**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

The terms "Summit II", "the Trust" or "the REIT" in the following Management's Discussion and Analysis ("MD&A") refer to Summit Industrial Income Real Estate Investment Trust and its unaudited condensed consolidated interim financial statements and results of operations for the three month periods ended March 31, 2016 and 2015.

FORWARD-LOOKING INFORMATION ADVISORY

Certain statements in this MD&A are "forward - looking statements" within the meaning of applicable securities laws. These statements reflect Management's expectations regarding Summit II's future growth, results of operations, performance and business prospects and opportunities including expectations for the current financial year, and include, but are not limited to, statements with respect to Management's beliefs, plans, estimates and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Statements that contain the words such as "could", "should", "would", "can", "anticipate", "expect", "does not expect", "believe", "plan", "budget", "schedule", "estimate", "intend", "project", "will", "may", "might", "continue" and similar expressions or statements relating to matters that are not historical factors constitute forward - looking statements. Such forward - looking statements reflect Management's current beliefs and are based on information currently available to Management.

These statements are not guarantees of future events or performance and, by their nature, are based on Summit II's current estimates and assumptions, which are subject to significant risks and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward - looking statements including, but not limited to, risks associated with real property ownership, debt financing, interest and financing, capital requirements, credit risk, general uninsured losses, developments, future property acquisitions, competition for real property investments, environmental matters, land leases, potential conflicts of interest, governmental regulations, the relative illiquidity of real property, taxation and reliance on key personnel. These risks, and others, are more fully discussed under the "Risk Factors" section of this MD&A. Material factors and assumptions that were applied in drawing a conclusion or making an estimate set out in the forward - looking information may include, but are not limited to: relatively low and stable interest costs; access to equity and debt capital markets to fund, at acceptable costs, the future growth of Summit II and to enable it to refinance debts as they mature; Summit II's ability to maintain occupancy and to lease or re - lease space at current or anticipated rents; and the availability of purchase opportunities for growth in Canada. Summit II has attempted to identify important factors that could cause actual results, performance or achievements to be other than as expected or estimated and that could cause actual results, performance or achievements to differ materially from current expectations. These factors are not intended to represent a complete list of the factors that could affect Summit II. Although the forward - looking statements contained in this MD&A are based upon what Management believes to be reasonable assumptions, Summit II cannot assure investors that actual results will be consistent with these forward-looking statements.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

The forward - looking statements contained herein are expressly qualified in their entirety by this cautionary statement and readers should not place undue reliance on such forward - looking statements. In addition, certain statements included in this MD&A may be considered "financial outlook" for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than in this MD&A. These forward - looking statements are made as at the date of this MD&A and Summit II assumes no obligation to update or revise them to reflect new events or circumstances unless otherwise required to do so by applicable securities legislation.

BASIS OF PRESENTATION

Financial data included in this MD&A includes material information as of May 10, 2016, and should be read in conjunction with the REIT's unaudited condensed consolidated interim financial statements for the three month periods ended March 31, 2016 and 2015. Financial data provided has been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

ADDITIONAL INFORMATION

Additional information relating to Summit II, including the Annual Information Form, Material Change Reports and all other continuous disclosure documents required by the securities regulators, are filed on the System for Electronic Document Analysis and Retrieval (SEDAR) and can be accessed electronically at www.sedar.com.

REVIEW AND APPROVAL BY THE BOARD OF TRUSTEES

The Board of Trustees, upon the recommendation of its Audit Committee, approved the contents of this MD&A on May 10, 2016.

SECTION I – OVERVIEW VISION AND STRATEGY

OVERVIEW

Summit II, is an unincorporated mutual fund trust governed by the laws of the Province of Ontario pursuant to the terms of its amended and restated Declaration of Trust dated November 9, 2012 (the "Declaration of Trust"). Summit II's Units are publicly traded on the Toronto Stock Exchange ("TSX") under the symbol SMU.UN.

Summit II is focused primarily on the light industrial segment of the Canadian real estate industry. As at March 31, 2016, Summit II's property portfolio was comprised of 48 income producing properties and one value-add property totalling 4,555,772 square feet of gross leasable area ("GLA") with a net book value of approximately \$419.5 million. Total assets as at March 31, 2016, were approximately \$423.5 million.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

NON-IFRS FINANCIAL MEASURES

Readers are cautioned that certain terms used in this MD&A such as Funds from Operations (FFO), Adjusted Funds from Operations (AFFO), Net Operating Income (NOI) and any related per Unit amounts used by Management to measure, compare and explain the operating results and financial performance of the Trust do not have any standardized meaning prescribed under IFRS and, therefore, should not be construed as alternatives to net income or cash flow from operating activities calculated in accordance with IFRS. Such terms do not have a standardized meaning prescribed by IFRS and may not be comparable to similarly titled measures presented by other publicly traded entities.

SIGNIFICANT ACCOUNTING POLICIES

Summit II's significant accounting policies are described in Note 3 to its unaudited condensed consolidated interim financial statements for the three month periods ended March 31, 2016 and 2015.

The preparation of financial statements requires Summit II to make estimates and judgments that affect the reported results. For a detailed discussion of the critical estimates refer to Note 5 to the REIT's audited consolidated financial statements for the years ended December 31, 2015 and 2014.

SUMMIT II'S BUSINESS, VISION AND STRATEGY

SUMMIT II'S BUSINESS

Primary Investment

Light Industrial Segment

Summit II is focused on the light industrial sector of the Canadian real estate industry. Light industrial properties are generally one-story properties located in or near major cities. The properties house such activities as warehousing and storage, light assembly and shipping, call centers and technical support, professional services and a number of other similar uses. There are no significant heavy industrial activities conducted in the properties owned by Summit II.

Summit II has selected this focus due to the solid fundamentals of the Canadian light industrial real estate sector, including low market rent volatility, reduced operating costs and typically generic - use space that is highly marketable. In addition, the scale and diversity of the tenant base occupying light industrial properties is broad and generally tracks the overall economy, reducing risk and providing predictable and consistent cash flow. Finally, capital expenditure and maintenance requirements, leasehold improvement and tenant inducement costs are relatively low compared to other types of real estate.

SUMMIT II'S VISION AND STRATEGY

Summit II's mission is to provide best-in-class services to its tenants while delivering solid, stable, and secure returns to its Unitholders. Over the long term, Summit II is dedicated to maximizing FFO through effective property management, realizing on efficiencies and synergies from critical mass, accretive acquisitions, innovative financings and selective development opportunities.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

To achieve these goals, Summit II has developed the following key objectives:

1. *To produce superior, dependable returns over the long term for its Unitholders.*

To meet this objective, Summit II plans to generate accretive growth while purchasing properties at values that are at or below replacement cost. Summit II also intends to maximize, over time, available development and expansion opportunities on its existing properties and, through a mortgage-backed mezzanine financing program, undertake development projects through third parties. In the pursuit of generating increasing funds from operations, Summit II plans to maximize operating synergies and to increase economies of scale. Summit II's goal is to achieve growth in FFO over the long term.

2. *To be a leading industrial landlord in its chosen markets.*

By building critical mass in its chosen market, Summit II plans to capture increasing economies of scale and operating synergies to grow its FFO. Further, Summit II will continue to create diversity in its tenant base and industrial inventory to accommodate changing tenant needs. In addition, Summit II is consistently presented with acquisition opportunities by sellers of industrial real estate.

To meet its growth objective, Summit II will continue to acquire light industrial properties, to expand GLA in its owned properties based on tenant demand, and to grow through direct and third party development projects. Management is confident through its strong relationships with its lenders and the ability it has demonstrated to access the capital markets that it will generate sufficient capital to meet its growth targets over the long term.

3. *To be one of the top managers of industrial real estate in Canada.*

Summit II plans to accomplish its vision to be a "best-in-class" service provider to tenants through innovative programs that focus on tenant retention, real estate leasing broker loyalty, standardization of operations, operating efficiency, and proactive employee management.

By strengthening its reputation as a leading service provider and continuing to meet the needs of its tenants, Summit II will enhance portfolio occupancy, average monthly rents and tenant retention over the long term. Retaining a tenant is much more efficient and much less expensive than attracting a new tenant to a vacant space. High occupancies and strong tenant retention ratios assist in maximizing cash flow from Summit II's income properties.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

SECTION II – KEY PERFORMANCE INDICATORS

Summit II measures the long-term success of its strategies through a number of key financial and operating performance indicators as described below:

FINANCIAL INDICATORS

Funds from Operations

Management has determined FFO to be a useful measure of operating performance as it focuses on cash flow from operating activities. FFO is net income (computed in accordance with IFRS), net of extraordinary items, amortization expense, future income taxes and gains and losses from property dispositions as well as non-cash items such as the fair value adjustments to investment properties. Management will strive to increase FFO over the long term.

Adjusted Funds from Operations

AFFO is defined as FFO net of actual leasing commissions, tenant improvements, capital expenditures that maintain the current rental operations, and straight-line rent. Management considers leasing activities and capital expenditures to be fundamental to the operating activities of the REIT in order to maintain the current level of rental operations, and is not a discretionary investment. In calculating AFFO, leasing costs have been normalized based on a three-year average to consider fluctuations with lease maturities and renewal terms. Estimates of normalized leasing costs are based on the current property portfolio. Management has excluded from the calculation of AFFO those capital expenditures and leasing costs that relate to the generation of a new rental stream. Management also considers AFFO to be an effective measure of the cash generated from operations and is a measure of the REIT's ability to pay distributions.

Net Operating Income

NOI is a generally accepted proxy for operating cash flow and represents earnings before interest expense, income tax expense, amortization expense, plus losses/less any gains on disposition of property, and excluding non-recurring items, such as asset impairment or unrealized gains/losses that may occur under IFRS.

Cash Distributions per Unit

Currently the REIT pays monthly cash distributions to Unitholders of \$0.042 per Unit, or \$0.504 per Unit on an annualized basis. The Board of Trustees has adopted a policy to consider annually increasing the cash distribution by between 2% and 4% while maintaining an AFFO payout ratio below 90%.

In addition, the Board of Trustees has adopted a policy to distribute a special distribution when the REIT produces a realized gain upon the sale of a property. The special distribution will be up to 20% of the realized gain.

Adjusted Funds from Operations Payout Ratio

To ensure it retains sufficient cash to meet its capital improvement and leasing objectives, Summit II will strive to maintain its annual AFFO Payout Ratio (cash distributions per Unit divided by adjusted funds from operations per Unit) under 90%.

Debt Leverage Ratio

A conservative leverage ratio mitigates Unitholders' risk. Summit II measures its debt leverage ratio in accordance with its Declaration of Trust. Leverage is calculated as the sum of mortgages payable, convertible debentures, preferred units payable, unsecured debentures and bank loans payable divided by

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

the book value of total assets. The maximum permitted debt leverage ratio under the Declaration of Trust is 65%. While expanding its portfolio, Summit II intends to maintain its leverage ratio in the mid-50% range over the long term.

OPERATING INDICATORS

Tenant Retention

Summit II places a very high value on tenant retention, as the cost to retain a tenant is typically lower than the cost to attract a new one. When a tenant is retained, lost rent due to unoccupied space is eliminated and leasing commissions and tenant inducements are typically lower than the cost of putting new tenants in place. Over the long term, Summit II will continue to aim at a target of 75% tenant retention level.

Occupancy

Consistently high occupancies also generate greater cash flow over the long term. Through its proactive property management and leasing activities, Management anticipates maintaining occupancy at levels higher than the average occupancy in each of the markets in which it operates. Economic full occupancy in a light industrial portfolio is realistically at a level less than 100% due to the fact that there will often be some vacancy in the portfolio due to tenant turnover or during the time certain properties are under development or renovation.

Average Rents

Increasing average cash rents contributes to higher funds from operations. Annual contractual increases in rent are beneficial to tenants in managing their costs, as significant rental increases at maturity are avoided and replaced with a predictable expenditure pattern. Summit II intends to negotiate annual increases in rent in the majority of new lease transactions and renewals. The collection of rents is enhanced by Summit II's preauthorized payment program, which provides administrative efficiencies to both Summit II and its tenants, as well as providing more consistent cash flow and reducing exposure to delinquent accounts.

Lease Portfolio Management

As noted above, a high tenant retention ratio is strongly valued at Summit II. A properly balanced lease maturity schedule facilitates maintaining higher occupancies and spreads leasing costs more predictable over future years. Summit II will endeavor to have no more than 15% of its leases maturing in any one year.

Capital Expenditures

Through its focused capital expenditure program, Summit II anticipates maintaining its properties so they remain functional and competitive within their respective geographic markets. Based on its current capital program, Summit II plans to spend \$0.15 to \$0.20 per square foot per annum on non-recoverable capital expenditures.

CAPABILITY TO DELIVER RESULTS

Summit II is confident that it has the Management team, asset base, access to investment opportunities and access to capital to meet its objectives. The achievement of Summit II's objectives is partially dependent on successful mitigation of business risks. Summit II believes it has identified and mitigated such risks to the extent practical and is committed to identifying and implementing the actions required in achieving its strategy.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

Management's capabilities and the business risks that must be managed are discussed in Summit II's Annual Information Form dated March 30, 2016.

Business and Economic Environment

In the current low interest rate environment, Canadian industrial real estate has performed very well. Through the first quarter of 2016, Management believes a strengthening US economy and low Canadian dollar will continue to have a positive impact on the Canadian economy in general, and Canadian industrial markets in particular. At the end of the first quarter, the national availability rate and vacancy rate in Canada had dropped to 5.6% and 4.2%, respectively, compared with corresponding rates of 8.1% and 6.1% reported at the height of the recession in 2009. The current market fundamentals are indicative of very healthy and stable markets, particularly in Summit II's target markets. Among Canada's major industrial markets, the Greater Toronto Area ("GTA") is experiencing the second lowest availability rate and vacancy rates in the country at 4.0% and 2.1%, respectively.⁽¹⁾ A majority of Summit II's light industrial real estate is located in the GTA in order to capitalize on these historically tight market conditions. With absorption outpacing new supply in the GTA, and growing constraints on new supply in the form of rising development charges, rising construction costs and land preservation, Management believes there will be upward pressure on the GTA's light industrial rental rates that will be supportive of long term value creation in the region. The Greater Montreal Area ("GMA") continues to strengthen with availability and vacancy rates declining. The continued expansion of the port of Montreal through 2016 is expected to increase tonnage and cargo shipments which should help to further improve occupancy and rental rates in the region. The proximity of the GMA to the strengthening US economy will be a direct benefit to industrial real estate. For these reasons, both the GTA and GMA will be a focus of Summit II's growth plans over the near term.

Properties acquired	4	-	10
Non-core properties disposed	-	-	-

⁽¹⁾ On January 7, 2015, approximately 5,130,000 Units were issued on completion of a public offering.

⁽²⁾ On March 15, 2013, the Trust announced a cash distribution policy to pay \$0.0408 per Trust Unit starting on April 15, 2013, to Unitholders of record on March 29, 2013. On May 6, 2014, the Trust announced a cash distribution increase to \$0.042 per Trust Unit.

⁽³⁾ Average leverage was 55.0% during the first quarter of 2016 compared to 51.8% in the same period of 2015.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

FINANCIAL AND OPERATING HIGHLIGHTS

Recent Highlights:

- 99.8% occupancy at March 31, 2016 with remaining vacant space leased subsequent to quarter-end.
- Completed 449,730 square feet of new and renewal leasing compared to 67,000 in Q1 last year.
- Only 2.8% of lease expiries remain in 2016 as at March 31, 2016.
- Acquired a 50% interest in three properties in Montreal totaling 74,362 sq. ft. for a purchase price of \$12.0 million.
- Acquired a 50% interest in first value-add property in Montreal totaling 77,865 sq. ft. for a purchase price of \$3.6 million.
- Secured \$7.5 million in mortgage debt at a rate of 2.78% with a five-year term to maturity.
- 84.4% FFO payout ratio without DRIP benefit and 71.1% with DRIP benefit.
- Manager and Insiders interest remains strongly aligned with Unitholders through 13.9% insider ownership of REIT Units outstanding.

REVENUE, PROPERTY OPERATING EXPENSES, NOI, INTEREST

Net operating income for the three months ended March 31, 2016, increased to \$6.9 million compared to \$6.3 million for the same period in 2015. The increases were due to accretive acquisitions completed in 2015 and 2016, partially offset by the 75% sale of two properties in April 2015. Please refer to the "Transactions" section below.

Interest expense for the three months ended March 31, 2016, increased to \$2.1 million compared to \$1.9 million for the same period in 2015. The increase was due to the increase in the property portfolio and the related increase in mortgage and other debt.

Net income for the three months ended March 31, 2016, was \$4.3 million compared to \$3.6 million for the same period in 2015. The increase was primarily due to the transactions as noted above and no net fair value adjustments recorded for the three months ended March 31, 2016 compared to fair value losses of \$442,000 for the same period in 2015.

Total Acquisitions for the year 2015					850,602	78,975,000

⁽¹⁾ Represents 50% of total GLA.

The REIT continues to expand its presence in Montreal. Acquisitions during this quarter include the REIT's first value-add acquisition at 5685 Rue Cypihot, Saint-Laurent, Quebec, acquiring a 50% interest in a 155,730 square foot light industrial property. In conjunction with this acquisition, the REIT entered into a joint venture property acquisition and development agreement with its Montreal partner, the Montoni Group. The REIT and its joint venture partner will upgrade and then lease the property, which is expected to take approximately twelve to eighteen months.

The 50% interest in the other three properties acquired during the period were also with its Montreal partner. With these above acquisitions the REIT now owns 788,038 square feet of GLA in Montreal representing 17.3% of its total portfolio. The REIT, along with its partner, the Montoni Groupe, owns a total of 1.3 million square feet of primarily new generation real estate in Montreal.

MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

FUNDS FROM OPERATIONS, ADJUSTED FUNDS FROM OPERATIONS

The Trust's FFO and AFFO per Unit are calculated as follows:

	Three months ended		
	March 31, 2016	December 31, 2015	March 31, 2015
(in Thousands of Canadian dollars)			
Net Income	\$ 4,285	\$ 4,956	\$ 3,638
<i>adjustments</i>			
Free rent amortization	\$ 38	\$ 37	\$ 18
Loss (Gain) on sale of property ⁽¹⁾	\$ -	\$ (11)	\$ -
Incentive fee associated with realized (loss) gain on sale of investment properties ⁽²⁾	\$ -	\$ 2	\$ -
Fair value adjustment to investment properties	\$ -	\$ (669)	\$ 442
FFO	\$ 4,323	\$ 4,315	\$ 4,098
<i>adjustments</i>			
Straight lining of rents	\$ (252)	\$ (233)	\$ (235)
Leasing costs ⁽³⁾	\$ (400)	\$ (351)	\$ (351)
Capital	\$ (11)	\$ (106)	\$ (140)
AFFO	\$ 3,660	\$ 3,626	\$ 3,372
FFO per Unit	\$ 0.149	\$ 0.150	\$ 0.145
AFFO per Unit ⁽³⁾	\$ 0.126	\$ 0.126	\$ 0.119
Regular Distributions declared to Unitholders	\$ 3,651	\$ 3,638	\$ 3,601
Regular Distributions per Unit declared to Unitholders	\$ 0.1260	\$ 0.1260	\$ 0.1260
Regular Cash distributions paid	\$ 3,072	\$ 3,057	\$ 2,917
Regular FFO payout ratio without DRIP benefit	84.4%	84.3%	86.8%
Regular FFO payout ratio with DRIP benefit ⁽¹⁾	71.1%	70.8%	71.2%
Weighted average number of Units outstanding	28,961	28,860	28,226
Units issued and outstanding at the end of the period	29,011	28,908	28,608

⁽¹⁾ The gain on sale of property is calculated as net proceeds on sale less the IFRS fair market value of the property prior to sale.

⁽²⁾ The realized gain on sale of investment property is calculated as net proceeds on sale less the actual costs incurred to initially acquire the property and the capital and leasing cost incurred since ownership.

⁽³⁾ Leasing costs in the AFFO calculation have been normalized to consider fluctuations with lease maturities and renewal terms. Current year represents a three year average spread evenly over the quarters and prior year represents actual expenditures spread evenly over the quarters.

For the three months ended March 31, 2016, FFO and AFFO were \$4.3 million (\$0.149 per Unit) and \$3.7 million (\$0.126 per Unit), respectively, compared to \$4.1 million (\$0.145 per Unit) and \$3.4 million (\$0.119 per Unit), respectively, during the same period in 2015.

The increases in FFO and AFFO in 2016 are due primarily to acquisitions completed over the prior twelve months, partially offset by the disposal of 75% of two properties in 2015. The REIT's FFO payout ratio through the first quarter of 2016 was 84.4% or 71.1% including the benefit of the REIT's DRIP program compared to 86.8% or 71.2% during the same period in 2015.

In calculating AFFO, leasing costs have been normalized to consider fluctuations with lease maturities and renewal terms. Estimates of normalized leasing costs for the current period are based on a three-year average of the current property portfolio and spread evenly over the quarters. Prior year leasing costs represent

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

actual costs incurred spread evenly over the quarters. Leasing costs were approximately \$1.5 million in the period compared to \$194,000 in the first quarter of 2015. During the first quarter of 2016, 313,738 square feet of renewal leasing were completed as well as 135,992 square feet of new leases for a total of 449,730 square feet compared to only 67,000 square feet in the first quarter of 2015. As a result, as at March 31, 2016, only 2.8% of the total portfolio is up for lease renewal through the remainder of 2016. Management is confident leasing costs will decline significantly through the remainder of the year. For the balance of this year, the REIT expects to complete approximately 232,000 square feet of leasing at an average cost of approximately \$2.60 per square foot.

LIQUIDITY AND CAPITAL RESOURCES

The major changes to Summit II's balance sheet as at March 31, 2016, compared to the prior year reflect the property acquisitions, dispositions, debt obtained and equity offering during the nine-month period.

TOTAL ASSETS

Summit II's total assets increased to \$423.5 million at March 31, 2016, from \$406.4 million at the prior year end. During the quarter, the REIT acquired one value-add and three income producing properties in Quebec for a purchase price of \$15.6 million. Please refer to the "Transactions" section above for more details.

TOTAL DEBT

Total debt was \$234.5 million at March 31, 2016, compared to \$218.4 million at the prior year end. On January 4, 2016, \$4.9 million in mortgage debt on one property matured and was paid utilizing funds from the revolving credit facility. This property has been added as security on the line.

In conjunction with the acquisition of interests in the four properties in Montreal the Trust assumed \$6.9 million in mortgage financing, at an average interest rate of 3.63% and an average term to maturity of 7.1 years. One of the mortgages for \$3.2 million, was obtained at a variable interest rate of monthly Canadian Dealer Offered Rate ("CDOR") plus 1.58% with a term to maturity of ten years. In order to hedge the interest rate risk on the variable interest rate, the Trust entered into a ten-year interest rate swap agreement which effectively fixed the interest rate at 3.63%. The balance of the transaction was satisfied with funds from the revolving credit facility.

As well, \$7.5 million in new mortgage financing was obtained at a variable interest rate of monthly CDOR plus 1.65% with a term to maturity of five years. The proceeds from the new mortgage financing was used to pay down the revolving credit facility. In order to hedge the interest rate risk on this variable rate, the Trust entered into a five-year interest rate swap agreement effectively fixing the interest rate at 2.78%.

As of March 31, 2016, \$38.0 million was drawn on the revolving credit facility. The Trust's exposure to floating rate debt was 17.5% of total debt as at March 31, 2016.

EQUITY

Unitholders' equity increased to \$178.8 million at March 31, 2016, compared to \$177.9 million at the prior year end.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

CASH DISTRIBUTIONS

The regular cash distributions declared during the three-month period ended March 31, 2016, were \$3.7 million compared to \$3.6 million in the same period of 2015. The Trust will continue its distribution of \$0.042 per Unit on a monthly basis (\$0.504 per Unit on an annualized basis).

SPECIAL DISTRIBUTION

As a result of the net realized gain of \$2.4 million or \$0.08 per Unit created on the sale of a 75% interest in two properties in April 2015, the Trustees approved a special distribution of \$0.016 per Unit payable to shareholders of record May 31, 2015. The total amount of this special distribution was \$459,000 or \$392,000 net of DRIP participation and was paid June 15, 2015. The distribution represents approximately 20% of the realized gain on the disposition. There have been no special distributions declared in the first three months of 2016.

UNITHOLDERS' TAXATION

For taxable Canadian resident Unitholders, the distributions are treated in the following manner for tax purposes:

For the years ended	2015	2014	2013
Other income	0.00%	0.00%	0.89%
Capital gain	24.22%	23.21%	23.67%
Return of capital	75.78%	76.79%	75.44%

Only 50% of capital gains are included in taxable income as a result only 12.11% of the 2015 distribution is taxable.

DISTRIBUTION REINVESTMENT PLAN

The Trust has a Distribution Reinvestment Plan (DRIP) whereby registered or beneficial holders of the Trust's Units who are resident in Canada can acquire additional Trust Units by reinvesting all or a portion of their monthly cash distributions without paying brokerage commissions. In addition, Unitholders who elect to participate in the DRIP will receive a further distribution of Trust Units equal to 5% of each distribution that was reinvested by them.

During the three-month period ended March 31, 2016, there were 103,324 Units issued under this plan for total proceeds of \$0.6 million, representing a DRIP participation rate of 15.8%. During the three-month period ended March 31, 2015, there were 81,381 Units issued under this plan for total proceeds of \$0.5 million, representing a 13.8% DRIP participation rate.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

LIQUIDITY

(in Thousands of Canadian dollars)	Total	Deferred Financing Charges	Premium on Debt	Remainder of 2016	2-3 years	4-5 years	After 5 years
Loans and borrowings	234,504	(1,275)	708	8,691	104,873	58,805	62,702
Trade and accrued liabilities	6,229	-	-	5,970	-	80	179
Total	240,733	(1,275)	708	14,661	104,873	58,885	62,881

Approximately \$38.0 million of the loans and borrowing presented in the 2-3 years category is associated with the revolving credit facility which has been extended to mature September 27, 2017.

TAXATION

Summit II is generally subject to tax in Canada under the Income Tax Act (The "Tax Act") with respect to its taxable income each year, except to the extent such taxable income is paid or deemed to be payable to Unitholders and deducted by Summit II for tax purposes.

Pursuant to Summit II's Declaration of Trust, the Trustees intend to distribute or designate all taxable income directly earned by Summit II to Unitholders of the Trust such that Summit II will not be subject to income tax under Part I of the Tax Act.

OCCUPANCY

Summit II works diligently to maximize occupancy throughout its portfolio in accordance with local market conditions.

	March 31, 2016		December 31, 2015		March 31, 2015	
	GLA	Occupancy %	GLA	Occupancy %	GLA	Occupancy %
Investment properties						
Ontario	3,627,502	99.8%	3,627,502	97.3%	3,500,755	100.0%
British Columbia	21,700	100.0%	21,700	100.0%	21,700	100.0%
Alberta	76,163	100.0%	76,163	100.0%	76,163	100.0%
New Brunswick	42,369	100.0%	42,369	100.0%	169,474	100.0%
Quebec	710,173	100.0%	635,811	100.0%	634,967	100.0%
Total	4,477,907	99.8%	4,403,545	98.1%	4,403,059	100.0%

The vacancy is composed of one suite with 8,307 square feet which has subsequently been leased.

ACTIVE LEASING PROGRAM

Occupancy in the portfolio remains strong. The weighted average lease term for the portfolio is approximately 5.6 years. The leases contain contractual steps in rent of approximately 1.6% per year over the term. The REIT is proactive in addressing lease expiries well in advance of the expiry date.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

LEASE ROLLOVER

The following table represents the expected lease rollover for the next five years for the investment properties:

	GLA	Percentage
2016	125,938	2.8%
2017	412,279	9.2%
2018	444,355	10.0%
2019	850,258	19.0%
2020	319,206	7.1%
Thereafter	2,317,564	51.9%
Occupied GLA	4,469,600	100.0%

The lease rollover profile will continue to change and normalize as the portfolio expands.

DEBT LEVERAGE RATIO

The maximum debt leverage permitted by Summit II's Declaration of Trust is 65%. However, it is Summit II's goal to operate in the mid-50% range over the long term. At March 31, 2016, Summit II's debt leverage ratio was 55.4% compared to 53.7% at December 31, 2015 and 55.3% at March 31, 2015. Average leverage during the quarter was 55.0% when compared to 51.8% the same period in 2015 when offering funds received January 7, 2015, were temporarily applied to the credit facility and drawn for the acquisitions February 5, 2015 and February 11, 2015, until being fully invested by the February 23, 2015 portfolio acquisition.

	As at March 31, 2016	As at December 31, 2015	As at September 30, 2015	As at June 30, 2015	As at March 31, 2015
<i>(In Thousands of Canadian dollars)</i>

Total debt	234,504	218,369	218,536	216,425	225,612
Leverage ratio	55.4%	53.7%	54.1%	53.9%	55.3%
Average leverage ratio - quarter	55.0%	54.0%	53.7%	53.4%	51.8%

CONTRACTUAL OBLIGATIONS

Summit II's most significant contractual obligations relate to the long-term debt including mortgages payable and bank loans as described below.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

LONG TERM DEBT

The following table presents the future principal repayments and maturities on long-term debt and respective weighted average effective interest rates:

(In thousands of Canadian Dollars)

Year	Principal Repayment	% of Total	Weighted Average Effective Interest Rate
2016 (remainder)	5,921	3.1%	3.46%
2017	9,587	4.9%	3.47%
2018	56,939	29.4%	3.46%
2019	12,400	6.4%	3.45%
2020	46,405	23.9%	3.41%
2021	31,831	16.4%	3.38%
Thereafter	30,871	15.9%	3.40%
Total principal repayments	193,954	100.0%	
Variable rate debt	41,117		3.02%
Premium on debt	708		
Deferred financing charges	(1,275)		
Total loans and borrowings	234,504		

As at March 31, 2016, there was approximately \$41.1 million of variable rate debt.

CASH FLOW

The following table represents the changes in cash flow for the three month periods ended March 31, 2016 and 2015.

(In thousands of Canadian dollars)

	2016	2015
Cash flow from operating activities	\$ 3,258	\$ 1,693
Cash flow from (to) financing activities	\$ 4,397	\$ 50,913
Cash flow from (to) investing activities	\$ (7,842)	\$ (52,243)

Cash flow from operating activities for the three-month period ended March 31, 2016, was \$3.3 million compared to \$1.7 million for the prior year. The increase was due the change in working capital as a result of the growth in the portfolio.

Cash flow from financing activities was \$4.4 million for the three-month period ended March 31, 2016, compared to \$50.9 million for the same period in the prior year. During the quarter \$4.9 million in mortgage debt matured on one property and was paid utilizing funds from the revolving credit facility. This property has been added as security on the line. As well, new mortgage financing of \$7.5 million was obtained at a variable interest rate of monthly CDOR plus 1.65% with a term to maturity of five years. In order to hedge the interest rate risk on this variable rate, the Trust entered into a five-year interest rate swap agreement effectively fixing the interest rate at 2.78%. Cash flow from financing activities were higher during the same period in the prior year due to the increase in mortgage debt associated with transactions during 2015 and the related equity offering completed on January 7, 2015. There were no equity offerings during the same period in 2016.

Cash flow allocated to investing activities was \$7.8 million for the three months ended March 31, 2016, compared to \$52.2 million in the same period in 2015. For the three-month period ended March 31, 2016, the Trust acquired one value-add and three income producing properties with GLA of 152,227 square feet,

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

for acquisition costs of approximately \$16.5 million. The acquisitions were financed by assumed mortgages and debt of \$8.7 million, and deposits on acquisitions made in the prior year. During the same period of 2015, the Trust acquired ten properties with GLA of 665,813 square feet for total acquisition costs of \$66.6 million financed by assumed mortgages and debt of \$11.4 million and deposits on acquisitions made in the prior year. Additions to investment properties during the three month periods ended March 31, 2016 and 2015 relate to capital outlays and tenant leasing costs.

In accordance with National Instrument 41-201, the Trust is required to provide additional disclosure relating to cash distributions.

(in Thousands of Canadian dollars)	Three months ended March 31	
	2016	2015
Cash provided by operating activities	\$ 3,258	\$ 1,693
Actual cash distributions paid or payable	3,651	3,601
Excess (shortfall) of cash provided by operating activities over cash distributions paid	\$ (393)	\$ (1,908)
Net income and comprehensive income	\$ 4,026	\$ 3,638
Actual cash distributions paid or payable	\$ 3,651	\$ 3,601
Excess (shortfall) of net income over cash distributions paid	\$ 375	\$ 37

For the three-month period ended March 31, 2016, the REIT's distributions exceeded cash flow from operations by \$0.4 million and for same period in 2015, cash flow from operations exceeded distributions by \$1.9 million. The change in non-cash working capital items will vary from period to period.

RELATED PARTY TRANSACTIONS

Management Agreement

Pursuant to the terms of the Management Agreement with Sigma Asset Management Limited (the "Manager"), the Manager provides Summit II with the services necessary to manage its day-to-day operations. The Management Agreement, dated September 25, 2012, has an initial term of ten years, subject to earlier termination in certain circumstances, and will be automatically renewed for successive five-year terms. Sigma is related to Summit II by virtue of having some officers and Trustees in common.

The Management Agreement sets out the fees payable to the Manager for the services provided, such fees being:

- A base annual management fee equal to 0.25% of the gross value of Summit II's assets;
- an incentive fee equal to 15% of Summit II's AFFO per Unit, plus per Unit realized gains, as defined by the Management Agreement, in excess of a \$0.48 (after the "Consolidation" hurdle amount, such hurdle amount to be increased by 1.5% each year (\$0.5019 effective January 1, 2016));
- an acquisition fee for the purchase price paid by Summit II on the acquisition of a property equal to 1% of the first \$50 million of the purchase price, 0.75% of the next \$50 million of the purchase price, and 0.50% of any portion of the purchase price in excess of \$100 million, payable so long as the gross book value of the properties owned by Summit II does not exceed \$1 billion;
- a development fee in an amount to be negotiated between Summit II and the Manager, not to exceed the fair market value for comparable services;

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

- a property management fee equal to 3.5% of the gross rental income from each multi-tenant property, and 2.5% of the gross rental income from each single-tenant property and other property management costs recoverable under tenant operating leases;
- a leasing fee equal to \$1.00 per rentable square foot only for those properties where the Manager provides leasing services; and
- a capital expenditures fee equal to 5% of all hard construction costs incurred on any capital project of Summit II, where the Manager is the project manager for the project and the hard construction costs of the project are in excess of \$200,000.

The Manager can elect to take all (or any percentage of all) fees payable to it under the Management Agreement (and any property management agreement) in the form of Units, rather than in cash.

Under the terms of the Management Agreement the Trust has incurred the following fees for the three month periods ended March 31, 2016 and 2015:

(In thousands of Canadian dollars)	Three months ended March 31	
	2016	2015
Acquisition fees (capitalized to investment properties)	\$ 156	\$ 645
Asset management fees	257	231
Incentive fee	-	7
Leasing fees (capitalized to investment properties)	151	-
Property management services	365	344
	\$ 929	\$ 1,227

During the three-month period ended March 31, 2016, Sigma paid \$8,000 to the Trust (2015 - \$8,000) for office space located at 294 Walker Drive, Brampton, Ontario, under a five-year lease commencing June 1, 2013.

Trustee related fees of \$35,000 (2015 - \$49,000) are included in general and administrative expenses for the three-month period ended March 31, 2016.

The following table represents the Units acquired during the three-month period ended March 31, 2016, by the Manager and certain Informed Persons of the Manager, as such term is defined in National Instrument 51-102 - Continuous Disclosure Obligations:

Units acquired in the three months ended March 31, 2016	Manager	Certain Senior Executives of the Manager		Total units
		Other insiders		
Acquired on open market in 2016 and DRIP	-	15,027	68,223	83,250
	-	15,027	68,223	83,250

In total the Manager owns a 4.6% interest in the REIT, on an indirect basis. Certain senior executives and employees of the Manager own, directly or indirectly, a 3.4% interest in the REIT and other insiders own, directly or indirectly, a 5.9% interest in the REIT, for a total of 13.9% insider ownership as at March 31, 2016.

SUMMARY OF QUARTERLY RESULTS

The summary of quarterly results for the past eight quarters is as follows:

(in Thousands of Canadian dollars) (except per Unit amounts)	2016		2015		2014			
	Q1	Q4	Q3	Q2	Q1	Q4	Q3	Q2
Revenue from income properties	\$ 10,164	\$ 9,708	\$ 9,903	\$ 9,717	\$ 9,049	\$ 7,532	\$ 6,987	\$ 7,153
Property operating expenses	3,306	2,966	3,107	3,042	2,750	2,073	1,736	2,017
Net operating income (NOI)	6,858	6,742	6,796	6,675	6,299	5,459	5,251	5,136
Net income	4,285	4,956	3,329	6,012	3,638	3,158	3,157	2,047
Funds from operations (FFO)	4,323	4,315	4,334	4,233	4,098	3,250	3,236	2,871
Net income per Unit - basic and diluted	0.148	0.172	0.116	0.210	0.129	0.135	0.135	0.104
FFO per Unit	0.149	0.150	0.151	0.148	0.145	0.139	0.139	0.146
Weighted average Units outstanding								
Basic and Diluted	28,961	28,860	28,761	28,657	28,226	23,368	23,308	19,698
Leverage ratio	55.4%	53.7%	54.1%	53.9%	55.3%	55.2%	51.7%	51.3%
Interest coverage (times)	2.89	3.01	2.95	2.89	2.90	2.72	2.80	2.46
Debt service coverage (times)	1.73	1.77	1.71	1.77	1.82	1.69	1.83	1.67

Net operating income increased to \$6.9 million in the first quarter of 2016 compared to \$6.3 million in the first quarter of 2015. The increase in NOI was due to the growth in the size of the portfolio through acquisitions in 2016 and in 2015. These increases have been partially offset by the sale of a 75% interest in two properties in 2015.

Net income was \$4.3 million for the quarter ended March 31, 2016, compared to \$3.6 million in the first quarter of 2015. Interest expense increased to \$2.1 million in the first quarter of 2016 compared to \$1.9 million in the first quarter of 2015. The increase relates to the increase in mortgages and debt related to the acquisitions during 2016 and 2015.

SECTION IV – OUTLOOK

Certain statements below may be forward-looking and readers are cautioned that such statements are subject to certain risks and uncertainties that could cause actual results, performance or achievements of Summit II, or industry results, expressed or implied by such forward-looking statements to differ materially from those contained in such forward-looking statements.

INVESTMENT MANAGEMENT

Management expects regional differences within the Canadian light industrial sector in 2016, with healthy market fundamentals in Eastern Canada offset by generally weaker fundamentals in Western Canada, particularly in the resource-based economies of Alberta and Saskatchewan. These regional differences will be tied to the underlying economic growth forecast of each region. Eastern industrial markets, (most notably Toronto and Montreal) which have a heavier concentration of manufacturing and distribution uses, will benefit from stronger export and transportation conditions stemming from a lower Canadian dollar, lower fuel prices and an overall stronger U.S. economy. In contrast, Western industrial markets (most notably Edmonton and Calgary) will continue to face challenges as a result of suppressed commodity prices and further curtailment of capital investment in the region. As a consequence, Management expects industrial valuations in Toronto and Montreal to continue to rise in 2016, while valuations in Calgary and Edmonton may decline in response to continued economic headwinds. Notwithstanding the foregoing, declining property values in Calgary and Edmonton, which had previously exceeded those of Toronto and Montreal may provide selective investment opportunities in 2016 as those markets continue to evolve.

Light industrial real estate in major Eastern Canadian markets, particularly when packaged in large portfolios, continues to be in very high demand and attracts premium valuations. Institutional, public and private investors, recognizing the strong fundamentals and stable income streams in this sector, remain active buyers of light industrial properties. This competitive investment climate will continue to influence valuations in major Eastern Canadian markets in 2016. Interest rates, which are at historic lows and not expected to face much, if any, upward pressure in 2016, are projected to remain stable and continue to be supportive of leveraged buying and property valuations in general.

Within the context of this highly competitive investment climate, Summit II will continue to expand its presence in the highly stable light industrial sector of the Canadian real estate industry on a selective basis to achieve its goal of becoming the leading industrial landlord in the markets in which it chooses to operate. To enhance the size and quality of its portfolio, Summit II will continue to seek out and evaluate acquisition opportunities in the light industrial sector which meet its strict criteria, with a particular focus on purchasing individual assets or small portfolios that complement Summit II's existing portfolio and which provide value enhancement opportunities. Summit II will carefully evaluate acquisition opportunities, but will not complete a transaction unless it meets Summit II's strict real estate criteria, including an assessment of replacement cost. Management remains confident it will be able to continue to expand the size of its portfolio through a program of selective and accretive acquisitions over the long term.

Summit II's goal is to continue expanding its portfolio through acquisitions and expansions. Furthermore, Summit II expects to expand direct access to potential acquisitions through mezzanine financing agreements with third-party developers, providing Summit II with rights to acquire these development projects upon completion, and by broadening its ties to the external development community.

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

OPERATING PERFORMANCE

Management believes the Toronto and Montreal light industrial markets, where the Trust has the bulk of its properties, will continue to improve in 2016. Management expects market occupancy and rental rates in these two cities to increase as the local economies and the U.S. economy enter periods of growth. Activities such as warehousing and storage, light assembly and shipping, professional services and a number of other similar uses carried out in Summit II's properties tend to grow in tandem with the broader economy. As a consequence, strengthening of the broader economy generally leads to strengthening market fundamentals in the industrial sector.

Summit II is also directing its focus on enhancing the cash flow and returns from its existing property portfolio. Summit II will strive to maintain its current high occupancy levels and average monthly rents. Pivotal to Summit II's strategy is to provide tenants with "best-in-class" services to ensure their needs are met and to build Summit II's reputation as the leading service provider in the Canadian real estate industry.

MANAGING DEBT

Interest rates are currently at historic lows and may be subject to modest increases over 2016. Over the long term, Summit II expects to maintain its leverage in the mid-50% range. Conservative debt service coverage ratios are expected to be maintained during the year.

EVENTS SUBSEQUENT TO MARCH 31, 2016

Distributions

On April 15, 2016, a distribution in the amount of \$0.042 per Unit for Unitholders of record April 30, 2016, was declared and will be paid on May 13, 2016.

SECTION V – RISKS AND UNCERTAINTIES

Income producing properties are inherently subject to certain risks and uncertainties due to their relative illiquidity and long term nature of the investment. Summit II's financial results are therefore, dependent on the performance of its properties and by various external factors that impact the real estate industry and geographic markets in which the REIT operates. Some of the external factors that the REIT is exposed to include fluctuations in interest and inflation rates; access to debt; fulfilling legal and regulatory requirements; and expansion or contraction in the economy as a whole.

Summit II's current business strategy is to focus on acquiring and managing a portfolio of light industrial commercial properties, in both primary and secondary markets throughout Canada and that generate stable cash flows over the long term. The quality of the REIT's current portfolio, Management believes, provides the leverage the REIT needs to expand the business in new markets and acquire high performing properties. Management believes this strategy will enable the REIT's operations to achieve highly sustainable cash flows.

The following is an examination of the key factors that influence Summit II's operations. A more detailed description of all of our risk factors is contained in the REIT's Annual Information Form.

(A) Interest rate risk

The REIT is exposed to interest rate risk when funds are drawn under the revolving credit facility and variable rate mortgages, which have a floating rate of interest. An increase in interest rates would increase the interest cost of the REIT's loans and have an adverse effect on the REIT's comprehensive income and earnings per Unit. Based on the outstanding balance of the revolving credit facility and variable rate mortgages at March 31, 2016, a 1% increase or decrease in the Bank's prime rate would have an impact of \$411,000 on the REIT's annual interest expense (December 31, 2015 - \$330,000) for the period then ended. The REIT intends to structure its fixed rate financing so as to stagger the maturities of its mortgages, thereby minimizing exposure to future interest rate fluctuations.

(B) Credit risk

Credit risk arises from the possibility that tenants may experience financial difficulty and be unable to fulfill their lease commitments. The REIT attempts to mitigate this risk by conducting credit assessments on new lessees, diversifying its tenant mix and by limiting its exposure to any one tenant. The maximum credit risk exposure at March 31, 2016, and December 31, 2015, relates to the carrying value of the accounts receivable balance without taking into account any collateral held or other credit enhancements. Collateral held on certain leases are letters of credit or security deposits from the tenants. Refer to Note 6 of the REIT's unaudited condensed consolidated interim financial statements for the three month periods ended March 31, 2016 and 2015 for details of accounts receivable.

(C) Liquidity risk

Liquidity risk arises from the possibility of not having sufficient debt and equity capital available to the REIT to fund future growth, refinance debts as they mature or meet the REIT's payment obligations as they arise. Furthermore, liquidity risk also arises from the REIT not being able to obtain financing or refinancing on favourable terms. For the three-month period ended March 31, 2016, the REIT's main liquidity requirements arise from ongoing working capital requirements, debt servicing and repayment obligations, capital and leasing expenditures on existing properties, property acquisitions and distributions to Unitholders. All of the aforementioned liquidity requirements, except for debt repayment obligations at maturity and property acquisitions, are generally funded from cash flows from operations or from drawing

**SUMMIT INDUSTRIAL INCOME REIT
MANAGEMENT DISCUSSION AND ANALYSIS
For the three months ended March 31, 2016**

on the REIT's revolving credit facility. Debt repayment obligations (Note 7 of the REIT's unaudited condensed consolidated interim financial statements for the three month periods ended March 31, 2016 and 2015) are generally funded from refinancing the related debt and property acquisitions are generally funded from equity raises as well as obtaining debt financing on the related property. Between capital raises, the REIT may use its revolving credit facility to fund the equity portion of property acquisitions.

The REIT's financial condition and results of operations would be adversely affected if it were unable to obtain financing/refinancing or cost-effective financing/refinancing, or if it were unable to meet its other liquidity requirements from ongoing operating cash flows.

The REIT intends to mitigate its liquidity risk by staggering the maturities of its debt. As well, the REIT's distributions are made at the discretion of the REIT's Trustees. Finally, the Trust does not enter into committed property acquisitions unless it has secured or knows that it can secure the appropriate capital (debt and equity) to fund the particular acquisition.

DISCLOSURE AND INTERNAL CONTROLS

The Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") of Summit II, along with the assistance of senior management, have designed disclosure controls and procedures to provide reasonable assurance that material information relating to Summit II is made known to the CEO and CFO, and have designed internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with IFRS. No changes were made in Summit II's design of internal controls over financial reporting during the three-month period ended March 31, 2016, that have materially affected, or are reasonably likely to materially affect, Summit II's internal controls over financial reporting.

Due to the inherent limitations in all controls systems, a control system can provide only reasonable, not absolute assurance, that the objective of the control system are met and may not prevent or detect misstatements or instances of fraud. Management's estimates may be incorrect, or assumptions about future events may be incorrect, resulting in varying results. Additionally, controls may be circumvented by the unauthorized acts of individuals, by collusion of two or more people or by management override.

FUTURE CHANGES IN ACCOUNTING POLICIES

The future accounting policies changes are discussed in the Trust's unaudited condensed consolidated interim financial statements for the three month periods ended March 31, 2016 and 2015 and the notes contained therein.

UNITS OUTSTANDING

The Trust is permitted under its Declaration of Trust, to issue three classes designated as "Units", "Special Voting Units" and "Preferred Units". The Trust has issued only a single class of Units.

The total number of Units outstanding as of May 10, 2016, was 29,045,178.
