ENB Financial Corp Announces Expansion of Common Stock Repurchase Program

(February 21, 2019) -- Ephrata, PA -- ENB Financial Corp (OTCBB: ENBP), announced today that the Board of Directors approved a plan to repurchase, in open market and privately negotiated transactions, up to 100,000 shares of the Corporation's outstanding common stock. This current plan replaces the last repurchase plan announced in 2015 and allows for an additional 100,000 shares to be repurchased. The Corporation will use its best efforts to complete the repurchase plan by end of 2019. The Corporation believes the repurchase of its stock may increase the return on equity and the net income per share of the remaining outstanding shares of common stock and enhance long-term shareholder value. The purchases are funded with liquidity based on capital levels in excess of regulatory requirements. These stock repurchases are not expected to have a material impact on capital levels due to the consistent nature of the buyback plans.
