#### **Acquisitions and Servicing Segment (“A&S”)**

A&S broke even in the fourth quarter of 2018 on an adjusted pretax income basis, consistent with the prior year quarter.

#### **Other**

During the fourth quarter of 2018, Other generated an adjusted pretax loss of \$3 million, compared to an adjusted pretax loss of \$7 million in the prior year quarter. Other consists of our non-originating legacy operations, which include our liquidating real estate loan portfolio. The remaining real estate loans are carried at \$103 million compared to the unpaid principal balance of \$169 million.

#### **Funding and Liquidity**

As of December 31, 2018, the company had principal debt balances outstanding of \$15.5 billion, 48% of which was secured and 52% of which was unsecured. The company had \$679 million of cash and cash equivalents, which included \$226 million of cash and cash equivalents held at our regulated insurance subsidiaries or for other operating activities that are unavailable for general corporate purposes. The company had undrawn revolving conduit facilities of approximately \$6.0 billion and \$7.6 billion of unencumbered personal loans.

#### **Use of Non-GAAP Financial Measures**

We report the operating results of Consumer and Insurance, Acquisitions and Servicing, and Other using the Segment Accounting Basis, which (i) reflects our allocation methodologies for certain costs, primarily interest expense, loan loss reserves, and acquisition costs, to reflect the manner in which we assess our business results and (ii) excludes the impact of applying purchase accounting (eliminates premiums/discounts on our finance receivables and long-term debt at acquisition, as well as the amortization/accretion in future periods). Consumer and Insurance adjusted pretax income (loss), Consumer and Insurance adjusted net income (loss), Consumer and Insurance adjusted earnings (loss) per diluted share, Acquisitions and Servicing adjusted pretax income (loss), and Other adjusted pretax income (loss) are key performance measures used by management in evaluating the performance of our business. Consumer and Insurance adjusted pretax income (loss), Acquisitions and Servicing adjusted pretax income (loss), and Other adjusted pretax income (loss) represents income (loss) before income taxes on a Segment Accounting Basis and excludes acquisition-related transaction and integration expenses, net losses resulting from repurchases and repayments of debt, restructuring charges, net loss on sale of real estate loans, and non-cash incentive compensation expense. Management believes these non-GAAP financial measures are useful in assessing the profitability of our segments and uses these non-GAAP financial measures in evaluating our operating performance and as a performance goal under the company’s executive compensation programs. These non-GAAP financial measures should be considered supplemental to, but not as a substitute for or superior to, income (loss) before income taxes, net income, or other measures of financial performance prepared in accordance with U.S. generally accepted accounting principles (“GAAP”).

#### **Cautionary Note Regarding Forward-Looking Statements**

This document contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are not statements of historical fact but instead represent only management’s current beliefs regarding future events. By their nature, forward-looking statements are subject to risks, uncertainties, assumptions and other important factors that may cause actual results, performance or achievements to differ materially from those expressed in or implied by such forward-looking statements. We caution you not to place undue reliance on these forward-looking statements that speak only as of the date they were made. We do not undertake any obligation to update or revise these forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events or the non-occurrence of anticipated events. Forward-looking statements include, without limitation, statements concerning future plans (including statements regarding the timing, declaration, amount and payment of any future dividends), objectives, goals, projections, strategies, events or performance, and underlying assumptions and other statements related thereto. Statements preceded by, followed by or that otherwise include the words “anticipates,” “appears,” “are likely,” “believes,” “estimates,” “expects,” “foresees,” “intends,” “plans,” “projects” and similar expressions or future or conditional verbs such as “would,” “should,” “could,” “may,” or “will,” are intended to identify forward-looking statements. Important factors that could cause actual results, performance or achievements to differ materially from those expressed in or implied by forward-looking statements include, without limitation, the following: adverse changes in general economic conditions, including the interest rate environment and the financial markets; risks related to the acquisition or sale of assets or businesses or the formation, termination or operation of joint ventures or other strategic alliances, including increased loan delinquencies or net charge-offs, integration or migration issues, increased costs of servicing, incomplete records, and retention of customers; our estimates of the allowance for finance receivable losses may not be adequate to absorb actual losses, causing our provision for finance receivable losses to increase, which would adversely affect our results of operations; increased levels of unemployment and personal bankruptcies; our strategy of increasing the proportion of secured loans may lead to declines in or slower growth in our personal loan receivables and portfolio yield; adverse changes in the rate at which we can collect or potentially sell our finance receivables portfolio; our decentralized branch loan approval process could expose us to greater than historical delinquencies and charge-offs; natural or accidental events such as earthquakes, hurricanes, tornadoes, fires, or floods affecting our customers, collateral, or branches or other operating facilities; war, acts of terrorism, riots, civil disruption, pandemics, disruptions in the operation of our information systems, or other events disrupting business or commerce; a failure in or breach of our operational or security systems or infrastructure or those of third parties, including as a result of cyber-attacks; or other cyber-related incidents involving the loss, theft or unauthorized disclosure of personally identifiable information, or “PII,” of our present or former customers; our credit risk scoring models may be inadequate to properly assess the risk of customer unwillingness or lack of capacity to repay; adverse changes in our ability to attract and retain employees or key executives to support our businesses; increased competition, lack of customer responsiveness to our distribution channels, an inability to make technological improvements, and the ability of our competitors to offer a more attractive range of personal loan products than we offer; changes in federal, state or local laws, regulations, or regulatory policies and practices that adversely affect our ability to conduct business or the manner in which we are permitted to conduct business, such as licensing requirements, pricing limitations or restrictions on the method of offering products, as well as changes that may result from increased regulatory scrutiny of the sub-prime lending industry, our use of third-party vendors and

real estate loan servicing, or changes in corporate or individual income tax laws or regulations, including effects of the Tax Cuts and Jobs Act; risks associated with our insurance operations, including insurance claims that exceed our expectations or insurance losses that exceed our reserves; our ability be unable to successfully implement our growth strategy for our consumer lending business or successfully acquire portfolios of personal loans; declines in collateral values or increases in actual or projected delinquencies or net charge-offs; potential liability relating to finance receivables which we have sold or securitized or may sell or securitize in the future if it is determined that there was a non-curable breach of a representation or warranty made in connection with such transactions; the costs and effects of any actual or alleged violations of any federal, state or local laws, rules or regulations, including any litigation associated therewith; the costs and effects of any fines, penalties, judgments, decrees, orders, inquiries, investigations, subpoenas, or enforcement or other proceedings of any governmental or quasi-governmental agency or authority and any litigation associated therewith; our continued ability to access the capital markets or the sufficiency of our current sources of funds to satisfy our cash flow requirements; our ability to comply with our debt covenants; our ability to generate sufficient cash to service all of our indebtedness; any material impairment or write-down of the value of our assets; the ownership of our common stock continues to be highly concentrated, which may prevent minority stockholders from influencing significant corporate decisions and may result in conflicts of interest; the effects of any downgrade of our debt ratings by credit rating agencies, which could have a negative impact on our cost of and/or access to capital; our substantial indebtedness, which could prevent us from meeting our obligations under our debt instruments and limit our ability to react to changes in the economy or our industry or our ability to incur additional borrowings; our ability to maintain sufficient capital levels in our regulated and unregulated subsidiaries; changes in accounting standards or tax policies and practices and the application of such new standards, policies and practices; management estimates and assumptions, including estimates and assumptions about future events, may prove to be incorrect; any failure to achieve the SpringCastle Portfolio performance requirements, which could, among other things, cause us to lose our loan servicing rights over the SpringCastle Portfolio; various risks relating to continued compliance with the Settlement Agreement with the U.S. Department of Justice; and other risks and uncertainties described in the “Risk Factors” and “Management’s Discussion and Analysis” sections of the Company’s most recent Form 10-K and Form 10-Qs filed with the SEC and in the Company’s other filings with the SEC from time to time.

If one or more of these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, our actual results may vary materially from what we may have expressed or implied by these forward-looking statements. You should specifically consider the factors identified in this document that could cause actual results to differ before making an investment decision to purchase our common stock and should not place undue reliance on any of our forward-looking statements. Furthermore, new risks and uncertainties arise from time to time, and it is impossible for us to predict those events or how they may affect us.
