (or will have) a major effect on the entity’s results and operations would qualify as discontinued operations. In addition, ASU 2014-08 expands the disclosure requirements for disposals that meet the definition of a discontinued operation and requires entities to disclose information about disposals of individually significant components that do not meet the definition of discontinued operations. ASU 2014-08 is effective for interim and annual reporting periods in fiscal years that began after December 15, 2014. Upon adoption of this standard on January 1, 2015, individual properties sold in the ordinary course of business are not expected to qualify as discontinued operations. The financial results of UE and certain other retail assets are reflected in our consolidated financial statements as discontinued operations for all periods presented.

In May 2014, the FASB issued an update (“ASU 2014-09”) establishing ASC Topic 606, *Revenue from Contracts with Customers*. ASU 2014-09 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most of the existing revenue recognition guidance. ASU 2014-09 requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services and also requires certain additional disclosures. ASU 2014-09 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2017. We are currently evaluating the impact of the adoption of ASU 2014-09 on our consolidated financial statements.

Recently Issued Accounting Literature - continued

In June 2014, the FASB issued an update (“ASU 2014-12”) to ASC Topic 718, *Compensation – Stock Compensation*. ASU 2014-12 requires an entity to treat performance targets that can be met after the requisite service period of a share based award has ended, as a performance condition that affects vesting. ASU 2014-12 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2014-12 on our consolidated financial statements.

In February 2015, the FASB issued an update (“ASU 2015-02”) *Amendments to the Consolidation Analysis* to ASC Topic 810, *Consolidation*. ASU 2015-02 affects reporting entities that are required to evaluate whether they should consolidate certain legal entities. Specifically, the amendments: (i) modify the evaluation of whether limited partnerships and similar legal entities are variable interest entities (“VIEs”) or voting interest entities, (ii) eliminate the presumption that a general partner should consolidate a limited partnership, (iii) affect the consolidation analysis of reporting entities that are involved with VIEs, and (iv) provide a scope exception for certain entities. ASU 2015-02 is effective for interim and annual reporting periods beginning after December 15, 2015. We are currently evaluating the impact of the adoption of ASU 2015-02 on our consolidated financial statements.

In April 2015, the FASB issued an update (“ASU 2015-03”) *Simplifying the Presentation of Debt Issuance Costs* to ASC Topic 835, *Interest*. ASU 2015-03 requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability to which they relate, consistent with debt discounts, as opposed to being presented as assets. ASU 2015-03 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2015. The adoption of this update on January 1, 2016 will not have a material impact on our consolidated financial statements.

Critical Accounting Policies

A summary of our critical accounting policies is included in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2014 in Management’s Discussion and Analysis of Financial Condition. Although there have been no significant changes during 2015, the following updates have been made to our policies.

Condominium Units Held For Sale: Pursuant to ASC 605-35-25-88, *Revenue Recognition: Completed Contract Method*, revenue from condominium unit sales is recognized upon closing of the sale, as all conditions for full profit recognition have not been met until that time. We use the relative sales value method to allocate costs to individual condominium units.

We are constructing a residential condominium tower containing 392,000 salable square feet on our 220 Central Park South development site.

Income Taxes: As a limited partnership, our partners are required to report their respective share of taxable income on their individual tax returns. The provision for income taxes in our consolidated financial statements relates to certain taxable REIT subsidiaries pursuant to an amendment to the Internal Revenue Code that became effective January 1, 2001. Taxable REIT subsidiaries may participate in non-real estate related activities and/or perform non-customary services for tenants and are subject to Federal and State income tax at regular corporate tax rates.

At September 30, 2015 and December 31, 2014, our taxable REIT subsidiaries had deferred tax assets related to net operating loss carryforwards of \$95,419,000 and \$94,100,000, respectively, which are included in “other assets” on our consolidated balance sheets. Prior to the quarter ended June 30, 2015, there was a full valuation allowance against these deferred tax assets because we had not determined that it is more-likely-than-not that we would use the net operating loss carryforwards to offset future taxable income. Based upon residential condominium unit sales, among other factors, we have concluded that it is more-likely-than-not that we will generate sufficient taxable income to realize these deferred tax assets. Accordingly, during the second quarter of 2015, we reversed \$90,030,000 of the allowance for deferred tax assets and recognized an income tax benefit in our consolidated statements of income.

Second generation relet space represents square footage that has not been vacant for more than nine months and tenant improvements and leasing commissions are based on our share of square feet leased during the period.

Washington, DC Segment

EBITDA before gains on sale of real estate and discontinued operations for the nine months ended September 30, 2015, was \$3,438,000 behind last year's nine months. We expect EBITDA for the fourth quarter to be flat to the fourth quarter of last year. Accordingly, we expect 2015 EBITDA before gains on sale of real estate and discontinued operations will be approximately \$3,500,000 less than 2014. Of the 2,395,000 square feet subject to the effects of the Base Realignment and Closure ("BRAC") statute, 393,000 square feet has been taken out of service for redevelopment and 1,298,000 square feet has been leased or is pending. Net Income and EBITDA by Segment for the Three Months Ended September 30, 2015 and 2014 - continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a supplemental non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax expense in the reconciliation of net income to EBITDA includes our share of these items from partially owned entities.

Interest and Other Investment Income, net

Interest and other investment income, net was \$3,160,000 for the three months ended September 30, 2015, compared to \$7,568,000 in the prior year's quarter, a decrease of \$4,408,000. This decrease resulted primarily from a decrease in the value of investments in our deferred compensation plan (offset by a corresponding decrease in the liability for plan assets in general and administrative expenses).

Interest and Debt Expense

Interest and debt expense was \$95,344,000 for the three months ended September 30, 2015, compared to \$100,817,000 in the prior year's quarter, a decrease of \$5,473,000. This decrease was primarily due to (i) \$8,761,000 of interest savings from the redemption of the \$445,000,000 principal amount of the outstanding 7.875% senior unsecured notes during the fourth quarter of 2014, (ii) \$5,354,000 of interest savings from the redemption of the \$500,000,000 principal amount of the outstanding 4.25% senior unsecured notes on January 1, 2015, partially offset by (iii) \$5,330,000 of lower capitalized interest and (iv) \$1,983,000 of higher interest expense from the current year's financings of 150 West 34th Street and the Center Building.

Net Gain on Disposition of Wholly Owned and Partially Owned Assets

For the three months ended September 30, 2015, we recognized a \$103,037,000 net gain on disposition of wholly owned and partially owned assets, primarily from the sale of 1750 Pennsylvania Avenue, compared to \$2,665,000 in the prior year's quarter, primarily from the sale of residential condominiums.

Income Tax Expense

Income tax expense related to our taxable REIT subsidiaries was \$2,856,000 for the three months ended September 30, 2015, compared to an expense of \$2,652,000 in the prior year's quarter. The increase in expense of \$204,000 was primarily attributable to higher income from our taxable REIT subsidiaries.

Income from Discontinued Operations

We have reclassified the revenues and expenses of the UE portfolio and other retail properties that were sold or are currently held for sale to "income from discontinued operations" and the related assets and liabilities to "assets related to discontinued operations" and "liabilities related to discontinued operations" for all the periods presented in the accompanying financial statements. Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We also present same store EBITDA on a cash basis which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments. We present these non-GAAP measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

Net Income and EBITDA by Segment for the Nine Months Ended September 30, 2015 and 2014 - continued

Notes to preceding tabular information:

- (1) EBITDA represents "Earnings Before Interest, Taxes, Depreciation and Amortization." We consider EBITDA a supplemental non-GAAP financial measure for making decisions and assessing the unlevered performance of our segments as it relates to the total return on assets as opposed to the levered return on equity. As properties are bought and sold based on a multiple of EBITDA, we utilize this measure to make investment decisions as well as to compare the performance of our assets to that of our peers. EBITDA should not be considered a substitute for net income. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Interest and debt expense, depreciation and amortization and income tax (benefit) expense in the reconciliation of net income to EBITDA includes our share of these items from partially owned entities.

(1) This decrease in expense is entirely offset by a corresponding decrease in income from the mark-to-market of the deferred compensation plan assets, a component of "interest and other investment income, net" on our consolidated statements of income.

(2) Results primarily from the acceleration of the recognition of compensation expense of \$8,911 related to 2013-2015 Out-Performance Plans due to the modification of the vesting criteria of awards such that they fully vest at age 65. The accelerated expense will result in lower general and administrative expense during the remainder of 2015 of \$1,077 and \$7,834 thereafter.

Interest and Other Investment Income, net

Interest and other investment income, net was \$19,618,000 for the nine months ended September 30, 2015, compared to \$28,814,000 for the prior year's nine months, a decrease of \$9,196,000. This decrease resulted primarily from a decrease in the value of investments in our deferred compensation plan (offset by a corresponding decrease in the liability for plan assets in general and administrative expenses).

Interest and Debt Expense

Interest and debt expense was \$279,110,000 for the nine months ended September 30, 2015, compared to \$301,042,000 for the prior year's nine months, a decrease of \$21,932,000. This decrease was primarily due to (i) \$26,652,000 of interest savings from the redemption of the \$445,000,000 principal amount of the outstanding 7.875% senior unsecured notes during the fourth quarter of 2014, (ii) \$16,021,000 of interest savings from the redemption of the \$500,000,000 principal amount of the outstanding 4.25% senior unsecured notes on January 1, 2015, partially offset by (iii) \$12,700,000 of lower capitalized interest, (iv) \$5,297,000 of interest expense from the issuance of \$450,000,000 of senior unsecured notes in June 2014 and (v) \$3,188,000 of higher interest expense from the current year's financings of 150 West 34th Street and the Center Building.

Net Gain on Disposition of Wholly Owned and Partially Owned Assets

For the nine months ended September 30, 2015, we recognized a \$104,897,000 net gain on disposition of wholly owned and partially owned assets, primarily from the sale of 1750 Pennsylvania Avenue, compared to \$13,205,000 for the prior year's nine months, primarily from the sale of residential condominiums and a land parcel.

Income Tax Benefit (Expense)

Income tax benefit related to our taxable REIT subsidiaries was \$84,245,000 for the nine months ended September 30, 2015, compared to an expense of \$6,783,000 for the prior year's nine months. The decrease in expense of \$91,028,000 was primarily attributable to the reversal of the valuation allowances against certain of our deferred tax assets, as we have concluded that it is more-likely-than-not that we will generate sufficient taxable income from the sale of 220 Central Park South residential condominium units to realize the deferred tax assets.

Same Store EBITDA

Same store EBITDA represents EBITDA from property level operations which are owned by us in both the current and prior year reporting periods. Same store EBITDA excludes segment-level overhead expenses, which are expenses that we do not consider to be property-level expenses, as well as other non-operating items. We also present same store EBITDA on a cash basis which excludes income from the straight-lining of rents, amortization of below-market leases, net of above-market leases and other non-cash adjustments. We present these non-GAAP measures to (i) facilitate meaningful comparisons of the operational performance of our properties and segments, (ii) make decisions on whether to buy, sell or refinance properties, and (iii) compare the performance of our properties and segments to those of our peers. Same store EBITDA should not be considered as an alternative to net income or cash flow from operations and may not be comparable to similarly titled measures employed by other companies.

Liquidity and Capital Resources

Property rental income is our primary source of cash flow and is dependent upon the occupancy and rental rates of our properties. Our cash requirements include property operating expenses, capital improvements, tenant improvements, leasing commissions, distributions to unitholders, as well as acquisition and development costs. Other sources of liquidity to fund cash requirements include proceeds from debt financings, including mortgage loans, senior unsecured borrowings, and our revolving credit facilities; proceeds from the issuance of equity securities; and asset sales.

We anticipate that cash flow from continuing operations over the next twelve months will be adequate to fund our business operations, cash distributions to unitholders, debt amortization and recurring capital expenditures. Capital requirements for development expenditures and acquisitions may require funding from borrowings and/or equity offerings.

We may from time to time purchase or retire outstanding debt securities or redeem our equity securities. Such purchases, if any, will depend on prevailing market conditions, liquidity requirements and other factors. The amounts involved in connection with these transactions could be material to our consolidated financial statements.

Development and Redevelopment Expenditures

Development and redevelopment expenditures consist of all hard and soft costs associated with the development or redevelopment of a property, including capitalized interest, debt and operating costs until the property is substantially completed and ready for its intended use. Our development project budgets below include initial leasing costs, which are reflected as non-recurring capital expenditures in the table above.

We are constructing a residential condominium tower containing 392,000 salable square feet on our 220 Central Park South development site. The incremental development cost of this project is approximately \$1.3 billion, of which \$238,000,000 has been expended as of September 30, 2015. On September 22, 2015, we upsized the loan on our 220 Central Park South development by \$350,000,000 to \$950,000,000. In connection with the upsizing, the standby commitment for a \$500,000,000 mezzanine loan for this development has been terminated.

We are in the process of redeveloping the retail space at the Marriott Marquis Times Square Hotel, including converting the below grade parking garage into retail, which is expected to be completed by the end of 2015. The retail space includes 20,000 square feet on grade and 24,000 square feet below grade. As part of the redevelopment, we have completed the construction of a six-story, 300 foot wide block front, dynamic LED sign, which was lit for the first time in November 2014. The incremental development cost of this project is approximately \$220,000,000, of which \$196,000,000 has been expended as of September 30, 2015.

We are developing The Bartlett, a 699-unit residential project in Pentagon City, which is expected to be completed in 2016. The project will include a 37,000 square foot Whole Foods Market at the base of the building. The incremental development cost of this project is approximately \$250,000,000, of which \$145,000,000 has been expended as of September 30, 2015.

We are redeveloping an existing 171,000 square foot office building in Crystal City (2221 S. Clark Street), which we have leased to WeWork, into 216 rental residential units and 2 floors of co-working space. The incremental development cost of this project is approximately \$40,000,000, of which \$19,000,000 has been expended as of September 30, 2015. The redevelopment is expected to be completed in phases beginning in the fourth quarter of 2015.

We have substantially completed the repositioning of 280 Park Avenue (50% owned). Our share of the incremental development costs of this project is approximately \$63,000,000, of which \$61,000,000 was expended as of September 30, 2015.

We are also evaluating other development and redevelopment opportunities at certain of our properties in Manhattan, including the Penn Plaza District, and in Washington, including Crystal City, Rosslyn and Pentagon City.

There can be no assurance that any of our development or redevelopment projects will commence, or if commenced, be completed, or completed on schedule or within budget.

Other Commitments and Contingencies

We are from time to time involved in legal actions arising in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters is not expected to have a material adverse effect on our financial position, results of operations or cash flows.

Each of our properties has been subjected to varying degrees of environmental assessment at various times. The environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Our mortgage loans are non-recourse to us. However, in certain cases we have provided guarantees or master leased tenant space. These guarantees and master leases terminate either upon the satisfaction of specified circumstances or repayment of the underlying loans. As of September 30, 2015, the aggregate dollar amount of these guarantees and master leases is approximately \$430,000,000.

At September 30, 2015, \$40,647,000 of letters of credit were outstanding under one of our revolving credit facilities. Our revolving credit facilities contain financial covenants that require us to maintain minimum interest coverage and maximum debt to market capitalization ratios, and provide for higher interest rates in the event of a decline in our ratings below Baa3/BBB. Our revolving credit facilities also contain customary conditions precedent to borrowing, including representations and warranties, and also contain customary events of default that could give rise to accelerated repayment, including such items as failure to pay interest or principal.

As of September 30, 2015, we expect to fund additional capital to certain of our partially owned entities aggregating approximately \$76,000,000.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in market interest rates. Market interest rates are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates on our consolidated and non-consolidated debt (all of which arises out of non-trading activity) is as follows:

(Amounts in thousands, except per unit amounts)	2015			2014	
	September 30, Balance	Weighted	Effect of 1%	December 31, Balance	Weighted
		Average Interest Rate	Change In Base Rates		Average Interest Rate
Consolidated debt:					
Variable rate	\$ 2,818,142	2.01%	\$ 28,181	\$ 1,763,769	2.20%
Fixed rate	7,188,865	4.34%	-	7,846,555	4.36%
	<u>\$ 10,007,007</u>	<u>3.69%</u>	<u>28,181</u>	<u>\$ 9,610,324</u>	<u>3.97%</u>
Pro rata share of debt of non-consolidated entities (non-recourse):					
Variable rate – excluding Toys	\$ 472,046	1.86%	4,720	\$ 319,387	1.72%
Variable rate – Toys	1,046,123	7.05%	10,461	1,199,835	6.47%
Fixed rate (including \$662,214 and \$674,443 of Toys debt in 2015 and 2014)	2,780,337	6.39%	-	2,754,410	6.45%
	<u>\$ 4,298,506</u>	<u>6.05%</u>	<u>15,181</u>	<u>\$ 4,273,632</u>	<u>6.10%</u>
Total change in annual net income			<u>\$ 43,362</u>		
Per diluted unit			<u>\$ 0.23</u>		

We may utilize various financial instruments to mitigate the impact of interest rate fluctuations on our cash flows and earnings, including hedging strategies, depending on our analysis of the interest rate environment and the costs and risks of such strategies. As of September 30, 2015, we have one interest rate swap on a \$418,000,000 mortgage loan that swapped the rate from LIBOR plus 1.65% (1.85% at September 30, 2015) to a fixed rate of 4.78% through March 2018.

Fair Value of Debt

The estimated fair value of our consolidated debt is calculated based on current market prices and discounted cash flows at the rate at which similar loans could be made currently to borrowers with similar credit ratings, for the remaining term of such debt. As of September 30, 2015, the estimated fair value of our consolidated debt was \$10,156,000,000.

Item 4. Controls and Procedures

Disclosure Controls and Procedures: Vornado's management, with the participation of Vornado's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on such evaluation, Vornado's Chief Executive Officer and Chief Financial Officer have concluded that, as of September 30, 2015, such disclosure controls and procedures were effective.

Internal Control Over Financial Reporting: There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities and Exchange Act of 1934, as amended) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
