PROSPECTUS SUPPLEMENT SUMMARY

The Company

Founded in 1908, CIT Group Inc., a Delaware corporation, is a bank holding company that, together with its subsidiaries (collectively “we,” “CIT” or the “Company”), provides primarily commercial financing and leasing products and other services to small and middle-market businesses across a wide variety of industries. CIT became a bank holding company in December 2008, and is regulated by the Board of Governors of the Federal Reserve System and the Federal Reserve Bank of New York under the U.S. Bank Holding Company Act of 1956, as amended.

CIT operates primarily in North America, with additional locations in Europe, South America and Asia. We are a commercial lender and lessor, providing financial solutions to small business and middle-market companies. Our clients operate in over 30 industries, including transportation, particularly aerospace and rail, manufacturing and retail. We originated over \$9 billion of funded new business volume during 2012 and had over \$35 billion of financing and leasing assets at March 31, 2013.

Each business has industry alignment and focuses on specific sectors, products and markets, with portfolios diversified by client and geography. Our principal product and service offerings include:

Products and Services

- Account receivables collection
- Acquisition and expansion financing
- Asset management and servicing
- Asset-based loans
- Credit protection
- Debt restructuring
- Debt underwriting and syndication
- Debtor-in-possession / turnaround financing
- Deposits
- Enterprise value and cash flow loans
- Factoring services
- Financial risk management
- Import and export financing
- Insurance services
- Leases: operating, capital and leveraged
- Letters of credit / trade acceptances
- Merger and acquisition advisory services
- Secured lines of credit
- Small business loans
- Vendor financing

We source business through marketing efforts directly to borrowers, lessees, manufacturers, vendors and distributors, and through referral sources and other intermediaries. We also buy participations in syndications of finance receivables and lines of credit and periodically purchase finance receivables on a whole-loan basis.

We generate revenue by earning interest on loans we hold on our balance sheet, collecting rentals on equipment we lease, and earning fee and other income for the financial services we provide. In addition, we strive to syndicate and sell certain finance receivables and equipment to leverage our origination capabilities, reduce concentrations, manage our balance sheet and maintain liquidity.

We set underwriting standards for each business unit and employ portfolio risk management models to achieve desired portfolio demographics. Our collection and servicing operations are organized by business and geography in order to provide efficient client interfaces and uniform customer experiences.

As a bank holding company, we have bank and non-bank subsidiaries. Our primary bank subsidiary is CIT Bank, a state chartered bank located in Salt Lake City, Utah, that offers commercial financing and leasing products and services and online banking products. CIT Bank is subject to regulation and examination by the Federal Deposit Insurance Corporation (“FDIC”) and the Utah Department of Financial Institutions. As of March 31, 2013, nearly all of the new U.S. business volume in Corporate Finance, Vendor Finance and Transportation Finance was being originated in CIT Bank.

We fund our non-bank business in the global capital markets, principally through asset-backed and other secured financing arrangements, various forms of unsecured debt and bank borrowings. CIT Bank funds itself via broker-originated deposits, retail certificates of deposit, retail savings accounts and various forms of secured funding. CIT relies on these diverse funding sources to maintain liquidity and manages interest rate, foreign currency and other market risks through disciplined matched-funding strategies.

Recent Developments

On July 23, 2013, we issued a press release announcing the financial results of CIT Group Inc. as of and for the quarter ended June 30, 2013, which was filed as an exhibit to a Current Report on Form 8-K filed with the SEC on July 23, 2013 and incorporated herein by reference. PricewaterhouseCoopers LLP, our independent registered public accounting firm, has not audited, reviewed, compiled or performed any procedures with respect to the financial information in the earnings release. Accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto. We are currently preparing our Quarterly Report on Form 10-Q for the quarter ended June 30, 2013 which will be reviewed by our independent registered public accounting firm. While we believe the financial information in the earnings release fairly presents, in all material respects, our results of operations and financial condition for and as of the end of such quarter, the preparation of our Quarterly Report on Form 10-Q and the review by our independent registered public accounting firm could result in changes to our reported financial information, and such changes may be material.

RISK FACTORS

The operation of our business pursuant to a banking model, the continued economic uncertainty in the U.S. and other regions of the world, and the effects of the transactions that were effectuated in our 2009 bankruptcy reorganization each involve various elements of risk and uncertainty. Before making a decision whether to invest in the Notes, you should carefully consider the risks and uncertainties described below, as well as the risks described under “Risk Factors” in the accompanying prospectus and risks described under “Risk Factors” in our 2012 10-K and our 2013 First Quarter 10-Q, each of which is incorporated herein by reference. Additional risks that are presently unknown to us or that we currently deem immaterial may also impact our business.

Risks Relating to the Notes

We have a substantial amount of indebtedness which could adversely affect our financial position and prevent us from fulfilling our obligations under the Notes.

As of March 31, 2013, we had total debt of approximately \$21.6 billion, excluding deposits. We may also incur significant additional indebtedness in the future. Our substantial indebtedness may:

- make it difficult for us to satisfy our financial obligations, including making scheduled principal and interest payments on the Notes and our other indebtedness;
- limit our ability to borrow additional funds for working capital, capital expenditures, acquisitions or other general business purposes;
- limit our ability to use our cash flow or obtain additional financing for future working capital, capital expenditures, acquisitions or other general business purposes;
- require us to use a substantial portion of our cash flow from operations to make debt service payments;
- limit our flexibility to plan for, or react to, changes in our business and industry;
- place us at a competitive disadvantage compared to less leveraged competitors; and
- increase our vulnerability to the impact of adverse economic and industry conditions.

We may not be able to generate sufficient cash to service our debt obligations, including our obligations under the Notes.

Our ability to make payments on and to refinance our indebtedness, including the Notes, will depend on our financial and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the Notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be unable to provide new loans or other products or to fund our obligations to existing customers and otherwise implement our business plans, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the Notes. As a result, we may be unable to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions of assets or to obtain the proceeds that we could otherwise realize from them and proceeds received may not be adequate to meet any debt service obligations then due.

The Notes are the unsecured obligations of CIT and not obligations of our subsidiaries and will be effectively subordinated to the claims of our subsidiaries’ creditors. Structural subordination increases the risk that we will be unable to meet our obligations on the Notes when they mature.

The Notes are exclusively the obligations of CIT and are not obligations of our subsidiaries. We conduct a substantial portion of our business through our subsidiaries. As a result, our cash flow and ability to service our debt, including the Notes, depends upon the earnings of our subsidiaries and the distribution to us of earnings, loans or other payments from our subsidiaries.

Our subsidiaries are separate and distinct legal entities. Our subsidiaries will not guarantee the Notes and are under no obligation to pay any amounts due on the Notes or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other payments. Payments to us from our subsidiaries will also be contingent upon such subsidiaries' earnings and business considerations and may be subject to legal and contractual restrictions.

Our right to receive any assets of any of our subsidiaries upon their liquidation or reorganization, and therefore the right of the holders of the Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including senior and subordinated debt holders and bank and trade creditors. The indenture governing the Notes does not limit the amount of additional indebtedness that our subsidiaries may incur and permits these subsidiaries to incur secured debt without restriction. In addition, even if we were a creditor of any of our subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to that held by us.

The Notes will rank equally in right of payment with all existing and future unsubordinated unsecured indebtedness of CIT, including all of our other senior unsecured notes issued under the Base Indenture, all of our existing Series C Notes and the Revolving Credit Facility, and will be senior in right of payment to any future indebtedness of CIT that by its terms is expressly subordinated to the Notes. The Notes will be effectively subordinated to any secured indebtedness of CIT, to the extent of the value of the assets securing such indebtedness. The Notes will not be guaranteed by any of our subsidiaries or any third party. The Notes will therefore be structurally subordinated to all existing and future indebtedness and other liabilities of our subsidiaries, including guarantees of the Revolving Credit Facility, which provides for aggregate borrowings of up to \$2.0 billion, by certain subsidiaries of the Company. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings, were outstanding under the Revolving Credit Facility.

The Notes will be subject to the prior claims of any future secured creditors.

The Notes are unsecured obligations, ranking effectively junior to any secured indebtedness we may incur in the future. The indenture governing the Notes does not limit the amount of additional debt that we may incur and permits us to incur secured debt under specified circumstances. If we incur secured indebtedness, our assets securing any such indebtedness will be subject to prior claims by our secured creditors. In the event of our bankruptcy, insolvency, liquidation, reorganization, dissolution or other winding up, or upon any acceleration of the Notes, our assets that secure other indebtedness will be available to pay obligations on the Notes only after all such other debt secured by those assets has been repaid in full. Any remaining assets will be available to you ratably with all of our other unsecured and unsubordinated creditors, including trade creditors. If there are not sufficient assets remaining to pay all these creditors, then all or a portion of the Notes then outstanding would remain unpaid.

The Indenture for the Notes may not provide protection against events or developments that may affect our ability to repay the Notes or the trading prices for the Notes.

The Indenture governing the Notes contains a covenant limiting the ability of CIT to incur liens on its assets to secure indebtedness without equally and ratably securing the Notes. This limitation is subject to a number of important exceptions.

The Indenture governing the Notes does not:

- require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flow or liquidity and, accordingly, does not protect holders of the Notes in the event that we experience material adverse changes in our financial condition or results of operations;
- limit the ability of CIT and its subsidiaries to incur indebtedness;
- limit the ability of any subsidiaries of CIT from incurring liens;
- restrict our ability to pay dividends, prepay indebtedness ranking junior to the Notes or make investments; or
- restrict our ability to engage in any acquisition or other transaction, other than our ability to merge or consolidate with, or sell all or substantially all of our assets to, another person without the surviving or transferring person (if other than CIT) assuming the obligations under the Notes.

For these reasons, you should not consider the covenants in the indenture as a significant factor in evaluating whether to invest in the Notes. In addition, we are subject to periodic review by independent credit rating agencies. An increase in the level of our outstanding indebtedness, or other events that could have an adverse impact on our business, properties, financial condition, results of operations or prospects, may cause the rating agencies to downgrade our credit ratings generally, and the ratings on the Notes, which could adversely impact the trading prices for, or the liquidity of, the Notes. Any such downgrade could also adversely affect our cost of borrowing, limit our access to the capital markets or result in more restrictive covenants in future debt agreements.

General market conditions and unpredictable factors could adversely affect market prices for the Notes.

There can be no assurance about the market prices for the Notes. Several factors, many of which are beyond our control, will influence the market value of the Notes. Factors that might influence the market value of the Notes include, but are not limited to:

- our creditworthiness, financial condition, performance and prospects;
- whether the ratings on the Notes provided by any ratings agency have changed;
- the market for similar securities; and
- economic, financial, geopolitical, regulatory or judicial events that affect us or the financial markets generally (including the occurrence of market disruption events).

If you purchase Notes, whether in this offering or in the secondary market, the Notes may subsequently trade at a discount to the price that you paid for them.

We may not be able to repurchase the Notes upon a Change of Control Triggering Event.

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all outstanding Notes at 101% of their principal amount, plus accrued and unpaid interest, if either (i) the Notes were rated investment grade by Moody's or S&P and are downgraded below investment grade by the rating agency that was rating the Notes investment grade within a period after such change of control or (ii) the Notes were rated below investment grade by Moody's or S&P and are downgraded below the rating of the Notes by such rating agency prior to such change of control within a period after such change of control; *provided*, that if Moody's or S&P ceases to rate the Notes or fails to make a rating of the Notes available, we shall use commercially reasonable efforts to appoint another "nationally recognized statistical rating organization" within the meaning of Section 3(a)(62) of the Exchange Act as a replacement and such replacement rating agency shall be substituted for either Moody's or S&P, as applicable, in clauses (i) and (ii) above (a "Change of Control Triggering Event"). The source of funds for any such purchase of the Notes will be our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the Notes upon a Change of Control Triggering Event because we may not have sufficient financial resources to purchase all of the Notes that are tendered upon a Change of Control Triggering Event. Accordingly, we may not be able to satisfy our obligations to purchase the Notes, unless we are able to refinance. Our failure to repurchase the Notes as required upon a Change of Control Triggering Event would cause a default under the Indenture and (if the maturity of the Notes is accelerated under the Indenture as a result of such default at a time when the aggregate principal amount of the Notes exceeds \$250,000,000) could result in a cross-default under the instruments governing our existing Revolving Credit Facility and the existing Series C Notes Indenture and it may cause a cross-default under instruments governing our other borrowings. Further, our existing Revolving Credit Facility also provides that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of our future debt agreements may contain similar provisions.

Your ability to transfer the Notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the Notes.

The Notes constitute a new issue of securities for which there is no established public market. Each of the underwriters has advised us that it intends to make a market in the Notes, as permitted by applicable laws and regulations. However, the underwriters are not obligated to make a market in the Notes, and they may discontinue their market-making activities at any time without notice. Therefore, we cannot assure you

that an active market for the Notes will develop or, if developed, that it will continue. Historically, the market for non-investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Notes.

We cannot assure you that the market, if any, for the Notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell your Notes. In addition, subsequent to their initial issuance, the Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar debt securities, our performance and other factors.

USE OF PROCEEDS

We anticipate receiving approximately \$734.7 million in net proceeds from the sale of the Notes, after the underwriters' discount and estimated fees and expenses. We intend to use the net proceeds from the offering of the Notes for general corporate purposes.

DESCRIPTION OF REVOLVING CREDIT FACILITY

On August 25, 2011, the Company and certain of its subsidiaries entered into a Revolving Credit and Guaranty Agreement, among the Company, certain subsidiaries of the Company, as guarantors, the lenders party thereto from time to time and Bank of America, N.A. as administrative agent and letter of credit issuer (the "Revolving Credit Facility"). The total commitment amount under the Revolving Credit Facility is \$2 billion, consisting of a \$1.65 billion revolving loan tranche and a \$350 million revolving loan tranche that can also be utilized for issuance of letters of credit. The Revolving Credit Facility matures on August 14, 2015 and accrues interest at a per annum rate of LIBOR, plus a margin of 2.00% to 2.75% (with no floor) or Base Rate, plus a margin of 1.00% to 1.75% (with no floor). As of March 31, 2013, based on the Company's current debt rating, the applicable margin for LIBOR loans is 2.50% and the applicable margin for Base Rate loans is 1.50%. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings, were outstanding under the Revolving Credit Facility.

On March 9, 2012, CIT redeemed the entire remaining balance of the Series A Notes, causing all the collateral and subsidiary guarantees under the Revolving Credit Facility to be released, except for subsidiary guarantees from eight of the Company's domestic operating subsidiaries ("Continuing Guarantors"). The Revolving Credit Facility is subject to an asset coverage covenant (based on the book value of eligible assets of the Continuing Guarantors) of 2.0x the sum of the aggregate commitments under the Revolving Credit Facility and the aggregate amount of indebtedness (except for subordinated intercompany indebtedness) of the Continuing Guarantors. As of May 31, 2013, the Company is in compliance with the guarantor asset coverage ratio required by the Revolving Credit Facility. The Revolving Credit Facility is also subject to a \$6 billion minimum consolidated net worth covenant, tested quarterly, and limits the Company's ability to create liens, make certain restricted payments (upon the occurrence and during the continuance of an Event of Default), merge, consolidate or sell, transfer, lease or dispose of all or substantially all of its assets or grant a negative pledge.

This summary is not complete and reference is made to the actual Revolving Credit Facility, which is an exhibit to our Current Report on Form 8-K filed with the SEC on August 26, 2011.

DESCRIPTION OF NOTES

You can find the definitions of certain terms used in this description under the subheading “—Certain Definitions” or in the accompanying prospectus under the heading “Description of Debt Securities.” In this description, the word “CIT” refers only to CIT Group Inc. and not to any of its subsidiaries.

CIT will issue the Notes offered by this prospectus supplement pursuant to the indenture, dated as of March 15, 2012 (the “Base Indenture”), between CIT and Wilmington Trust, National Association, as trustee (the “Trustee”), and Deutsche Bank Trust Company Americas, as paying agent, security registrar and authenticating agent, as supplemented by a supplemental indenture, dated as of the Issue Date (the “Supplemental Indenture” and, together with the Base Indenture, the “Indenture”). The Notes will constitute a separate series of notes from any other series of debt securities that may be issued from time to time under the Indenture. The Indenture does not limit the aggregate principal amount of Notes that may be issued thereunder and the Base Indenture does not limit the aggregate principal amount of debt securities that may be issued generally thereunder.

The following description is a summary of the material provisions of the Indenture and the Notes. It does not restate those agreements in their entirety. We urge you to read the Indenture and the Notes because they, and not this description, define your rights as holders of the Notes. Copies of the Indenture and the Notes are available as set forth in this prospectus supplement under the caption “Where You Can Find More Information.” Certain defined terms used in this description, but not defined below under the caption “—Certain Definitions” have the meanings assigned to them in the Indenture and the Notes.

The registered holder of a Note will be treated as the owner of such Note for all purposes. Only registered holders of Notes will have rights under the Indenture.

Brief Description of the Notes

The Notes will be:

- equal in right of payment with all of CIT’s existing and future unsecured obligations that are not expressly subordinated to the Notes, including the other senior unsecured notes issued under the Base Indenture, the existing Series C Notes and the Revolving Credit Facility;
- structurally subordinated to all existing and future indebtedness and other liabilities of CIT’s Subsidiaries, including guarantees of the Revolving Credit Facility by certain Subsidiaries;
- effectively subordinated to all secured obligations of the Company, to the extent of the value of the assets securing such obligations; and
- senior in right of payment to any future indebtedness of CIT that is expressly subordinated to the Notes.

The Notes will be unsecured and will not be guaranteed by any of our subsidiaries or any third party. Certain subsidiaries of the Company guarantee the Revolving Credit Facility, which provides for aggregate borrowings of up to \$2.0 billion. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings were outstanding under the Revolving Credit Facility.

Absence of FDIC Insurance and Guarantees

The Notes are not savings accounts or deposits with CIT Bank or any other Subsidiary of CIT, nor are they insured by the FDIC or by the United States or any agency or fund of the United States. In addition, the Notes are not obligations of, or guaranteed by, CIT Bank.

Principal, Maturity and Interest

In this offering, CIT will issue \$750,000,000 aggregate principal amount of the Notes.

CIT may issue additional Notes under the Indenture, having identical terms and conditions as the Notes being issued in this offering, except for issue date, and, in certain cases, the issue price and the first interest payment date, either of which may differ from the respective terms of the previously issued Notes of the same series, from time to time after this offering, in an unlimited aggregate principal amount (the “Additional Notes”). The Notes offered by this prospectus supplement and any such Additional Notes that

CIT subsequently issues under the Indenture would be treated as a single series for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that, if any such Additional Notes subsequently issued are not fungible for U.S. federal income tax purposes or securities law purposes with any Notes previously issued, such Additional Notes shall trade separately from such previously issued Notes under a separate CUSIP number, but shall otherwise be treated as a single series with all other Notes issued under the Indenture.

CIT will issue Notes in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes will mature on August 1, 2023.

Interest on the Notes will accrue at the rate of 5.00% per annum. Interest on the Notes will be payable semi-annually in arrears on February 1 and August 1, commencing on February 1, 2014. CIT will make each interest payment to the holders of record on the immediately preceding January 15 and July 15.

Interest on the Notes will accrue from the Issue Date or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. CIT will deposit the funds with the paying agent in connection with any principal, interest or redemption payment one business day prior to the applicable payment date.

Methods of Receiving Payments on the Notes

If a holder of Notes has given wire transfer instructions to CIT, CIT will pay all principal, interest, and premium, if any, on that holder's Notes in accordance with those instructions. All other payments on the Notes will be made at the office or agency of the paying agent and registrar within the City and State of New York, unless CIT elects to make interest payments by check mailed to the holders of the Notes at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

Deutsche Bank Trust Company Americas will initially act as paying agent and registrar. CIT may change the paying agent or registrar without prior notice to the holders of the Notes, and CIT or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the provisions of the Indenture. The registrar and the Trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. CIT will not be required to transfer or exchange any Note selected for redemption. Also, CIT will not be required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

Optional Redemption

At any time and from time to time, CIT may redeem all or any part of the Notes, upon not less than 30 nor more than 60 days' notice to each holder of Notes, at a redemption price in cash equal to the greater of:

(1) 100% of the aggregate principal amount of the Notes redeemed, and

(2) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed that would be due after the related redemption date but for such redemption (exclusive of interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the applicable Treasury Yield plus 50 basis points;

plus, in either case, accrued and unpaid interest, if any, to the date of redemption, subject to the rights of holders of such Notes on a relevant record date to receive interest due on a relevant interest payment date.

In addition to CIT's right to redeem Notes as set forth above, CIT may at any time and from time to time purchase Notes in open market transactions, tender offers or otherwise.

Unless CIT defaults in the payment of the redemption price, interest will cease to accrue on the Notes or portions thereof called for redemption on the applicable redemption date.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the Notes shall be redeemed on a pro rata basis or in accordance with the Depository's customary procedures.

No Notes of \$2,000 principal amount or less can be redeemed in part. Notice of redemption will be mailed by first class mail to each holder of Notes to be redeemed at its registered address at least 30 but not more than 60 days before the applicable redemption date, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of any Note being redeemed in part upon surrender for cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the applicable redemption date, interest will cease to accrue on Notes or portions of Notes called for redemption, unless CIT defaults in the payment of the redemption price.

Mandatory Redemption

CIT is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Purchase at the Option of Holders Upon Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, CIT will be obligated to make an offer to purchase (a "Change of Control Offer") and each holder of Notes will have the right to require CIT to purchase all or any part (equal to \$2,000 in principal amount or an integral multiple of \$1,000 in principal amount in excess thereof) of that holder's Notes on the terms set forth in the Indenture. In the Change of Control Offer, CIT will offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of Notes purchased, plus accrued and unpaid interest, if any, on the Notes purchased to the date of purchase, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at CIT's option, prior to any Change of Control, but after the public announcement of the pending Change of Control and conditional upon a Change of Control Triggering Event occurring, CIT will mail, by first class mail, a notice to each holder of Notes, with a copy to the Trustee, describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, other than as required by law, pursuant to the procedures required by the Indenture and described in such notice. The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the consummation of the Change of Control and upon a Change of Control Triggering Event occurring on or prior to the Change of Control payment date.

CIT will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable to the purchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, CIT will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control payment date, CIT will, to the extent lawful:

(1) accept for payment all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer; and

(3) deliver or cause to be delivered to the authenticating agent the Notes properly accepted, together with an officers' certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by CIT.

The paying agent will promptly mail to each holder of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer the Change of Control payment for such Notes, and the authenticating agent will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any. CIT will publicly announce the results of the Change of Control Offer on or as soon as reasonably practicable after the Change of Control payment date.

The provisions described above that require CIT to make a Change of Control Offer following a Change of Control Triggering Event will be applicable whether or not any other provisions of the Indenture are applicable, except as provided in the legal defeasance and covenant defeasance provisions applicable to the Notes, which will include the ability to defease this provision. Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that require CIT to purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

CIT will not be required to make a Change of Control Offer upon a Change of Control Triggering Event, if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by CIT and purchases all Notes validly and properly tendered and not withdrawn under the Change of Control Offer, (2) CIT has given notice to redeem all Notes in accordance with the redemption provisions of the Indenture, as described above under the caption "—Optional Redemption," unless and until there is a default in payment of the applicable redemption price or (3) in connection with or in contemplation of any Change of Control for which a definitive agreement is in place, CIT or a third party has made an offer to purchase (an "Alternate Offer") any and all Notes validly and properly tendered at a cash price equal to or higher than the Change of Control Offer payment and has purchased all Notes validly and properly tendered and not withdrawn in accordance with the terms of such Alternate Offer.

The definition of Change of Control includes a phrase relating to the sale, assignment, lease, transfer, conveyance or other disposition of "all or substantially all" of the properties or assets of CIT and its Subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require CIT to purchase its Notes as a result of a sale, assignment, lease, transfer, conveyance or other disposition of less than all of the assets of CIT and its Subsidiaries, taken as a whole, to another Person or group may be uncertain.

An Event of Default will occur should CIT fail to make a Change of Control Offer within three days of the occurrence of a Change of Control Triggering Event. Amendment or waiver of the provisions described in this section will require consent of holders of a majority of the outstanding principal amount of Notes.

Reporting Covenant

Whether or not required by the rules and regulations of the SEC, so long as any Notes are outstanding, CIT will furnish to the holders of Notes or cause the Trustee to furnish to the holders of Notes, within 30 days after CIT is (or would be) required to file the same with the SEC:

(1) all quarterly and annual reports that CIT is required to file, or would be required to file with the SEC on Forms 10-Q and 10-K, if CIT were required to file such reports; and

(2) all current reports that CIT is required to file, or would be required to file with the SEC on Form 8-K, if CIT were required to file such reports;

provided that any such above information or reports filed with the EDGAR system of the SEC (or any successor system) and available publicly on the Internet shall be deemed to be furnished to the holders of Notes.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each Annual Report on Form 10-K will include a report on CIT's consolidated financial statements by CIT's independent registered public accounting firm.

In addition, whether or not required by the SEC, CIT will file a copy of all of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations applicable to such reports for the status of the filer that CIT would otherwise be, if it were required to file reports with the SEC, subject to extension as set forth in Rule 12b-25(b)(ii) under the Exchange Act (or any successor provision) (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. CIT agrees that it will not take any action that would cause the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, CIT will post the reports specified in the preceding sentence on its publicly accessible website within the time periods that would apply, if CIT were required to file those reports with the SEC.

If, and so long as, all of the Capital Stock of CIT is beneficially owned, directly or indirectly, by a Person (the "Parent") (i) whose corporate family and corporate credit ratings are Investment Grade Ratings and (ii) that files reports with the SEC under Section 13(a) or 15(d) of the Exchange Act, the requirements in the preceding three paragraphs shall be deemed satisfied by the filing by such Parent of the reports specified in the first paragraph within the time periods specified therein.

CIT shall have the ability to defease the covenant described in this section "Reporting Covenant" in accordance with the defeasance provisions described under "Description of the Debt Securities—Legal Defeasance and Covenant Defeasance" in the accompanying prospectus.

Additional Provisions

The Indenture governing the Notes contains certain other provisions that apply to the Notes, including (i) covenants that limit CIT's ability to create liens and merge or consolidate, or sell, transfer, lease or dispose of all or substantially all of its assets; (ii) events of default; (iii) amendment, supplement and waiver; (iv) legal defeasance and covenant defeasance; and (v) satisfaction and discharge. See "Description of Debt Securities—Certain Covenants," "—Events of Default," "—Amendment, Supplement and Waiver," "—Legal Defeasance and Covenant Defeasance" and "—Satisfaction and Discharge" in the accompanying prospectus.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of CIT, as such, will have any liability for any obligations of CIT under the Notes or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee

If the Trustee becomes a creditor of CIT, the Indenture limits the right of the Trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions. However, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as Trustee or resign.

The holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that, where an Event of Default occurs and is continuing, the Trustee will be required, in the exercise of its power, to use the

degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder has offered to the Trustee security and indemnity reasonably satisfactory to it against any loss, liability or expense.

Certain Definitions

Set forth below are certain defined terms used in the Indenture. Reference is made to the Indenture for a full disclosure of all defined terms used therein, as well as any other capitalized terms used herein for which no definition is provided.

“*Beneficial Owner*” has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular “person” (as that term is used in Section 13(d)(3) of the Exchange Act), such “person” will be deemed to have beneficial ownership of all securities that such “person” has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms “*Beneficially Owns*” and “*Beneficially Owned*” have a corresponding meaning.

“*Board of Directors*” means the board of directors of the Company or any committee thereof duly authorized to act on behalf of such board.

“*Capital Stock*” of any Person means any and all shares, interests, rights to purchase, warrants, options, participations or other equivalents of, or interests in (however designated), equity of such Person, including preferred stock, but excluding any debt securities convertible into such equity.

“*Change of Control*” means the occurrence of any of the following:

(1) any “person” or “group” (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting power rather than the number of shares) of CIT, other than in any such transaction where:

(A) the Voting Stock of CIT outstanding immediately prior to such transaction is changed into or exchanged for Voting Stock of another Person (the “*Permitted Parent*”) constituting a majority of the outstanding Voting Stock (measured by voting power rather than the number of shares) of the Permitted Parent (immediately after giving effect to such issuance); and

(B) immediately after such transaction, no “person” or “group” (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting power rather than the number of shares) of the Permitted Parent; or

(2) CIT sells, assigns, conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any Person, other than any such transaction where:

(A) the Voting Stock of CIT outstanding immediately prior to such transaction is changed into or exchanged for Voting Stock of the transferee Person (the “*Transferee*”) constituting a majority of the outstanding shares of the outstanding Voting Stock (measured by voting power rather than the number of shares) of the Transferee (immediately after giving effect to such issuance); and

(B) immediately after such transaction, no “person” or “group” (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act), is the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting power rather than the number of shares) of the Transferee.

Following any transaction described in clause (1)(A), the Permitted Parent shall be substituted for CIT in this definition and the definition of “Trigger Period,” and following any transaction described in clause (2)(A), the Transferee shall be substituted for CIT in this definition and the definition of “Trigger Period.”

“*Change of Control Triggering Event*” means the occurrence of both (i) a Change of Control and (ii) a Ratings Downgrade Event.

“*Comparable Treasury Issue*” means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the Notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes; *provided, however*, that if no maturity is within three months before or after the maturity date for such Notes, yields for the two published maturities most closely corresponding to such United States Treasury security will be determined and the treasury rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month.

“*Comparable Treasury Price*” means, with respect to any redemption date, (a) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (b) if the Independent Investment Banker obtains fewer than four Reference Treasury Dealer Quotations, the average of all such quotations.

“*Independent Investment Banker*” means Morgan Stanley & Co. LLC (and its respective successors) or, if any such firm is not willing and able to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by CIT and reasonably acceptable to the Trustee.

“*Investment Grade Rating*” means a rating from Moody’s of Baa3 or higher (or its equivalent under any successor rating category of Moody’s) and a rating from S&P of BBB- or higher (or its equivalent under any successor rating category of S&P), in each case with a stable outlook, and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by CIT under the circumstances permitting CIT to select a replacement agency and in the manner for selecting a replacement agency, in each case, as set forth in the definition of “*Rating Agency*.”

“*Issue Date*” means the date on which the Notes are first issued.

“*Moody’s*” means Moody’s Investors Service, Inc.

“*Person*” means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, limited liability company or government or other entity.

“*Rating Agency*” means each of Moody’s and S&P; *provided*, that if Moody’s or S&P ceases to rate the Notes or fails to make a rating of the Notes available, CIT shall use commercially reasonable efforts to appoint another “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) of the Exchange Act as a replacement for such Rating Agency and, following such appointment, such replacement rating agency shall be substituted in this definition for the rating agency that ceased to rate the Notes or failed to make a rating of the Notes available; *provided* that CIT shall give notice of such appointment to the Trustee.

“*Ratings Downgrade Event*” means, on any date during the Trigger Period, the Notes being downgraded by at least one modifier (a modifier being plus, neutral or minus for S&P, 1, 2 or 3 for Moody’s and a similar modifier by any other Rating Agency) by one of the Rating Agencies from the rating on the Notes by such Rating Agency on the date prior to the first day of the Trigger Period; *provided* that no Ratings Downgrade Event shall be deemed to occur, if either (i) the rating on the Notes by each Rating Agency that downgraded its rating is an Investment Grade Rating after the downgrade or (ii) in respect of a particular Change of Control, if the Rating Agency or Agencies (as applicable) that downgraded the Notes announce or confirm or inform the Trustee in writing that the reduction was not the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date for the Notes, an average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue for the Notes to be redeemed (expressed, in each case, as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“*Reference Treasury Dealers*” means Barclays Capital Inc., Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC and, in each case, their successors (each, a “*Primary Treasury Dealer*”); *provided, however*, that if any of the foregoing shall resign as a Reference

Treasury Dealer or cease to be a primary U.S. government securities dealer, CIT will substitute therefor another primary U.S. government securities dealer.

“*S&P*” means Standard & Poor’s Ratings Group, a division of The McGraw Hill Corporation.

“*Subsidiary*” means, with respect to any specified Person:

(1) any corporation, association or other business entity of which more than 50% of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency and after giving effect to any voting agreement or stockholders’ agreement that effectively transfers voting power) to vote in the election of directors, managers or trustees of the corporation, association or other business entity is at the time owned or controlled, directly or indirectly, by that Person or one or more of the other Subsidiaries of that Person (or a combination thereof); and

(2) any partnership (a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are that Person or one or more Subsidiaries of that Person (or any combination thereof).

“*Treasury Yield*” means, with respect to any redemption date, (a) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15(519)” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue; or (b) if the release (or any successor release) is not published during the week preceding the calculation date or does not contain these yields, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the applicable Comparable Treasury Price for such redemption date.

“*Trigger Period*” means the period commencing one day prior to the first public announcement by CIT of an arrangement that could result in a Change of Control and ending 60 days following consummation of the Change of Control (which period will be extended following consummation of a Change of Control for so long as the rating of the Notes is under announced consideration for possible downgrade by any of the Rating Agencies as the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control).

“*Voting Stock*” of any specified Person, as of any date, means the Capital Stock of such Person that is at the time entitled to vote in the election of the Board of Directors of such Person.

UNITED STATES TAXATION

The following supplements the description of certain United States federal income tax consequences of owning the debt securities under “United States Taxation” in the accompanying prospectus, and is subject to the exceptions and limitations therein.

Change of Control Event

If we experience certain kinds of changes of control and certain ratings changes occur within a specified period after such change of control, we must offer to purchase the Notes at 101% of their principal amount, plus accrued and unpaid interest. For more details, see “Description of Notes—Purchase at the Option of Holders Upon Change of Control Triggering Event.” However, under applicable Treasury Regulations, the possibility of one or more contingent payments on the Notes may be disregarded for the purposes of determining whether the Notes provide for one or more contingent payments for United States federal income tax purposes, if on the date the Notes are issued, the possibility of such contingent payments occurring is incidental or remote. We intend to treat the possibility that such offer to purchase will occur as a remote or incidental contingency. Therefore, the tax treatment of the Notes should be as described in the base prospectus.

Withholdable Payments to Foreign Financial Entities and Other Foreign Entities

Recent administrative guidance provides that the withholding described in “United States Taxation—Withholdable Payments to Foreign Financial Entities and Other Foreign Entities” in the accompanying prospectus (“FATCA Withholding”) will generally not apply to debt obligations that are issued prior to July 1, 2014; therefore, the Notes will not be subject to FATCA Withholding.

BENEFIT PLAN INVESTOR CONSIDERATIONS

A fiduciary of a pension, profit-sharing or other employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) (each, a “Plan”), should consider the fiduciary standards of ERISA in the context of the Plan’s particular circumstances before authorizing an investment in the Notes. Among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under ERISA or the Internal Revenue Code of 1986, as amended (the “Code”).

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts, Keogh plans and any other plans that are subject to Section 4975 of the Code (also “Plans”), from engaging in certain transactions involving “plan assets” with persons who are “parties in interest” under ERISA or “disqualified persons” under the Code with respect to the Plan. A violation of these prohibited transaction rules may result in excise tax or other liabilities under ERISA or the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) (“Non-ERISA Arrangements”) are not subject to the requirements of Section 406 of ERISA or Section 4975 of the Code, but may be subject to similar provisions under applicable federal, state, local, non-U.S or other laws (“Similar Laws”).

The acquisition or holding of the Notes by a Plan or any entity whose underlying assets include “plan assets” by reason of any Plan’s investment in the entity (a “Plan Asset Entity”) with respect to which we, the underwriters or the paying agent or any of their respective affiliates is or becomes a party in interest or disqualified person may result in a prohibited transaction under ERISA or Section 4975 of the Code, unless the Notes are acquired and held pursuant to an applicable exemption. The U.S. Department of Labor has issued five prohibited transaction class exemptions, or “PTCEs,” that may provide exemptive relief, if required, for direct or indirect prohibited transactions that may arise from the purchase or holding of the Notes. These exemptions are PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts), and PTCE 96-23 (for transactions managed by in-house asset managers). In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of the Notes; *provided* that neither the issuer of the Notes nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction and *provided further* that the Plan pays no more and receives no less than “adequate consideration” in connection with the transaction (the “service provider exemption”). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Because of the foregoing, the Notes should not be acquired or held by any person investing “plan assets” of any Plan, Plan Asset Entity or Non-ERISA Arrangement, unless such acquisition and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

Any purchaser or holder of the Notes, or any interest therein, will be deemed to have represented by its purchase and holding of the Notes, or any interest therein, that it either (1) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and is not purchasing the Notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (2) the purchase and holding of the Notes will not constitute a non-exempt prohibited transaction under ERISA or the Code or a similar violation under any applicable Similar Laws.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing the Notes on behalf of, or with the assets of, any Plan, a Plan Asset Entity or Non-ERISA Arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or the potential consequences of any purchase or holding under Similar Laws, as applicable. Purchasers of the Notes have exclusive responsibility for ensuring that their

purchase and holding of the Notes do not violate the fiduciary or prohibited transaction rules of ERISA or the Code or any similar provisions of Similar Laws. The sale of any Notes to a Plan, Plan Asset Entity or Non-ERISA Arrangement is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by any Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement or that such an investment is appropriate for any Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement.

UNDERWRITING

Barclays Capital Inc., Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC are acting as representatives of each of the underwriters named below. Subject to the terms and conditions set forth in an underwriting agreement between us and the representatives of the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of Notes set forth opposite its name below.

<u>Underwriters</u>	<u>Principal Amount of Securities To Be Purchased</u>
Barclays Capital Inc.....	\$168,750,000
Credit Suisse Securities (USA) LLC	168,750,000
J.P. Morgan Securities LLC	168,750,000
Morgan Stanley & Co. LLC.....	168,750,000
Blaylock Robert Van, LLC.....	18,750,000
CastleOak Securities, L.P.	18,750,000
Drexel Hamilton, LLC	18,750,000
Mischler Financial Group, Inc.....	18,750,000
Total	<u>\$750,000,000</u>

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the Notes sold under the underwriting agreement, if any of those Notes are purchased.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the Notes, subject to prior sale, when, as and if issued to, and accepted by, them, subject to approval of legal matters by their counsel, including the validity of the Notes and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The following table shows the underwriting discounts to be paid by the Company in connection with this offering. The underwriting discount is the difference between the public offering price and the amount the underwriters pay to us to purchase the Notes. The underwriting discount is 1.000% of the principal amount of the Notes:

Per Note	1.000%
Total.....	\$7,500,000

The underwriters have advised us that the underwriters propose initially to offer the Notes to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price, less a concession not in excess of 0.600% of the principal amount of the Notes. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount, are estimated at \$500,000 and are payable by us.

The Notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the Notes on any national securities exchange or for inclusion of the Notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the Notes. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the Notes or that an active public market for the Notes will develop or, if developed, that it will continue. If an active public trading market for the Notes does not develop or, if developed, continue, the market price and liquidity of the Notes may be adversely affected. If the Notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

We have agreed that we will not, from the date of this prospectus supplement through the date of delivery of the Notes to investors, without first obtaining the prior written consent of Morgan Stanley & Co. LLC, directly or indirectly, issue, sell, offer to contract or grant any option to sell, pledge, transfer or otherwise dispose of, any debt securities or securities exchangeable for, or convertible into, debt securities, except for the Notes sold to the underwriters pursuant to the underwriting agreement.

In connection with the offering, the underwriters may purchase and sell the Notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of Notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing Notes in the open market. A short position is more likely to be created, if the underwriters are concerned that there may be downward pressure on the price of the Notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the Notes or preventing or retarding a decline in the market price of the Notes. As a result, the price of the Notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and their respective affiliates have provided, and may in the future provide, investment banking, commercial banking, financial advisory and other services to us and our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

Barclays Capital, an affiliate of one of the underwriters, acted as a joint lead arranger under our existing Revolving Credit Facility. Barclays Bank PLC, an affiliate of one of the underwriters, is a lender under our existing Revolving Credit Facility and is the Administrative Agent and provides committed financing to CIT's U.S. Vendor Finance securitization facility. Credit Suisse Securities (USA) LLC, one of the underwriters, acted as a documentation agent under our existing Revolving Credit Facility and various affiliates of Credit Suisse Securities (USA) LLC serve as lenders under our Revolving Credit Facility. J.P. Morgan Securities LLC, one of the underwriters, acted as a joint lead-arranger under our Revolving Credit Facility. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, is a lender under our Revolving Credit Facility and provides cash disbursement and collection, collateral management and asset management services for CIT. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, served as a lender for certain aircraft financings through our ECA facility. Morgan Stanley Senior Funding, Inc., an affiliate of one of the underwriters, acted as a documentation agent under our existing Revolving Credit Facility and various affiliates of Morgan Stanley & Co. LLC, one of the underwriters, serve as lenders under our Revolving Credit Facility.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Company, for certain of which the underwriters and their respective affiliates may receive proceeds from this offering in connection with the repayment thereof. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates have hedged and/or may in the future hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates

would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes.

We expect that delivery of the Notes will be made to investors on or about August 1, 2013, which will be the fifth business day following the date of this prospectus supplement (such settlement being referred to as “T+5”). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes on the date of this prospectus supplement or the following business day will be required, by virtue of the fact that the Notes will initially settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisors.

Notice to Prospective Investors

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”), no offer of Notes may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Notes shall require the company or the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement has been prepared on the basis that any offer of Notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for the Company or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of Notes in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression “an offer to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

RISK FACTORS

Our business is subject to uncertainties and risks. You should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus, including the risk factors included in the prospectus supplement or incorporated by reference from our most recent annual report on Form 10-K, as updated by our quarterly reports on Form 10-Q and other SEC filings filed after such annual report. It is possible that our business, financial condition, liquidity or results of operations could be materially adversely affected by any of these risks.

USE OF PROCEEDS

Unless the applicable prospectus supplement indicates otherwise, we intend to use the net proceeds from any sale of the debt securities for general corporate purposes and/or to refinance outstanding indebtedness. CIT has not yet determined the amounts that we may use in connection with our business or that we may furnish to our subsidiaries.

Reference is made to our financial statements incorporated by reference herein for a description of the terms of our outstanding indebtedness.

DESCRIPTION OF DEBT SECURITIES

This section contains a description of the general terms and provisions of the debt securities that may be offered by this prospectus. We may issue senior debt securities under an indenture to be entered into between us and Wilmington Trust, National Association, as trustee. The senior debt securities indenture is referred to in this prospectus as the “indenture”. The indenture may be supplemented from time to time.

This prospectus briefly outlines some of the provisions of the indenture. The following summary of the material provisions of the indenture is qualified in its entirety by the provisions of the indenture, including definitions of certain terms used in the indenture. Wherever we refer to particular sections or defined terms of the indenture, those sections or defined terms are incorporated by reference in this prospectus or the applicable prospectus supplement. You should review the indenture that is filed as an exhibit to the registration statement of which this prospectus forms a part for additional information.

In addition, the material specific financial, legal and other terms as well as any material U.S. federal income tax consequences particular to securities of each series will be described in the prospectus supplement relating to the securities of that series. Such prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. For a complete description of the terms of a particular series of debt securities, you should read both this prospectus and the prospectus supplement relating to that particular series.

General

The indenture does not limit the amount of debt securities that we may issue under the indenture or otherwise. Under the indenture, we may issue the debt securities in one or more series with the same or various maturities, at par or a premium, or with original issue discount.

Unless otherwise specified in the prospectus supplement relating to the securities of any given series, the debt securities covered by this prospectus will be our direct unsecured obligations. Senior debt securities will rank equally with our other unsecured and unsubordinated indebtedness. Any of our secured indebtedness will rank ahead of the debt securities to the extent of the value of the assets securing such indebtedness.

We conduct a substantial portion of our operations primarily through our subsidiaries and our subsidiaries hold a substantial portion of our assets. Accordingly, our cash flow and our ability to meet our obligations under the debt securities will be largely dependent on the cash flow and earnings of our subsidiaries and the distribution or other payment of these cash flows and earnings to us in the form of dividends, loans or advances and repayment to us of loans and advances made to our subsidiaries by us. Our subsidiaries are separate and distinct legal entities and have no obligation to pay the amounts that will be due on our debt securities or to make any funds available for payment of amounts that will be due on our debt securities. Because we are a holding company, our obligations under our debt securities will be effectively subordinated to all existing and future liabilities of our subsidiaries. Therefore, our rights, and the rights of our creditors, including the rights of the holders of the debt securities, to participate in any distribution of assets of any of our subsidiaries, if such subsidiary were to be liquidated or reorganized, are subject to the prior claims of such subsidiary’s creditors. To the extent that we may be a creditor with recognized claims against our subsidiaries, our claims will still be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary that are senior to us.

The prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include, among other terms, some or all of the following, as applicable:

- the title and series of such debt securities, which may include medium-term debt securities;
- the total principal amount of the series of debt securities and whether there shall be any limit upon the aggregate principal amount of such debt securities;

- the date or dates, or the method or methods, if any, by which such date or dates will be determined, on which the principal of the debt securities will be payable;

- provisions specifying whether CIT will be obligated to redeem or purchase any of such debt securities pursuant to any sinking fund or analogous provision or at the option of any holder of such debt securities and, if so, the date or dates on which, the period or periods within which, the price or prices at which and the other terms and conditions upon which such debt securities will be redeemed or purchased, in whole or in part, pursuant to such obligation, and any provisions for the remarketing of such debt securities so redeemed or purchased;
- if other than minimum denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof, the denominations in which any debt securities to be issued in registered form will be issuable and, if other than a denomination of \$5,000, the denominations in which any debt securities to be issued in bearer form will be issuable;
- provisions specifying whether the debt securities will be convertible into other securities of CIT and/or exchangeable for securities of CIT or other issuers and, if so, the terms and conditions upon which such debt securities will be so convertible or exchangeable;
- if other than the principal amount, the percentage of the principal amount (or the method by which such percentage will be determined) of such debt securities that will be payable upon declaration of acceleration of the maturity thereof;

- if other than U.S. dollars, the currency of payment, including composite currencies, of the principal of, and any premium or interest on any of such debt securities;
- provisions specifying whether the principal of, and any premium or interest on such debt securities will be payable, at the election of CIT or a holder of debt securities, in a currency other than that in which such debt securities are stated to be payable and the date or dates on which, the period or periods within which, and the other terms and conditions upon which, such election may be made;
- any index, formula or other method used to determine the amount of payments of principal of, any premium or interest on such debt securities;
- provisions specifying whether such debt securities are to be issued in the form of one or more global securities and, if so, the identity of the depository for such global security or securities;
- any deletions from, modifications of or additions to the events of default or covenants of CIT with respect to such debt securities;
- terms specifying whether the provisions described below under “—Legal Defeasance and Covenant Defeasance” will be applicable to such debt securities;
- terms specifying whether any of such debt securities are to be issued upon the exercise of warrants, and the time, manner and place for such debt securities to be authenticated and delivered; and
- any other terms of such debt securities and any other deletions from or modifications or additions to the indenture in respect of such debt securities.

The prospectus supplement relating to debt securities being offered pursuant to this prospectus will be attached to the front of this prospectus.

We may from time to time, without the consent of the existing holders of the debt securities, create and issue additional debt securities of any series having the same terms and conditions as the previously issued debt securities of such series in all respects, except for the issue date, and in some cases the issue price and the first interest payment date, either of which may differ from the respective terms of the previously issued debt securities of that series.

Certain Covenants

Unless otherwise specified in the applicable prospectus supplement, the following covenants will apply with respect to each series of debt securities issued under the indenture.

Negative Pledge

The indenture does not limit the amount of other securities that CIT or its subsidiaries may issue. However, the indenture contains a “Negative Pledge” that provides that after the date of the execution and delivery of the supplemental indenture and so long as any debt securities shall be outstanding, CIT will not pledge or otherwise subject to any lien (any such pledge or lien being hereinafter referred to as a “*Lien*”) any of its property or assets to secure Indebtedness for money borrowed, incurred, issued, assumed or guaranteed by CIT without thereby expressly securing the due and punctual payment of the principal of and interest on the debt securities equally and ratably with any and all other Indebtedness for borrowed money secured by such Lien, so long as any such other Indebtedness shall be so secured; *provided, however*, that this restriction shall not prohibit or otherwise restrict:

- Liens existing on the Issue Date;
- CIT from creating, incurring or suffering to exist upon any of its property or assets any Lien in favor of any of its Subsidiaries;
- CIT (i) from creating, incurring or suffering to exist a purchase money Lien upon any such property, assets, capital stock or Indebtedness acquired by CIT prior to, at the time of, or within one year after (1) in the case of physical property or assets, the later of the acquisition, completion of construction (including any improvements on existing property) or commencement of commercial operation of such property or (2) in the case of shares of Capital Stock, Indebtedness or other property or assets, the acquisition of such shares of Capital Stock, Indebtedness, property or assets, (ii) from acquiring property or assets subject to Liens existing thereon at the date of acquisition

thereof, whether or not the Indebtedness secured by any such Lien is assumed or guaranteed by CIT, or (iii) from creating, incurring or suffering to exist Liens upon any property of any Person, which Liens exist at the time any such Person is merged with or into or consolidated with CIT (or becomes a subsidiary of CIT) or which Liens exist at the time of a sale or transfer of the properties of any such Person as an entirety or substantially as an entirety to CIT;

- CIT from creating, incurring or suffering to exist upon any of its property or assets Liens in favor of the United States or any state thereof or the District of Columbia, or any agency, department or other instrumentality thereof, to secure progress, advance or other payments pursuant to any contract or provision of any statute (including maintaining self-insurance or participating in any fund in connection with worker's compensation, disability benefits, unemployment insurance, old age pensions or other types of social benefits, or joining in any other provisions or benefits available to companies participating in any such arrangements);
- CIT from creating, incurring or suffering to exist upon any of its property or assets Liens securing its obligations under letters of credit, Rate Management Transactions, bids, tenders, sales contracts, purchase agreements, repurchase agreements, reverse repurchase agreements, bankers' acceptances, leases, surety and performance bonds, and other similar obligations, in each case, incurred in the ordinary course of business;
- CIT from creating, incurring or suffering to exist Liens upon any real property acquired or constructed by CIT primarily for use in the conduct of its business;
- CIT from entering into any arrangement with any Person providing for the leasing by CIT of any property or assets, which property or assets have been or will be sold or transferred by CIT to such Person with the intention that such property or assets will be leased back to CIT, if the obligations in respect of such lease would not be included as liabilities on its consolidated balance sheet;
- CIT from creating, incurring or suffering to exist upon any of its property or assets Liens to secure non-recourse debt in connection with its engaging in any leveraged or single-investor or other lease transactions, whether (in the case of Liens on or relating to leases or groups of leases or the particular properties subject thereto) such Liens are on the particular properties subject to any leases involved in any of such transactions and/or the rental or other payments or rights under such leases or, in the case of any group of related or unrelated leases, on the properties subject to the leases comprising such group and/or on the rental or other payments or rights under such leases, or on any direct or indirect interest therein, and whether (in any case) (A) such Liens are created prior to, at the time of, or at any time after the entering into of such lease transactions and/or (B) such leases are in existence prior to, or are entered into by CIT at the time of or at any time after, the purchase or other acquisition by CIT of the properties subject to such leases;
- CIT from creating, incurring or suffering to exist (A) other consensual Liens in the ordinary course of its business that secure Indebtedness that, in accordance with generally accepted accounting principles, would not be included in total liabilities as shown on its consolidated balance sheet, or (B) Liens created by CIT in connection with any transaction intended by CIT to be a sale of its property or assets, *provided* that such Liens are upon any or all of the property or assets intended to be sold, the income from such property or assets and/or the proceeds of such property or assets;
- CIT from creating, incurring or suffering to exist Liens on property or assets financed through tax-exempt municipal obligations, *provided* that such Liens are only on the property or assets so financed;
- any extension, renewal, refinancing or replacement (or successive extensions, renewals, refinancings or replacements), in whole or in part, of any of the foregoing; *provided, however*, that any such extension, renewal, refinancing or replacement shall be limited to all or a part of the property or assets (or substitutions therefor) which secured the Lien so extended, renewed, refinanced or replaced (plus improvements on such property); and
- CIT from creating, incurring or suffering to exist any other Liens not otherwise permitted by any of the foregoing clauses above; *provided* that the maximum amount of Indebtedness secured by Liens in reliance on this clause shall not exceed, at the time of and after giving effect to the incurrence of any Indebtedness secured by a Lien in reliance on this clause, an amount equal to the greater of

\$900 million or 10% of the excess of its consolidated total assets over its consolidated liabilities, as shown on its balance sheet for the most recent fiscal quarter for which financial statements are publicly available in accordance with generally accepted accounting principles at the date of measurement.

For the purposes of this covenant described under the caption “Negative Pledge,” any contract by which title is retained as security (whether by lease, purchase, title retention agreement or otherwise) for the payment of a purchase price shall be deemed to be a purchase money Lien.

Nothing contained in this covenant described under the caption “Negative Pledge” or in the indenture shall prevent or be deemed to prohibit the creation, assumption or guaranty by CIT of any Indebtedness not secured by a Lien or the issuance by CIT of any debentures, notes or other evidences of Indebtedness not secured by a Lien, whether in the ordinary course of business or otherwise.

The entry by CIT into any contract, document, agreement or instrument (which shall include bank credit facilities, Rate Management Transactions and loan agreements), in the ordinary course of business or otherwise, which contract, document agreement or instrument may provide for or contain a right of set-off or other similar right between CIT and such other party to the contract, document agreement or instrument shall not result in, or be deemed to constitute, the creation or incurrence of a “Lien” as such term is used in the indenture.

Consolidation, Merger or Sale

CIT will not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not CIT is the surviving corporation); or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of the properties or assets of CIT and its Subsidiaries, taken as a whole, in one or more related transactions, to another Person, unless:

- either: (a) CIT is the surviving corporation; or (b) the Person formed by or surviving any such consolidation or merger (if other than CIT) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- the Person formed by or surviving any such consolidation or merger (if other than CIT) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes by contract or operation of law all the obligations of CIT under the debt securities and the indenture pursuant to agreements reasonably satisfactory to the trustee; and
- immediately after, and upon giving effect to, such transaction, no Default or Event of Default exists.

This “Consolidation, Merger or Sale” covenant will not apply to:

- a merger of CIT with an Affiliate solely for the purpose of reincorporating CIT in another jurisdiction; or
- any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among CIT and its Subsidiaries.

Events of Default

Each of the following is an “*Event of Default*” with respect to each series of debt securities:

- default for 30 days in the payment when due of interest on the debt securities of such series;
- default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the debt securities of such series;
- failure for 3 business days by CIT to comply with the provisions described under the caption “—Certain Covenants—Consolidation, Merger or Sale”;
- failure by CIT for 60 days after written notice to CIT by the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of such series outstanding voting as a single class to comply with any of the other agreements in the indenture;
- default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by CIT (or the payment of

which is guaranteed by CIT), whether such Indebtedness or guarantee now exists, or is created after the Issue Date, if that default:

- is a Payment Default; or
- results in the acceleration of such Indebtedness prior to its express maturity,

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$250 million or more;

- failure by CIT to pay final and non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$250 million (net of any amounts covered by insurance), which judgments are not paid, discharged or stayed for a period of 60 days; and
- (x) a court of competent jurisdiction enters an order or decree under any applicable Bankruptcy Law that: (A) is for relief against CIT in an involuntary case; (B) appoints a Bankruptcy Custodian of CIT or for all or substantially all of the property of CIT; or (C) orders the liquidation of CIT; and the order or decree remains unstayed and in effect for 60 consecutive days; or (y) the commencement by CIT of a voluntary proceeding under any applicable bankruptcy, insolvency, reorganization (other than a reorganization under a foreign law that does not relate to insolvency) or other similar law or of a voluntary proceeding seeking to be adjudicated insolvent or the consent by CIT to the entry of a decree or order for relief in an involuntary proceeding under any applicable bankruptcy, insolvency, reorganization or other similar law or to the commencement of any insolvency proceedings against it, or the filing by CIT of a petition or answer or consent seeking reorganization, arrangement, adjustment or composition of CIT under any such applicable law, or the consent by CIT to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or similar official of CIT or any substantial part of the property of CIT or the making by CIT of an assignment for the benefit of creditors, or the taking of corporate action by CIT in furtherance of any such action or the admitting in writing by CIT of its or their inability to pay its debts generally as they become due.

In the case of an Event of Default relating to bankruptcy proceedings, all outstanding debt securities will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding debt securities of any series, by notice to CIT, may declare all the debt securities of such series to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding debt securities of any series may direct the trustee in its exercise of any trust or power with respect to such series. The trustee may withhold from holders of the debt securities notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium, if any.

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the indenture at the request or direction of any holders of debt securities unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest, when due, no holder of a debt security of such series may pursue any remedy with respect to the indenture or such debt securities unless:

- such holder has previously given the trustee notice that an Event of Default is continuing;
- holders of at least 25% in aggregate principal amount of the then outstanding debt securities of such series have requested the trustee to pursue the remedy;
- such holders of debt securities have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and

- holders of a majority in aggregate principal amount of the then outstanding debt securities of such series have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding debt securities of any series by notice to the trustee may, on behalf of the holders of all of the debt securities of such series, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, the debt securities of such series.

CIT is required to deliver to the trustee annually a statement regarding compliance with the indenture. Within 30 days after becoming aware of any Default or Event of Default, CIT is required to deliver to the trustee a statement specifying such Default or Event of Default.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture and the debt securities may be amended or supplemented as they relate to any series of debt securities with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of such series then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities), and any existing Default or Event of Default or compliance with any provision of the indenture or the instruments evidencing debt securities with respect to any series may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding debt securities of such series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities).

Without the consent of each holder of debt securities affected, an amendment, supplement or waiver may not (with respect to any debt securities held by a non-consenting holder):

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- reduce the principal of or change the fixed maturity of any debt securities or reduce the redemption price of any debt securities;
- reduce the rate of or change the time for payment of interest, including default interest, on any debt securities;
- waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities and a waiver of the Payment Default that resulted from such acceleration);
- make any debt securities payable in money other than U.S. dollars;
- make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of debt securities to receive payments of principal of, or interest or premium, if any, on, the debt securities;
- waive a redemption payment with respect to any debt securities; or
- make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of debt securities, CIT and the trustee may amend or supplement the indenture or the debt securities:

- to cure any ambiguity, defect or inconsistency;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities;
- to provide for the assumption of CIT's obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of CIT's assets;
- to make any change that would provide any additional rights or benefits to the holders of such debt securities, increase the interest rate applicable to any series of the debt securities or that does not adversely affect the legal rights under the indenture of any such holder;

- to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”);
- to conform the text of the indenture or the debt securities to any provision of this “Description of Debt Securities” or “Description of Notes” in a prospectus supplement applicable to any series of debt securities; and
- to provide for the issuance of additional debt securities in accordance with the limitations set forth in the indenture as of the date of the indenture.

The consent of the holders of debt securities is not necessary under the indenture to approve the particular form of any proposed amendment or waiver. It is sufficient if such consent approves the substance of the proposed amendment or waiver.

Global Securities

CIT may issue the global securities in either registered or bearer form, in either temporary or permanent form. Unless the prospectus supplement specifies otherwise, debt securities, when issued, will be represented by a permanent global security or securities, and each permanent global security will be deposited with, or on behalf of, The Depository Trust Company, which we refer to as the Depository, and registered in the name of a nominee of the Depository. Investors may elect to hold interests in the global securities through either the Depository (in the United States), or Clearstream or Euroclear (outside of the United States), if they are participants of those systems, or indirectly through organizations that are participants in those systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream’s and Euroclear’s names on the books of their respective depositories (in those capacities, the “U.S. Depositories”), which in turn will hold the interests in customers’ securities accounts in the depositories’ names on the books of the Depository. Except under the limited circumstances described below, permanent global securities will not be exchangeable for securities in definitive form and will not otherwise be issuable in definitive form.

Ownership of beneficial interests in a permanent global security will be limited to institutions that have accounts with the Depository or its nominee (each a “participant”) or persons who may hold interests through participants. In addition, ownership of beneficial interests by participants in such permanent global security will be evidenced only by, and the transfer of that ownership interest will be effected only through, records maintained by the Depository or its nominee for that permanent global security. Ownership of beneficial interests in such permanent global security by persons who hold through participants will be evidenced only by, and the transfer of that ownership interest within the participant will be effected only through, records maintained by that participant. The Depository has no knowledge of the actual beneficial owners of securities. Beneficial owners will not receive written confirmation from the Depository of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the participants through which the beneficial owners entered the transaction. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of securities in definitive form. These laws may impair your ability to transfer your beneficial interests in that permanent global security.

CIT has been advised by the Depository that upon the issuance of a permanent global security and the deposit of that permanent global security with the Depository, the Depository will immediately credit on its book-entry registration and transfer system the respective principal amounts represented by that permanent global security to the accounts of participants.

The paying agent will make all payments on securities represented by a permanent global security registered in the name of or held by the Depository or its nominee to the Depository or its nominee, as the case may be, as the registered owner and holder of the permanent global security representing the securities. The Depository has advised CIT that upon receipt of any payment of principal of, or premium, if any, or interest, if any, on a permanent global security, the Depository will immediately credit, on its book-entry registration and transfer system, accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that permanent global security as shown in the records of the Depository or its nominee. We expect that payments by participants to owners of beneficial interests in a permanent global security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of

customers in bearer form or registered in “street name” (i.e., the name of a securities broker or dealer), and will be the sole responsibility of those participants, subject to any statutory or regulatory requirements as may be in effect from time to time.

None of CIT, any trustee, any agent of CIT, or any agent of a trustee will be responsible or liable for any aspect of the records relating to or payments made on account of beneficial interests in a permanent global security or for maintaining, supervising, or reviewing any of the records relating to such beneficial interests.

A permanent global security is exchangeable for definitive securities registered in the name of, and a transfer of a permanent global security may be registered to, any person other than the Depositary or its nominee, only if:

- the Depositary notifies us that it is unwilling or unable to continue as Depositary for that permanent global security or if at any time the Depositary ceases to be a clearing agency registered under the Exchange Act, and CIT does not appoint a successor Depositary within 90 days;
- CIT, in its discretion, determines that the permanent global security will be exchangeable for definitive securities in registered form; or
- an event of default under the indenture shall have occurred and be continuing, as described in the prospectus, and CIT, the trustee, or the applicable registrar and paying agent notifies the Depositary that the permanent global security will be exchangeable for definitive securities in registered form.

Any permanent global security which is exchangeable will be exchangeable in whole for definitive securities in registered form, of like tenor and of an equal aggregate principal amount as the permanent global security, in denominations of \$1,000 and integral multiples thereof. Those definitive securities will be registered in the name or names of such person or persons as the Depositary shall instruct such trustee. CIT expects that those instructions may be based upon directions received by the Depositary from its participants with respect to ownership of beneficial interests in the permanent global security.

In the event definitive securities are issued, you may transfer the definitive securities by presenting them for registration to the registrar at its New York office. If you transfer less than all of your definitive securities, you will receive a definitive security or securities representing the retained amount from the registrar at its New York office within 30 days of presentation for transfer. Definitive securities presented for registration must be duly endorsed by the holder or his attorney duly authorized in writing, or accompanied by a written instrument or instruments of transfer in form satisfactory to CIT or the trustee for the securities, duly executed by the holder or his attorney duly authorized in writing. You can obtain a form of written instrument of transfer from the registrar for the securities at its New York office. CIT may require you to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of definitive securities, but otherwise transfers will be without charge. If CIT issues definitive securities,

- principal of and interest on the securities will be payable in the manner described below;
- the transfer of the securities will be registrable; and
- the securities will be exchangeable for securities bearing identical terms and provisions.

If CIT issues definitive securities, CIT will do so at the office of the paying agent, including any successor paying agent and registrar for the securities.

CIT may pay interest on definitive securities, other than interest at maturity or upon redemption, by mailing a check to the address of the person entitled to the interest as it appears on the security register at the close of business on the regular record date corresponding to the relevant interest payment date. The term “record date,” as used in this prospectus, means the close of business on the fifteenth day preceding any interest payment date.

Notwithstanding the foregoing, the Depositary, as holder of the securities, or a holder of more than \$1 million in aggregate principal amount of securities in definitive form, may require a paying agent to make payments of interest, other than interest due at maturity or upon redemption, by wire transfer of immediately available funds into an account maintained by the holder in the United States, by sending appropriate wire transfer instructions. Such paying agent must receive these instructions not less than ten days prior to the applicable interest payment date.

A paying agent will pay the principal and interest payable at maturity or upon redemption by wire transfer of immediately available funds against presentation of the related security at the office of the paying agent.

Except as provided above, owners of beneficial interests in a permanent global security will not be entitled to receive physical delivery of securities in definitive form and will not be considered the holders of the securities for any purpose under the indenture, and no permanent global security will be exchangeable, except for another permanent global security of like denomination and tenor to be registered in the name of the Depositary or its nominee. As a result, each person owning a beneficial interest in a permanent global security must rely on the procedures of the Depositary and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture.

CIT understands that, under existing industry practices, in the event that CIT requests any action of holders, or an owner of a beneficial interest in a permanent global security desires to give or take any action which a holder is entitled to give or take under the indenture, the Depositary would authorize the participants holding the relevant beneficial interests to give or take this action, and the participants would authorize beneficial owners owning through participants to give or take this action or would otherwise act upon the instructions of beneficial owners owning through them.

Where any debt securities of any series are issued in bearer form, the restrictions and considerations applicable to such debt securities and with respect to the payment, transfer and exchange of such debt securities will be described in the related prospectus supplement.

The Depositary Trust Company. The Depositary has advised us that it is a limited-purpose trust company organized under the laws of the State of New York, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered under the Exchange Act. The Depositary was created to hold securities of its participants and to facilitate the clearance and settlement of transactions among its participants in securities through electronic book-entry changes in accounts of the participants. By doing so, the Depositary eliminates the need for physical movement of securities certificates. The Depositary’s participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. The Depositary is owned by a number of its participants and by the New York Stock Exchange, Inc., NYSE Amex Equities. Access to the Depositary’s book-entry system is also available to others, such as banks, brokers, dealers, and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to the Depositary and its participants are on file with the SEC.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning the Depositary and the Depositary’s system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Clearstream. Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depositary. Clearstream holds securities for its participating organizations (“Clearstream Participants”) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance, and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depositary, Clearstream is subject to regulation by the Luxembourg Monetary Institute. Clearstream Participants are recognized financial institutions around the world, including agents, securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations and may include any agents. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers, and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depositary for Clearstream.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning Clearstream and Clearstream's system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Euroclear. Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by the Euroclear S.A./N.V. (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include any agents. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear, the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

CIT believes that the sources from which the information in this section and elsewhere in this prospectus concerning Euroclear, the Euroclear Operator, the Cooperative and Euroclear's system has been obtained are reliable, but CIT takes no responsibility for the accuracy of the information.

Global Clearance and Settlement Procedures

Initial settlement for the securities will be made in immediately available funds. Secondary market trading between participants in the Depository will occur in the ordinary way in accordance with the Depository's rules and will be settled in immediately available funds using the Depository's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through the Depository on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other hand, will be effected in the Depository in accordance with the Depository rules on behalf of the relevant European international clearing system by its U.S. Depository. However, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). If the transaction meets the settlement requirements, the relevant European international clearing system will deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving securities in the Depository and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the Depository. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of securities received in Clearstream or Euroclear as a result of a transaction with a participant in the Depository will be made during subsequent securities settlement

processing and dated the business day following the Depository settlement date. Credits or any transactions in securities settled during this processing will be reported to the relevant Euroclear or Clearstream Participants on that following business day. Cash received in Clearstream or Euroclear as a result of sales of debt securities by or through a Clearstream Participant or a Euroclear Participant to a participant in the Depository will be received with value on the Depository settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in the Depository.

Although the Depository, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of the Depository, Clearstream and Euroclear, they are under no obligation to perform or continue to perform these procedures and these procedures may be discontinued at any time.

Legal Defeasance and Covenant Defeasance

CIT may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding debt securities of any series (“*Legal Defeasance*”) except for:

- the rights of holders of outstanding debt securities of such series to receive payments in respect of the principal of, or interest or premium, if any, on, such debt securities when such payments are due from the trust referred to below;
- CIT’s obligations with respect to the debt securities of such series concerning issuing temporary certificates for the debt securities, registration of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment and money for security payments held in trust;
- the rights, powers, trusts, duties and immunities of the trustee, and CIT’s obligations in connection therewith; and
- the Legal Defeasance and Covenant Defeasance provisions of the indenture.

In addition, CIT may, at its option and at any time, elect to have its obligations released with respect to certain covenants that are described in the indenture with respect to the debt securities of any series (“*Covenant Defeasance*”) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the debt securities of such series. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under “—Events of Default” will no longer constitute an Event of Default with respect to the debt securities of such series.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the debt securities of any series:

- CIT must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the debt securities of such series, Cash in U.S. dollars, non-callable government obligations, or a combination of Cash in U.S. dollars and non-callable government obligations, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest, premium, if any, on, the outstanding debt securities of such series on the stated date for payment thereof or on the applicable redemption date, as the case may be, and CIT must specify whether such debt securities are being defeased to such stated date for payment or to a particular redemption date;
- in the case of Legal Defeasance, CIT must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) CIT has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- in the case of Covenant Defeasance, CIT must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of

such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

- no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);
- such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the indenture) to which CIT is a party or by which CIT is bound;
- CIT must deliver to the trustee an officer's certificate stating that the deposit was not made by CIT with the intent of preferring the holders of the debt securities of such series over the other creditors of CIT with the intent of defeating, hindering, delaying or defrauding any creditors of CIT or others; and
- CIT must deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all debt securities of any series issued thereunder, when:

(1) either:

(i) all debt securities of such series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us have been delivered to the trustee for cancellation; or

(ii) all debt securities of such series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and CIT has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of the debt securities of such series, Cash in U.S. dollars, non-callable government obligations, or a combination of Cash in U.S. dollars and non-callable government obligations, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the debt securities of such series not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest, to the date of maturity or redemption;

(2) With respect to such series of debt securities, no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing) and the deposit will not result in a breach or violation of, or constitute a default under, any other material agreement or instrument to which CIT is a party or by which CIT is bound;

(3) CIT paid or caused to be paid all sums payable by it under the indenture with respect to the debt securities of such series; and

(4) CIT has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities of such series at maturity or on the redemption date, as the case may be.

In addition, CIT must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

Wilmington Trust, National Association will act as trustee under the indenture, as permitted by the terms thereof. At all times, the trustee must be organized and doing business under the laws of the United States, any state thereof or the District of Columbia, and must comply with all applicable requirements under the Trust Indenture Act.

The trustee may resign at any time by giving us written notice or may be removed as trustee with respect to any series of outstanding debt securities:

- by act of the holders of a majority in principal amount of such series of outstanding debt securities; or
- if it (i) fails to comply with the obligations imposed upon it under the Trust Indenture Act; (ii) is not organized and doing business under the laws of the United States, any state thereof or the District of Columbia; (iii) becomes incapable of acting as trustee; or (iv) a court takes certain actions with respect to such trustee relating to bankruptcy, insolvency or reorganization.

If the trustee resigns, is removed or becomes incapable of acting, or if a vacancy occurs in the office of the trustee for any cause, CIT, by or pursuant to a board resolution, will promptly appoint a successor trustee or trustees with respect to the debt securities of such series. CIT will give written notice to holders of the relevant series of debt securities, of each resignation and each removal of the trustee with respect to the debt securities of such series and each appointment of a successor trustee. Upon the appointment of any successor trustee, CIT, the retiring trustee and such successor trustee, will execute and deliver a supplemental indenture in which each successor trustee will accept such appointment and which will contain such provisions as necessary or desirable to transfer to such successor trustee all the rights, powers, trusts and duties of the retiring trustee with respect to the relevant series of debt securities.

The trustee may be contacted at the following address: 166 Mercer Street, Suite 2R, New York, NY 10012. The form of indenture is filed as an exhibit to this registration statement. Holders of any series of debt securities may obtain an indenture or any other documents relating to a series of debt securities by contacting CIT or the trustee or by accessing the SEC's web site. See "Where You Can Find More Information."

Wilmington Trust, National Association and certain of its affiliates have in the past and may in the future provide banking, investment and other services to CIT. A trustee under the indenture may act as trustee under any of its other indentures.

New York Law to Govern

The indenture will be governed by and construed in accordance with the laws of the State of New York applicable to agreements made or instruments entered into and, in each case, performed in that state.

“*Indebtedness*” means, with respect to any Person, such Person’s (i) obligations for borrowed money, (ii) obligations representing the deferred purchase price of property or services other than accounts payable arising in the ordinary course of such Person’s business, (iii) obligations, whether or not assumed, secured by Liens on property now or hereafter owned or acquired by such Person (other than obligations not for borrowed money and other than carriers’, warehousemen’s, mechanics’, repairmen’s or other like nonconsensual statutory Liens arising in the ordinary course of business), (iv) obligations which are evidenced by notes, acceptances, or other similar instruments, (v) that portion of capitalized lease obligations that is properly classified as a liability on a balance sheet in conformity with generally accepted accounting principles, (vi) contingent obligations with respect to the Indebtedness of another Person, including but not limited to the obligation or liability of another which such Person assumes, guarantees, endorses, contingently agrees to purchase or provide funds for the payment of, or otherwise becomes contingently liable upon; *provided* that any Indebtedness owing by us to any of its Subsidiaries or by any Subsidiary to CIT or by any Subsidiary to any other Subsidiary or any contingent obligation in respect thereof shall not constitute Indebtedness for purposes of the indenture, and (vii) obligations for which such Person is obligated in respect of a letter of credit.

For purposes of the indenture, Indebtedness shall not include (A) any indebtedness of such Person to the extent (I) such indebtedness does not appear on the financial statement of such Person, (II) such indebtedness is recourse only to certain assets of such Person, and (III) the assets to which such indebtedness is recourse only appear on the financial statements of such Person net of such indebtedness, or (B) any indebtedness or other obligations issued by any Person (or by a trust or other entity established by such Person or any of its affiliates) to the extent (I) primarily serviced by the cash flows of a discrete pool of receivables, leases or other financial or operating assets which have been sold or transferred by CIT or any Subsidiary in securitization or secured financing transactions and (II) such sale or transfer of receivables, leases or other financial or operating assets is treated as a true sale for legal purposes (irrespective of whether such sale or transfer is accounted for as a sale under generally accepted accounting principles or for tax purposes). It is understood and agreed that (1) the amount of any Indebtedness described in clause (iii) for which recourse is limited to certain property of such Person shall be the lower of (x) the amount of the obligation and (y) the fair market value of the property of such Person securing such obligation, and (2) the amount of any obligation described in clause (vi) shall be the lower of (x) the stated or determinable amount of the primary obligation in respect of which such contingent obligation is made, and (y) the maximum amount for which such Person may be liable pursuant to the terms of the agreement embodying such contingent obligation unless such primary obligation and the maximum amount for which such Person may be liable are not stated or determinable, in which case the amount of such contingent obligation shall be such Person’s maximum, reasonably anticipated liability in respect thereof as determined by such Person in good faith.

“*Issue Date*” means, with respect to debt securities of any series, the original issue date of such debt securities.

“*Payment Default*” means a default caused by a failure to pay any scheduled installment of principal on such Indebtedness prior to the expiration of any applicable grace period on the date of such default.

(2) any partnership (a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are that Person or one or more Subsidiaries of that Person (or any combination thereof).

UNITED STATES TAXATION

This section describes the material United States federal income tax consequences of owning certain debt securities we may offer. It is the opinion of Sullivan & Cromwell LLP, counsel to the company. It applies to you only if you acquire debt securities in the offering at the offering price and you hold your debt securities as capital assets for tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

- a dealer in securities,
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- a bank,
- a life insurance company,
- a tax-exempt organization,
- a person that owns debt securities that are a hedge or that are hedged against interest rate risks,
- a person that owns debt securities as part of a straddle or conversion transaction for tax purposes,
- a person that purchases or sells debt securities as part of a wash sale for tax purposes, or
- a United States holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

This section deals only with fixed rate debt securities denominated in U.S. dollars, with no more than de minimis original issue discount, that are due to mature 30 years or less from the date on which they are issued. The United States federal income tax consequences of owning any other debt securities will be discussed in an applicable prospectus supplement. If you purchase debt securities at a price other than the offering price, the amortizable bond premium or market discount rules may also apply to you. You should consult your tax advisor regarding this possibility.

This section is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If a partnership holds the debt securities, the United States federal income tax treatment of a partner generally will depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the debt securities should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the debt securities.

Please consult your own tax advisor concerning the consequences of owning these debt securities in your particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.

United States Holders

This subsection describes the tax consequences to a United States holder. You are a United States holder if you are a beneficial owner of a debt security and you are:

- a citizen or resident of the United States,
- a domestic corporation,
- an estate whose income is subject to United States federal income tax regardless of its source, or
- a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

If you are not a United States holder, this subsection does not apply to you and you should refer to "United States Alien Holders" below.

Payments of Interest. You will be taxed on interest on your debt security as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for tax purposes.

Purchase, Sale, Retirement and Other Disposition of Debt Securities. Your tax basis in your debt security generally will be its cost. You generally will recognize capital gain or loss on the sale or

retirement of your debt security equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest, and your tax basis in your debt security. Capital gain of a noncorporate United States holder generally is taxed at preferential rates where the property is held for more than one year.

Medicare Tax. For taxable years beginning after December 31, 2012, a United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% tax on the lesser of (1) the United States holder's "net investment income" for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A United States holder's net investment income generally will include its interest income and its net gains from the disposition of debt securities, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a United States holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the debt securities.

United States Alien Holders

This subsection describes the tax consequences to a United States alien holder. You are a United States alien holder if you are the beneficial owner of a debt security and are, for United States federal income tax purposes:

- a nonresident alien individual,
- a foreign corporation, or
- an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a debt security.

If you are a United States holder, this subsection does not apply to you.

This discussion assumes that the debt security is not subject to the rules of Section 871(h)(4)(A) of the Internal Revenue Code, relating to interest payments that are determined by reference to the income, profits, changes in the value of property or other attributes of the debtor or a related party.

Under United States federal income and estate tax law, and subject to the discussion of backup withholding below, if you are a United States alien holder of a debt security:

- we and other U.S. payors generally will not be required to deduct United States withholding tax from payments of principal, premium, if any, and interest to you if, in the case of payments of interest:
 1. you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the company entitled to vote,
 2. you are not a controlled foreign corporation that is related to the company through stock ownership, and
 3. the U.S. payor does not have actual knowledge or reason to know that you are a United States person and:
 - a. you have furnished to the U.S. payor an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-United States person,
 - b. in the case of payments made outside the United States to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any location outside the United States), you have furnished to the U.S. payor documentation that establishes your identity and your status as the beneficial owner of the payment for United States federal income tax purposes and as a non-United States person,
 - c. the U.S. payor has received a withholding certificate (furnished on an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form) from a person claiming to be:

- i. a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the Internal Revenue Service to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners),
- ii. a qualified intermediary (generally a non-United States financial institution or clearing organization or a non-United States branch or office of a United States financial institution or clearing organization that is a party to a withholding agreement with the Internal Revenue Service), or
- iii. a U.S. branch of a non-United States bank or of a non-United States insurance company, and the withholding foreign partnership, qualified intermediary or U.S. branch has received documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payment on the debt securities in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the Internal Revenue Service),
- d. the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business,
 - i. certifying to the U.S. payor under penalties of perjury that an Internal Revenue Service Form W-8BEN or an acceptable substitute form has been received from you by it or by a similar financial institution between it and you, and
 - ii. to which is attached a copy of the Internal Revenue Service Form W-8BEN or acceptable substitute form, or
- e. the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payments on the debt securities in accordance with U.S. Treasury regulations; and

- no deduction for any United States federal withholding tax will be made from any gain that you realize on the sale or exchange of your debt security.

Further, a debt security held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for United States federal estate tax purposes if:

- the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the company entitled to vote at the time of death and
- the income on the debt security would not have been effectively connected with a United States trade or business of the decedent at the same time.

Withholdable Payments to Foreign Financial Entities and Other Foreign Entities

Under recently enacted legislation and administrative guidance, a 30% withholding tax will be imposed on payments of interest made on or after January 1, 2014, and to other "withholdable payments" (including payments of gross proceeds from a sale or other disposition of debt securities) made on or after January 1, 2015, to certain foreign financial institutions, investment funds, and other non-U.S. persons that fail to comply with information reporting requirements in respect of their direct and indirect United States shareholders and/or United States accountholders. However, under proposed regulations, such payments will only include interest and proceeds of debt securities issued on or after January 1, 2013.

Backup Withholding and Information Reporting

In general, if you are a noncorporate United States holder, we and other payors are required to report to the Internal Revenue Service all payments of principal, premium, and interest on your debt security. In addition, we and other payors are required to report to the Internal Revenue Service any payment of proceeds of the sale of your debt security before maturity within the United States. Additionally, backup withholding will apply to any payments if you fail to provide an accurate taxpayer identification number, or

you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax returns.

In general, if you are a United States alien holder, payments of principal, premium, or interest made by us and other payors to you will not be subject to backup withholding and information reporting, provided that the certification requirements described above under “—United States Alien Holders” are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your debt securities on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements. In addition, payment of the proceeds from the sale of debt securities effected at a United States office of a broker will not be subject to backup withholding and information reporting provided that:

- the broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the broker:
 - an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a United States person, or
 - other documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations, or
- you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-United States person, the payments may be subject to information reporting and backup withholding. However, backup withholding will not apply with respect to payments made to an offshore account maintained by you unless the broker has actual knowledge that you are a United States person.

In general, payment of the proceeds from the sale of debt securities effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

- the proceeds are transferred to an account maintained by you in the United States,
- the payment of proceeds or the confirmation of the sale is mailed to you at a United States address, or
- the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of debt securities effected at a United States office of a broker) are met or you otherwise establish an exemption.

In addition, payment of the proceeds from the sale of debt securities effected at a foreign office of a broker will be subject to information reporting if the broker is:

- a United States person,
- a controlled foreign corporation for United States tax purposes,
- a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period, or
- a foreign partnership, if at any time during its tax year:
 - one or more of its partners are “United States persons”, as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership, or
 - such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of debt securities effected at a United States office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

PLAN OF DISTRIBUTION

We may sell the securities covered by this prospectus in any of the following three ways (or in any combination):

- through underwriters, dealers or remarketing firms;
- directly to one or more purchasers, including to a limited number of institutional purchasers; or
- through agents.

Any such dealer or agent, in addition to any underwriter, may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the “Securities Act”). Any discounts or commissions received by an underwriter, dealer, remarketing firm or agent on the sale or resale of securities may be considered by the SEC to be underwriting discounts and commissions under the Securities Act.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with such a transaction, the third parties may, pursuant to this prospectus and the applicable prospectus supplement, sell securities covered by this prospectus and the applicable prospectus supplement. If so, the third party may use securities borrowed from us or others to settle such sales and may use securities received from us to close out any related short positions. We may also loan or pledge securities covered by this prospectus and the applicable prospectus supplement to third parties, who may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement.

The terms of the offering of the securities with respect to which this prospectus is being delivered will be set forth in the applicable prospectus supplement or pricing supplement and will include, among other things:

- the type of and terms of the securities offered;
- the price of the securities;
- the proceeds to us from the sale of the securities;
- the names of the securities exchanges, if any, on which the securities are listed;
- the names of any underwriters, dealers, remarketing firms or agents and the amount of securities underwritten or purchased by each of them;
- any over-allotment options under which underwriters may purchase additional securities from us;
- any underwriting discounts, agency fees or other compensation to underwriters or agents; and
- any discounts or concessions which may be allowed or reallocated or paid to dealers.

If underwriters are used in the sale of securities, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters acting alone. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities described in the applicable prospectus supplement will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all such securities if any are purchased by them. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If dealers acting as principals are used in the sale of any securities, such securities will be acquired by the dealers, as principals, and may be resold from time to time in one or more transactions at varying prices to be determined by the dealer at the time of resale. The name of any dealer and the terms of the transaction will be set forth in the applicable prospectus supplement or pricing supplement with respect to the securities being offered.

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement or pricing supplement, in connection with a remarketing upon their purchase, in accordance with a redemption

or repayment pursuant to their terms, or otherwise, by one or more firms, which we refer to herein as the “remarketing firms,” acting as principals for their own accounts or as our agents, as applicable. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement or pricing supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act in connection with the securities remarketed thereby.

The securities may be sold directly by us or through agents designated by us from time to time. In the case of securities sold directly by us, no underwriters or agents would be involved. Any agents involved in the offer or sale of the securities in respect of which this prospectus is being delivered, and any commissions payable by us to such agents, will be set forth in the applicable prospectus supplement or pricing supplement. Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

We may authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase the securities to which this prospectus and the applicable prospectus supplement relates from us at the public offering price set forth in the applicable prospectus supplement or pricing supplement, plus, if applicable, accrued interest, pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the applicable prospectus supplement or pricing supplement, and the applicable prospectus supplement or pricing supplement will set forth the commission payable for solicitation of such contracts.

Agents, dealers, underwriters and remarketing firms may be entitled, under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution to payments they may be required to make in respect thereof. Agents, dealers, underwriters and remarketing firms may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of business.

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, all securities offered by this prospectus will be new issues with no established trading market. We may elect to list any of the securities on one or more exchanges, but, unless otherwise specified in the applicable prospectus supplement or pricing supplement, we shall not be obligated to do so. In addition, underwriters will not be obligated to make a market in any securities. No assurance can be given regarding the activity of trading in, or liquidity of, any securities.

Any underwriter may engage in over-allotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Short covering transactions involve purchases of the securities in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

BENEFIT PLAN INVESTOR CONSIDERATIONS

For a discussion of considerations for certain benefit plan and similar investors subject to the Employment Retirement Income Security Act of 1974, as amended, or similar laws, see “Benefit Plan Investor Considerations” in the applicable prospectus supplement.

VALIDITY OF SECURITIES

Unless otherwise indicated in a supplement to this prospectus, the validity of the securities will be passed upon for us by Sullivan & Cromwell LLP, New York, New York, and certain legal matters will be passed upon for the agents, underwriters and dealers by Cahill Gordon & Reindel LLP, New York, New York.
