

Peak Resorts, Inc. is a leading owner and operator of high-quality, individually branded ski resorts in the U.S. We currently operate 14 ski resorts primarily located in the Northeast and Midwest, 13 of which we own. The majority of our resorts are located within 100 miles of major metropolitan markets, including New York City, Boston, Philadelphia, Cleveland and St. Louis, enabling day and overnight drive accessibility. Our resorts are comprised of nearly 1,650 acres of skiable terrain that appeal to a wide range of ages and abilities. We offer a breadth of activities, services and amenities, including skiing, snowboarding, terrain parks, tubing, dining, lodging, equipment rentals and sales, ski and snowboard instruction and mountain biking and other summer activities. We believe that both the day and overnight drive segments of the ski industry are appealing given their stable revenue base, high margins and attractive risk-adjusted returns. We have successfully acquired and integrated ten ski resorts since our incorporation in 1997, and we expect to continue executing this strategy.
