Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **People's Bank of Commerce paid a distribution in the form of additional shares (also known as a stock dividend). The distribution was made on September 17, 2015 to shareholders of record on August 17, 2015 and was declared on August 5, 2015.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **On September 17, 2015, People's Bank of Commerce shareholders received an additional 5 shares of stock for each 100 shares they owned. Each shareholder's existing tax basis for their shares must now be spread over 105 shares (100 original shares plus 5 from the stock dividend); or put another way, each shareholder's existing tax basis per share prior to the stock dividend is reduced by 5% for each lot of People's Bank of Commerce shares owned. Only whole shares were issued. Cash was paid in lieu of fractional shares.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **See Number 15 above.**

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ► _____
The share distribution (stock dividend) is a non-taxable event to shareholders pursuant to Internal Revenue Code Section 305(a), which states that distributions of a corporation's own stock made with respect to its stock are not taxable to the shareholder. However, pursuant to the Internal Revenue Code Section 307(a), the shareholder must compute basis for the dividend shares received by allocating the basis for the old stock between the old and new stock. Cash in lieu of fractional shares issued is a taxable event and the bank will issue a 1099-DIV when appropriate.

18 Can any resulting loss be recognized? ► **This is a non-taxable event per Number 17 above.**

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ► _____
