## JANUS CAPITAL GROUP INC.

### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

*(Unaudited)*

#### Note 1 — Basis of Presentation

In the opinion of Janus Capital Group Inc. (collectively, “JCG” or the “Company”) management, the accompanying unaudited interim condensed consolidated financial statements contain all adjustments necessary to fairly present the financial position, results of operations and cash flows of the Company in accordance with accounting principles generally accepted in the United States of America (“GAAP”). All such adjustments are of a normal recurring nature. Such unaudited interim financial statements have been prepared in accordance with the instructions to Form 10-Q pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Events subsequent to the balance sheet date have been evaluated for inclusion in the accompanying condensed consolidated financial statements through the issuance date. These condensed consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2011.

The accompanying condensed consolidated financial statements have been prepared on a consistent basis with the accounting policies described in Note 2 to the consolidated financial statements that are presented in the Company’s Annual Report on Form 10-K for the year ended December 31, 2011.

#### Note 2 — Recent Accounting Guidance

In June 2011, the Financial Accounting Standards Board issued an update regarding the presentation of comprehensive income. This standard eliminated the option to report other comprehensive income and its components in the statement of changes in equity. Under the updated guidance, an entity can elect to present items of net income and other comprehensive income in one continuous statement or in two separate but consecutive statements. Each component of net income and each component of other comprehensive income, together with totals for comprehensive income and its two parts (net income and other comprehensive income), are displayed under either alternative. The statement (s) must be presented with equal prominence as the other primary financial statements. The Company adopted the standard on January 1, 2012, and

has presented items of net income and other comprehensive income in one continuous statement.

**Note 3 — Investment Securities**

JCG's investment securities, all carried at fair value at June 30, 2012 and December 31, 2011, are summarized as follows (*in millions*):

	June 30, 2012				December 31, 2011

Investment securities are classified as follows:

*Trading Securities*

At June 30, 2012, investments classified as trading securities totaled \$303.0 million, representing \$216.2 million of seeded investment products and \$86.8 million of investments related to economic hedging of mutual fund share awards. Seeded investment products represent \$57.7 million of securities held in separately managed accounts and \$158.5 million of securities held in the portfolios of mutual funds advised by the Company.

At December 31, 2011, investments classified as trading securities totaled \$274.4 million, representing \$196.4 million of seeded investment products, \$74.8 million of investments related to economic hedging of mutual fund share awards and \$3.2 million of other investment securities. Seeded investment products represent \$48.9 million of securities held in separately managed accounts and \$147.5 million of securities held in the portfolios of mutual funds advised by the Company.

JCG recognized gains of \$0.4 million and \$4.7 million from the sale of trading securities during the three and six months ended June 30, 2012, respectively. Additionally, JCG recognized \$(4.8) million and \$2.8 million of investment (losses) gains related to mark-to-market adjustments for the economic hedge of the mutual fund share awards during the three and six months ended June 30, 2012, respectively.

JCG recognized gains of \$3.0 million and \$11.5 million from the sale of trading securities during the three and six months ended June 30, 2011, respectively. Additionally, JCG recognized \$(0.9) million and \$1.5 million of investment (losses) gains related to mark-to-market adjustments for the economic hedge of the mutual fund share awards during the three and six months ended June 30, 2011, respectively.

*Available-for-Sale Securities*

At June 30, 2012 and December 31, 2011, available-for-sale securities representing seeded investment products totaled \$31.4 million and \$31.5 million, respectively. JCG recognized losses of \$0.3 million and \$0.5 million from the sale of available-for-sale securities for the three and six months ended June 30, 2012, respectively. JCG recognized gains of \$0.8 million from the sale of available-for-sale securities for both the three and six months ended June 30, 2011. No impairment charges were recognized during the six months ended June 30, 2012 and 2011.

## Derivative Instruments

Derivative instruments at June 30, 2012 and December 31, 2011, consisted of investments in put spread option contracts of \$0.1 million and \$6.1 million, respectively. The put spread option contracts were purchased by the Company in the fourth quarter 2011 to mitigate potential negative impacts on 2012 profitability in the event of a market downturn. The contracts will return a cash payment if the 2012 average daily closing price of the Standard & Poor's ("S&P") 500 Index falls below 1250, no cash payment if the average daily closing price rises above 1250 and a total maximum cash payment of \$37.3 million if the average daily closing price falls below 950. The contracts mature on December 31, 2012. JCG recognized \$0.5 million of investment losses related to the put spread option contracts during the second quarter 2012, \$5.5 million of investment losses during the first quarter 2012 and \$1.9 million of investment losses during the fourth quarter 2011.

JCG implemented an economic hedge strategy in December 2008 covering the majority of its trading securities related to initial cash investments in seeded products. The economic hedge strategy has subsequently been reduced to cover approximately 40% of the investments in seeded products as of June 30, 2012. The hedge strategy is designed to mitigate a portion of the net income volatility created by the mark-to-market accounting of these investment securities. The strategy primarily utilizes futures contracts on various market indices to minimize volatility in earnings. These instruments are settled daily, with settlement amounts recognized in investment gains (losses), net on the Condensed Consolidated Statements of Income.

JCG recognized the following net gains (losses) on hedged trading securities and associated derivative instruments (*in millions*):

	Three months ended June 30,		Six months ended June 30,	
	2012	2011	2012	2011
Net gains (losses) in net income:				
Hedged trading securities	\$ (3.6)	\$ 0.5	\$ 4.6	\$ 3.3
Derivative instruments	4.0	(1.0)	(5.1)	(4.7)
Total	\$ 0.4	\$ (0.5)	\$ (0.5)	\$ (1.4)

7

## Note 4 — Fair Value Measurements

The following table presents assets and liabilities carried at fair value on a recurring basis as of June 30, 2012 (*in millions*):

	Level 1	Level 2	Level 3	Total
<b>Trading securities:</b>				
Seeded investment products	\$ 84.0	\$ 132.2	\$ —	\$ 216.2
Mutual fund share awards	86.8	—	—	86.8
<b>Available-for-sale securities:</b>

Redeemable noncontrolling interests	\$ —	\$ —	\$ 65.6	\$ 65.6
Total liabilities	\$ —	\$ —	\$ 65.6	\$ 65.6

The following table presents assets and liabilities carried at fair value on a recurring basis as of December 31, 2011 (*in millions*):

	Level 1	Level 2	Level 3	Total
<b>Trading securities:</b>				
Seeded investment products	\$ 121.6	\$ 74.8	\$ —	\$ 196.4
Mutual fund share awards	74.8	—	—	74.8
Other investment securities	—	—	3.2	3.2
<b>Available-for-sale securities:</b>				
Seeded investment products	9.0	22.5	—	31.5
Derivative instruments	—	6.1	—	6.1
Total investment securities	205.4	103.4	3.2	312.0

Other assets:				
Deferred compensation hedge asset	10.8	—	—	10.8
Total assets	\$ 216.2	\$ 103.4	\$ 3.2	\$ 322.8
Redeemable noncontrolling interests	\$ —	\$ —	\$ 85.4	\$ 85.4
Total liabilities	\$ —	\$ —	\$ 85.4	\$ 85.4

JCG's Level 1 and Level 2 fair value measurements consist of exchange-traded equity and debt securities underlying separate accounts and consolidated mutual funds and shares of unconsolidated mutual funds. The underlying securities of mutual funds and separate accounts can be denominated in a foreign currency. The closing price of such securities may be adjusted to capture the effects of any post-closing activity impacting the markets in which they trade. These adjustments result in the securities being classified as Level 2 and can also result in significant movements of securities between Level 1 and Level 2.

JCG's Level 3 recurring fair value measurements primarily represent redeemable noncontrolling interests in INTECH Investment Management LLC ("INTECH") and Perkins Investment Management LLC ("Perkins").

Redeemable noncontrolling interests in INTECH are measured at fair value on an annual basis, or more frequently if considered necessary, using a discounted cash flow methodology with probability-weighted scenarios. Significant unobservable inputs to the discounted cash flow analysis include forecasted operating results, discount rate and terminal multiple of forecasted earnings before interest expense, taxes, depreciation and amortization. Significant increases or decreases in the forecasted operating results and terminal multiple inputs in isolation would result in a significantly higher or lower fair value measurement, respectively. A significant increase or decrease in the discount rate input would result in

8

a significantly lower or higher fair value measurement, respectively. The terminal multiple input for each scenario is influenced by the growth rate contained in the forecasted operating results. Generally, a change in the assumptions used for forecasted operating results is accompanied by a directionally similar change in the terminal multiple. The average discount rate and average terminal multiple used in the December 31, 2011 analysis were 13% and 8.50x, respectively.

Redeemable noncontrolling interests in Perkins are measured by a contractual formula intended to represent fair value. Significant unobservable inputs to the contractual formula include trailing 12-month revenues of Perkins investment products and the relative performance of Perkins investment products as compared to benchmark indices. The contractual formula applies defined revenue multiples to trailing 12-month Perkins revenues to arrive at fair value; the revenue multiples are subject to increases if certain performance targets are met. Due to the contractual nature of the formula, the revenue and performance inputs are relationally independent. The revenue multiples used in the June 30, 2012 and December 31, 2011 valuations were 4.27x and 5.00x, respectively.

Nonrecurring Level 3 fair value measurements include goodwill and intangible assets. JCG measures the fair value of goodwill and intangible assets using a discounted cash flow analysis that requires assumptions regarding projected future earnings and discount rates. Because of the significance of the unobservable inputs in the fair value measurements of these assets and liabilities, such measurements have been classified as Level 3. There were no remeasurements of these assets for the six months ended June 30, 2012 and 2011.

The changes in carrying value of JCG's recurring Level 3 fair value measurements are as follows (*in millions*):

	Other Investment Securities	Redeemable Noncontrolling Interests
Fair value at January 1, 2011	\$ 5.5	\$ 82.8
Distributions	—	(9.4)
Current earnings	—	9.6
Impairment of investments	(2.3)	—
Change in fair value	—	2.4
Fair value at December 31, 2011	3.2	85.4
Distributions	—	(6.0)
Current earnings	—	3.4
Purchase of noncontrolling interest	—	(3.3)
Sale of investments	(3.2)	—
Change in fair value	—	(13.9)
Fair value at June 30, 2012	\$ —	\$ 65.6

For the six months ended June 30, 2012, there were \$18.8 million of transfers out of Level 1 to Level 2 and \$0.2 million of transfers out of Level 2 to Level 1. There were no transfers between levels for the six months ended June 30, 2011. Transfers from Level 1 to Level 2 primarily represent foreign securities whose quoted market prices at a given period end required the additional consideration of subsequent fluctuations in active markets, where no such consideration was necessary under the previous Level 1 designation due to less market volatility. Transfers from Level 2 to Level 1 primarily represent foreign securities whose quoted market prices at a given period end no longer required the additional consideration of

**Note 5 — Debt**

Debt consisted of the following (*in millions*):

	June 30, 2012		December 31, 2011	
	Carrying Value	Fair Value	Carrying Value	Fair Value
6.119% Senior Notes due 2014	\$ 38.9	\$ 40.6	\$ 82.3	\$ 85.9
3.250% Convertible Senior Notes due 2014	149.3	172.1	144.8	167.5
6.700% Senior Notes due 2017	352.2	378.5	368.1	392.7
Total long-term debt	<u>\$ 540.4</u>	<u>\$ 591.2</u>	<u>\$ 595.2</u>	<u>\$ 646.1</u>

**Fair Value of Debt**

The fair value of debt was determined using broker quotes and recent trading activity for each of the notes listed above, which are considered Level 1 inputs.

**Loss on Early Extinguishment of Debt**

2012

On March 20, 2012, JCG completed a debt tender in which \$59.4 million aggregate principal amount of the Company's outstanding 2014 and 2017 Senior Notes were repurchased with cash on hand. JCG recognized a \$7.2 million net loss on early extinguishment of debt related to the repurchase of these notes. Results of the tender offer were as follows:

	Aggregate Principal Outstanding	Principal Amount Tendered	Tender Offer Consideration	Gross Loss on Debt Tender	Deferred Costs	Tender Costs	Net Loss on Debt Tender
<b>6.119% Senior Notes due 2014</b>	\$ 82.4	\$ 43.5	\$ 47.9	\$ 4.4	\$ 0.7	\$ 0.2	\$ 5.3
<b>6.700% Senior Notes due 2017</b>	368.5	15.9	17.6	1.7	0.1	0.1	1.9
<b>Total</b>	<u>\$ 450.9</u>	<u>\$ 59.4</u>	<u>\$ 65.5</u>	<u>\$ 6.1</u>	<u>\$ 0.8</u>	<u>\$ 0.3</u>	<u>\$ 7.2</u>

Deferred costs include the write-off of previously capitalized bond discounts and issuance costs.

2011

During the fourth quarter 2010, JCG exercised its redemption right on the \$120.9 million carrying value of its 6.250% Senior Notes and retired the notes on January 14, 2011. Under the terms of the redemption, JCG was required to pay the principal and the present value of the interest that would have been paid if the debt remained outstanding through maturity. As a result, JCG recognized a \$9.9 million net loss on early extinguishment of debt in the first quarter 2011.

**3.250% Convertible Senior Notes**

In July 2009, JCG issued \$170.0 million of 3.250% convertible senior notes ("convertible senior notes"), which pay interest semiannually on July 15 and January 15 of each year and mature on July 15, 2014, unless earlier converted. The convertible senior notes are convertible under certain circumstances into cash, shares of JCG common stock, or a combination of cash and shares of JCG common stock, at JCG's election. The holders of the convertible senior notes have the right to require JCG to repurchase their notes for cash under certain circumstances. The original conversion rate of 71.3 shares of JCG common stock per \$1,000 principal amount of convertible senior notes was adjusted during the second quarter 2012 as a result of the quarterly cash dividend paid on May 21, 2012. The adjusted conversion rate was 72.9 shares of JCG common stock per \$1,000 principal amount of convertible senior notes, which was equivalent to a conversion price of approximately \$13.71 per share of common stock. The Company is required to continue to adjust the conversion rate to the extent there are future dividend payments above \$0.04 per share on an annual basis. The convertible senior notes are not callable by JCG.

Holders may convert their notes at their option prior to the close of business on the business day immediately preceding April 15, 2014, only under the following circumstances: (1) during any calendar quarter commencing after September 30, 2009, if the last reported sale price of the common stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the

preceding calendar quarter is greater than or equal to 130% of the applicable conversion price on each applicable trading day; or (2) upon the occurrence of other specified events. On or after April 15, 2014, until maturity, holders may convert their notes regardless of the preceding circumstances. As of June 30, 2012, the conversion criteria of the convertible senior notes have not been satisfied.

Because the convertible senior notes may be wholly or partially settled in cash, the proceeds were required to be bifurcated into debt and equity components. The \$125.7 million initial debt component was determined by discounting future contractual cash flows at a 10.0% rate, which is consistent with the estimated market rate at the time of issuance for similar senior notes with no conversion option. The debt component will accrete up to the face value over the five-year expected term through interest expense. The unamortized discount at June 30, 2012, is \$20.7 million and will be amortized over the remaining period of 2.0 years. The \$44.3 million (or \$27.9 million, net of deferred taxes) initial equity component was determined using the difference between the proceeds and the debt component. The fair value of the convertible notes in the table above is based on the outstanding principal balance while the carrying value represents the outstanding principal balance exclusive of the unamortized discounts. Interest expense related to the convertible senior notes includes interest on the outstanding principal balance as well as amortization of capitalized issuance costs and totaled \$7.7 million and \$7.2 million for the six months ended June 30, 2012 and 2011, respectively.

### ***Interest Rate Adjustment Covenant***

All of JCG's senior notes, excluding the convertible senior notes, are subject to an interest rate adjustment covenant that provides that the interest rate payable will increase by 25 basis points for each level that the Company's debt rating is decreased by Moody's Investors Service Inc. ("Moody's") from Baa3 or by S&P Rating Service from BBB-, up to a maximum increase of 200 basis points. If the interest rate is adjusted upward as a result of either Moody's or S&P decreasing its rating, then for each level of a subsequent rating increase, the interest payable will be decreased by 25 basis points, but in no event to a rate less than the interest rate payable on the date of issuance of the respective notes. The interest rate adjustment covenant will permanently terminate if the Company's debt ratings increase to Baa2 (or higher) by Moody's and BBB (or higher) by S&P, with a stable or positive outlook regardless of any subsequent decrease in the ratings by either or both rating agencies. S&P increased JCG's credit rating to BBB- on January 10, 2011, resulting in a 25 basis point decrease in the interest rate payable on all of JCG's senior notes, excluding the convertible senior notes. On May 8, 2012, Moody's reaffirmed their Baa3 credit rating for JCG and revised their outlook from negative to stable.

### ***Credit Facility***

At June 30, 2012, JCG had a \$250 million, unsecured, revolving credit facility (the "Credit Facility") with JPMorgan Chase Bank, N.A., as administrative agent and swingline lender. Under the Credit Facility, JCG's financing leverage ratio cannot exceed 3.00x, and its interest coverage ratio must equal or exceed 4.00x. At June 30, 2012, JCG was in compliance with all covenants and there were no borrowings under the Credit Facility. The Credit Facility has a maturity date of October 14, 2014.

### ***Capital Lease Obligations***

JCG's capital lease obligations represent leased computer equipment. The carrying value of the obligations totaled \$3.2 million and \$1.2 million at June 30, 2012 and December 31, 2011, respectively, and is included in other accrued liabilities and other liabilities on the Condensed Consolidated Balance Sheets. The related lease terms extend through 2017.

### **Note 6 — Income Tax Contingencies**

As of June 30, 2012, JCG had \$6.8 million of accrued reserves for income tax contingencies, including interest. During the three and six months ended June 30, 2012, JCG decreased its income tax contingency reserves by \$3.9 million and \$4.3 million, respectively, as a result of the expiration of statutes of limitations, creating a net tax benefit of \$2.4 million and \$2.7 million, respectively. JCG anticipates that its income tax contingency reserves will decrease by approximately \$1.4 million in the next 12 months, primarily from the expiration of statutes of limitations and the resolution of audits. Accrued reserves for income tax contingencies are presented in other accrued liabilities and other liabilities on the Condensed Consolidated Balance Sheets.

### **Note 7 — Noncontrolling Interests**

Noncontrolling interests consist of the following:

#### ***Noncontrolling Interests That Are Not Subject to Put Rights***

Noncontrolling interests that are not subject to put rights totaled \$42.1 million as of June 30, 2012, representing third-party investors' ownership in consolidated seeded investment products of \$35.6 million and the current value of certain INTECH and Perkins ownership interests held by employees of \$6.5 million. Noncontrolling interests that are not subject to put rights totaled \$35.9 million as of December 31, 2011, representing third-party investors' ownership in consolidated seeded investment products of \$29.2 million and the current value of certain INTECH and Perkins ownership interests held by employees of \$6.7 million. Certain of the INTECH and Perkins ownership interests granted to employees become subject to put rights upon vesting at which time such interests are reclassified to redeemable noncontrolling interests.

#### ***Redeemable Noncontrolling Interests***

Redeemable noncontrolling interests as of June 30, 2012, consist of INTECH and Perkins interests that are currently puttable to JCG or will become subject to put rights at certain future dates of \$63.7 million and undistributed earnings of \$1.9 million. Redeemable noncontrolling interests as of

December 31, 2011, consisted of INTECH and Perkins interests that were puttable to JCG or would become subject to put rights at certain future dates of \$80.9 million and undistributed earnings of \$4.5 million.

#### *INTECH*

INTECH ownership interests held by its two founders have an estimated value of approximately \$10.6 million as of June 30, 2012, representing approximately 1.6% aggregate ownership of INTECH. Although the two founding members are no longer employed by INTECH, they remain as consultants. Each of the two INTECH founding members is entitled to retain his remaining INTECH shares outstanding until his death and has the option annually to require JCG to purchase from him his remaining ownership interest of INTECH at fair value.

During the second quarter 2012, JCG purchased 10,000 shares, representing 0.5% of total outstanding INTECH shares, from one of the INTECH founding members for \$3.3 million. On July 3, 2012, the same INTECH founding member announced his intent to put his remaining 10,892 shares, representing 0.5% of total outstanding INTECH shares, during the third quarter 2012.

Ownership interests held by other INTECH employees subject to put rights have an estimated value of approximately \$2.7 million as of June 30, 2012.

#### *Perkins*

JCG has the option to acquire the majority of the 22.2% noncontrolling interest of Perkins at fair value (as described below) on the fifth, seventh or each subsequent anniversary of December 31, 2008 (“closing”), the date JCG acquired a majority ownership in Perkins. The owners of noncontrolling interests of Perkins have the option to require JCG to purchase any or all of their remaining ownership interests following the fourth or sixth anniversary of closing at fair value. The total Perkins noncontrolling interests subject to put rights has an estimated value of approximately \$50.4 million as of June 30, 2012, based on a contractual formula driven by revenue and investment performance of products managed by Perkins. The formula is intended to represent fair value.

#### **Note 8 — Long-Term Incentive Compensation**

JCG granted \$55.9 million in long-term incentive awards during the first six months of 2012, which generally vest and will be recognized ratably over a four-year period. The 2012 awards consisted of \$12.7 million of restricted stock (1.5 million shares at a weighted-average price of \$8.47 per share), \$39.7 million of mutual fund share awards, \$0.6 million of stock option awards and \$2.9 million of INTECH ownership interests.

JCG records compensation expense associated with long-term incentive awards based on the amount of awards expected to vest at the end of the stated service period, comprised of the total value of the awards less an estimate for forfeitures. During first quarter 2012, JCG revised its estimate for forfeitures as a result of lower than expected employee departures, which resulted in a \$2.1 million increase in long-term incentive compensation expense.

During the three and six months ended June 30, 2012, respectively, JCG recognized \$0.6 million and \$2.6 million of long-term incentive compensation expense related to mark-to-market adjustments of mutual fund share awards. JCG recognized \$0.6 million and \$2.7 million of long-term incentive compensation related to mark-to-market adjustments of mutual fund share awards during the three and six months ended June 30, 2011, respectively.

#### **Note 9 — Other Income, Net**

The components of other income, net are as follows (*in millions*):

	Three months ended		Six months ended	
	June 30,		June 30,	
	2012	2011	2012	2011
Dividend income	\$ 0.4	\$ 0.3	\$ 0.7	\$ 0.6
Interest income	0.1	0.2	0.2	0.4
Translation losses, net	(0.3)	(0.2)	(0.8)	(0.7)
Other, net	1.6	0.2	1.8	0.1
Total	\$ 1.8	\$ 0.5	\$ 1.9	\$ 0.4

#### **Note 10 — Earnings Per Share**

Basic earnings per common share is calculated by dividing net income attributable to JCG common shareholders by the weighted-average number of common shares outstanding during the period. The calculation of diluted earnings per common share adjusts the weighted-average shares outstanding by the dilutive impact of shares underlying stock options, unvested restricted stock awards and price-vesting units. The following is a summary of the earnings per share calculation (*in millions, except per share data*):

Three months ended

Six months ended

	June 30,		June 30,	
	2012	2011	2012	2011
<b>Net income attributable to JCG common shareholders</b>	\$ 23.4	\$ 41.9	\$ 46.0	\$ 79.8
<b>Basic earnings per share attributable to JCG common shareholders:</b>				
Weighted-average common shares outstanding	184.0	182.5	184.0	182.2
Basic earnings per share	\$ 0.13	\$ 0.23	\$ 0.25	\$ 0.44
<b>Diluted earnings per share attributable to JCG common shareholders:</b>				
Weighted-average common shares outstanding	184.0	182.5	184.0	182.2
Dilutive effect of stock options and unvested restricted stock using the treasury stock method	1.4	2.0	1.4	2.0
Weighted-average diluted common shares outstanding	185.4	184.5	185.4	184.2
Diluted earnings per share	\$ 0.13	\$ 0.23	\$ 0.25	\$ 0.43
<b>Dividends paid per share</b>	\$ 0.06	\$ 0.05	\$ 0.11	\$ 0.10

The following stock options and unvested restricted stock are anti-dilutive and have not been included in the weighted-average diluted shares outstanding calculation (*in millions*):

	Three months ended June 30,		Six months ended June 30,	
	2012	2011	2012	2011
Stock options	10.3	10.9	10.3	10.9
Unvested restricted stock and price-vesting units	2.9	2.0	3.5	1.9

All shares held in the JCG Employee Stock Ownership Plan are treated as outstanding for purposes of computing basic earnings per share. The computation of diluted earnings per share does not include the impact of the convertible senior notes because the effect would be anti-dilutive as the conversion criteria have not been satisfied.

#### Note 11 — Litigation and Other Regulatory Matters

JCG is periodically involved in various legal proceedings and other regulatory matters. At June 30, 2012, JCG has a litigation accrual of \$1.3 million for all pending litigation matters. Possible losses in addition to this amount cannot be currently estimated, and as such, no additional accruals have been made. Although there can be no assurances, based on information currently available, management believes that it is probable that the ultimate outcome of matters that are pending or threatened will not have a material effect on JCG's consolidated financial condition.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

### FORWARD-LOOKING STATEMENTS

*Certain statements in this Quarterly Report on Form 10-Q contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans," "may increase," "may fluctuate," "forecast" and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts. Any statements that refer to expectations or other characterizations of future events, circumstances or results are forward-looking statements. These statements are based on the beliefs and assumptions of Company management based on information currently available to management.*

*Various risks, uncertainties, assumptions and factors that could cause future results to differ materially from those expressed by the forward-looking statements included in this Quarterly Report on Form 10-Q include, but are not limited to, risks, uncertainties, assumptions and factors specified in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, and this Quarterly Report on Form 10-Q included under headings such as "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," and in other filings and furnishings made by the Company with the SEC from time to time. In light of these risks, uncertainties, assumptions and factors, the forward-looking events discussed in this Quarterly Report on Form 10-Q may not occur. Many of these factors are beyond the control of the Company and its management. You are cautioned not to place undue reliance on these forward-looking statements,*

which speak only as of the date stated, or if no date is stated, as of the date of this Quarterly Report on Form 10-Q. The Company undertakes no obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events unless required by applicable law or regulation.

## AVAILABLE INFORMATION

Copies of Janus Capital Group Inc.'s (collectively, "JCG" or the "Company") filings with the Securities and Exchange Commission ("SEC") can be obtained from the SEC's Public Reference Room at 100 F Street, N.E., Washington, D.C. 20549. Information can be obtained about the operation of the Public Reference Room by calling the SEC at (800) SEC-0330. The SEC also maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC at <http://www.sec.gov>.

JCG makes available free of charge its annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K and amendments thereto as soon as reasonably practical after such filing has been made with the SEC. Reports may be obtained through the Investor Relations section of JCG's website (<http://ir.janus.com>) or by contacting JCG at (888) 834-2536. The contents of JCG's website are not incorporated herein for any purpose.

JCG's Officer Code of Ethics for Principal Executive Officer and Senior Financial Officers (including its chief executive officer, chief financial officer and controller) (the "Officer Code"); Corporate Code of Business Conduct and Ethics for all employees; corporate governance guidelines; and the charters of key committees of the board of directors (including the Audit, Compensation, Nominating, Corporate Governance, and Planning and Strategy committees) are available on its website (<http://ir.janus.com/documents.cfm>). Any future amendments to or waivers of the Officer Code will be posted to the Investor Relations section of JCG's website.

## RESULTS OF OPERATIONS

### Overview

JCG provides investment management, administration, distribution and related services to individual and institutional investors through mutual funds, other pooled investment vehicles, separate accounts and subadvised relationships (collectively referred to as "investment products") in both domestic and international markets. Over the last several years, JCG has expanded its business to become a more diversified manager with increased product offerings and distribution capabilities. JCG offers three distinct types of investment advisory services, including fundamental equity (includes growth and core equity, global and international equity, and value investment disciplines), fixed income and mathematical equity, through its primary subsidiaries, Janus Capital Management LLC ("Janus"), INTECH Investment Management LLC ("INTECH") and Perkins Investment Management LLC ("Perkins"). Each of JCG's three primary subsidiaries specializes in specific investment styles and disciplines. JCG's investment products are distributed through three channels: retail intermediary, institutional and international. Each distribution channel focuses on specific investor groups and the unique requirements of each group.

Revenues are generally based upon a percentage of the market value of assets under management and are calculated as a percentage of the daily average asset balance in accordance with contractual agreements. Certain investment products are also subject to performance fees, which vary based on a product's relative performance as compared to a benchmark index and the level of assets subject to such fees. Assets under management primarily consist of domestic and international equity and debt securities. Accordingly, fluctuations in domestic and international financial markets, relative investment performance, sales and redemptions of investment products, and changes in the composition of assets under management are all factors that have a direct effect on JCG's operating results.

### Second Quarter 2012 Summary

Average assets under management for the second quarter 2012 of \$155.0 billion decreased \$3.9 billion, or 2.5%, over the first quarter 2012 as a result of unfavorable market conditions and long-term net outflows. Second quarter 2012 revenues of \$206.0 million declined \$12.4 million, or 5.7%, from the first quarter 2012 due to decreased management fees from lower average assets under management and an increase in negative mutual fund performance fees. The Company achieved an operating margin of 25.3% and net income of \$0.13 per diluted share in the second quarter 2012.

### Investment Performance

Investment products are generally evaluated based on their investment performance relative to other investment products with similar disciplines and strategies or benchmark indices.

- 48%, 29% and 75% of complex-wide mutual fund assets ranked in the top half of their Lipper categories on a one-, three- and five-year total return basis, respectively, as of June 30, 2012.
- 40%, 18% and 72% of fundamental equity mutual fund assets ranked in the top half of their Lipper categories on a one-, three- and five-year total return basis, respectively, as of June 30, 2012.
- 100% of fixed income mutual fund assets ranked in the top half of their Lipper categories on a one-, three- and five-year total return basis as of June 30, 2012.
- 35%, 79% and 75% of mathematical equity strategies surpassed their respective benchmarks, net of fees, over the one-, three- and five-year periods, respectively, as of June 30, 2012.

## Assets Under Management and Flows

### Valuation

The value of assets under management is derived from the cash and investment securities held by JCG's investment products. Investment security values are determined using unadjusted or adjusted quoted market prices and independent third-party price quotes in active markets. For debt securities with maturities of 60 days or less, the amortized cost method is used to determine the value. Securities for which market prices are not readily available or are considered unreliable are internally valued using appropriate methodologies for each security type or by engaging third-party specialists. The value of the majority of the equity and derivative securities underlying JCG's investment products is derived from readily available and reliable market price quotations while the value of a majority of the fixed income securities is derived from evaluated pricing from independent third-party providers.

The pricing policies for mutual funds advised by JCG's subsidiaries (the "Funds") are established by the Funds' Independent Board of Trustees and are designed to test and validate fair value measurements. Responsibility for pricing securities held within separate and subadvised accounts may be delegated by separate or subadvised clients to JCG or another party.

### Assets Under Management and Flows

Total Company assets under management of \$152.4 billion at June 30, 2012, decreased \$17.4 billion, or 10.2%, from June 30, 2011, primarily as a result of long-term net outflows of \$12.8 billion and net market depreciation of \$4.6 billion. Long-term net flows represent total Company net sales and redemptions, excluding money market assets.

Fundamental equity long-term net outflows were \$2.5 billion in the second quarter 2012 compared with long-term net outflows of \$4.6 billion in the second quarter 2011. The decrease in net outflows was primarily driven by lower redemptions.

Fixed income long-term net flows were positive for the 14<sup>th</sup> consecutive quarter, with \$1.1 billion in the second quarter 2012 compared with \$1.0 billion in the second quarter 2011.

Mathematical equity long-term net outflows were \$2.5 billion in the second quarter 2012 compared with \$0.5 billion of long-term net inflows in the second quarter 2011 as a result of decreased sales and increased redemptions.

The following tables present the components of JCG's assets under management (*in billions*):

	<u>Three months ended June 30,</u>		<u>Six months ended June 30,</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
Beginning of period assets	\$ 164.0	\$ 173.5	\$ 148.2	\$ 169.5
Long-term sales:				
Fundamental equity	4.2	5.0	9.4	12.5
Fixed income	3.2	2.1	6.2	4.0
Mathematical equity (1)	0.6	2.3	1.1	2.8
Long-term redemptions:				
Fundamental equity	(6.7)	(9.6)	(13.8)	(17.6)
Fixed income	(2.1)	(1.1)	(3.9)	(2.6)
Mathematical equity (1)	(3.1)	(1.8)	(5.4)	(4.9)
Long-term net flows: (2)				
Fundamental equity	(2.5)	(4.6)	(4.4)	(5.1)
Fixed income	1.1	1.0	2.3	1.4
Mathematical equity	(2.5)	0.5	(4.3)	(2.1)
Total long-term net flows	(3.9)	(3.1)	(6.4)	(5.8)
Net money market flows	(0.1)	—	(0.1)	—
Market/fund performance	(7.6)	(0.6)	10.7	6.1
End of period assets	\$ 152.4	\$ 169.8	\$ 152.4	\$ 169.8

	<u>Three months ended June 30,</u>		<u>Six months ended June 30,</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
Average assets under management				
Fundamental equity	\$ 90.4	\$ 108.9	\$ 92.4	\$ 110.1
Fixed income	22.9	16.8	22.3	16.2
Mathematical equity	40.2	44.4	40.8	44.3
Money market	1.5	1.5	1.5	1.5

- (1) Gross sales and redemptions for the six months ended June 30, 2011, exclude the transfer of \$1.1 billion within mathematical equity strategies.
- (2) Excludes money market flows. Sales and redemptions of money market funds are presented net on a separate line due to the short-term nature of the investments.

### Assets and Flows by Investment Discipline

JCG, through its primary subsidiaries, offers investment products based on a diversified set of investment disciplines. Janus offers growth and core equity, global and international equity as well as balanced, fixed income and retail money market investment products. INTECH offers mathematical-based investment products and Perkins offers value-disciplined investment products. Assets and flows by investment discipline are as follows (*in billions*):

	<u>Three Months Ended June 30,</u>		<u>Six Months Ended June 30,</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
<b>Growth/Core (1)</b>				
Beginning of period assets	\$ 56.6	\$ 61.8	\$ 49.7	\$ 60.9
Sales	2.2	2.4	5.2	6.2
Redemptions	(3.5)	(5.9)	(7.4)	(10.6)
Net redemptions	(1.3)	(3.5)	(2.2)	(4.4)

- 
- (1) Growth/core and fixed income assets reflect a 50%/50% split of the Janus Balanced Fund between the two categories.
  - (2) Gross sales and redemptions for the six months ended June 30, 2011, exclude the transfer of \$1.1 billion within mathematical equity strategies.

## Results of Operations

### Three Months Ended June 30, 2012 Compared with Three Months Ended June 30, 2011

#### *Revenues*

Investment management fees decreased \$33.6 million, or 14.9%, primarily as a result of the 9.7% decrease in average assets under management driven by long-term net outflows and market depreciation. Revenue decreased at a higher rate than average assets primarily due to a product mix shift toward lower yielding products.

Performance fee revenue is derived from certain mutual funds and separate accounts. The decline in total performance fee revenue of \$21.7 million was primarily due to an increase in negative mutual fund performance fees. These negative mutual fund performance fees totaled \$23.0 million in the second quarter 2012 and were driven by underperformance compared to the mutual funds' respective benchmarks. Mutual fund performance fees represent up to a positive or negative 15 basis point adjustment to the base management fee.

At June 30, 2012 and 2011, \$54.9 billion and \$38.9 billion of mutual fund assets were subject to performance fees, respectively. As approved by mutual fund shareholders in 2010, six additional mutual funds became subject to performance fees in 2011, with the first fee adjustment for the impacted funds calculated at various points during the second, third and fourth quarters of 2011. The first quarter 2012 represented the first quarter in which all mutual fund assets subject to performance fees were subject to such fees for an entire quarter.

#### *Expenses*

Employee compensation and benefits decreased \$13.3 million, or 16.6%, principally due to lower investment team incentive compensation as a result of lower profits. The investment team incentive compensation plan is designed to link variable compensation to operating income.

Long-term incentive compensation decreased \$2.5 million, or 14.1%, primarily due to a decrease of \$4.7 million in Perkins senior profits interest awards expense, which was driven by a decline in performance. The Perkins senior profits interest awards have a formula-driven terminal value based on revenue and relative investment performance of products subadvised by Perkins. The decrease was partially offset by \$3.3 million of expense from new awards granted.

Marketing and advertising declined \$2.1 million, or 25.6%, primarily due to timing of sponsorships and lower print advertising expenses.

Distribution expense declined \$8.2 million, or 20.7%, as a result of a similar decrease in assets under management subject to third-party concessions. Distribution fees are calculated based on a contractual percentage of the market value of assets under management distributed through third-party intermediaries.

Interest expense declined \$2.1 million, or 16.0%, primarily as a result of the retirement of the \$92.2 million principal amount of outstanding debt in the third quarter 2011 and the March 2012 debt tender, which reduced long-term debt by \$59.4 million.

JCG's income tax provision for the three months ended June 30, 2012 includes the reversal of \$3.9 million of income tax contingency reserves as a result of the expiration of statutes of limitations, creating a net tax benefit of \$2.4 million.

Net investment losses totaling \$7.0 million for the second quarter 2012 primarily include \$5.5 million of mark-to-market losses on seed capital classified as trading securities, \$4.8 million of mark-to-market loss on the mutual fund share award economic hedge and \$0.5 million of investment losses generated by put spread option contracts. The put spread option contracts were purchased by the Company in the fourth quarter 2011 to mitigate potential negative impacts on 2012 profitability in the case of a market downturn. The investment losses were partially offset by \$0.4 million of gains from the sale of trading securities and \$4.0 million of gains generated by the Company's economic hedging strategy. The hedging strategy utilizes futures contracts to mitigate a portion of the earnings volatility created by the mark-to-market accounting of seed capital investments. JCG may modify or discontinue this hedging strategy at any time.

Noncontrolling interests in net income decreased from \$3.6 million in second quarter 2011 to \$1.3 million in second quarter 2012 primarily due to a decline of \$1.2 million in the noncontrolling interest share of Perkins earnings and \$1.0 million of losses associated with the noncontrolling interests in consolidated investment products.

### Six Months Ended June 30, 2012 Compared with Six Months Ended June 30, 2011

## Revenues

Investment management fees decreased \$56.8 million, or 12.6%, primarily as a result of the 8.8% decrease in average assets under management driven by long-term net outflows and unfavorable market conditions. Revenue decreased at a higher rate than average assets primarily due to a product mix shift toward lower yielding products.

The decline in total performance fee revenue of \$41.5 million was primarily due to an increase in negative mutual fund performance fees. These negative mutual fund performance fees totaled \$42.5 million for the six months ended June 30, 2012.

## Expenses

Employee compensation and benefits decreased \$23.0 million, or 14.2%, principally due to lower investment team incentive compensation as a result of lower profits.

Long-term incentive compensation decreased \$1.1 million, or 3.1%, primarily due to a decrease of \$6.4 million in Perkins senior profits interest awards expense and \$4.7 million from the vesting of awards granted in previous years. The decrease was partially offset by \$7.2 million of expense from new awards granted. Additionally, long-term incentive compensation increased \$2.1 million as a result of JCG revising its estimate for forfeitures during the first quarter 2012 as a result of lower than expected employee departures.

Long-term incentive awards granted during 2012 totaled \$55.9 million and will generally be recognized ratably over a four-year period.

Marketing and advertising declined \$3.4 million, or 23.8%, primarily due to reduced marketing activity.

Distribution expense declined \$12.0 million, or 15.9%, as a result of a similar decrease in assets under management subject to third-party concessions. Distribution fees are calculated based on a contractual percentage of the market value of assets under management distributed through third-party intermediaries.

Interest expense declined \$3.5 million, or 13.3%, primarily as a result of the retirement of the \$92.2 million principal amount of outstanding debt in the third quarter 2011 and the March 2012 debt tender in which \$59.4 million aggregate principal amount of the Company's outstanding 2014 and 2017 Senior Notes were repurchased with cash on hand. JCG recognized a \$7.2 million net loss on early extinguishment of debt related to the repurchase of these notes.

During the fourth quarter 2010, JCG exercised its redemption right on the \$120.9 million carrying value of the 6.250% Senior Notes and retired the notes in January 2011. Under the terms of the redemption, JCG was required to pay the principal and the present value of the interest that would have been paid if the debt had remained outstanding through scheduled maturity. As a result, JCG recognized a \$9.9 million net loss on early extinguishment of debt in the first quarter 2011.

JCG's income tax provision for the six months ended June 30, 2012, includes the reversal of \$4.3 million of income tax contingency reserves as a result of the expiration of statutes of limitations, creating a net tax benefit of \$2.7 million. Also included in the six months ended June 30, 2012, is tax expense of \$2.7 million related to expiration and vesting of certain equity-based compensation awards.

Net investment losses totaling \$0.7 million for the six months ended June 30, 2012 primarily include \$6.0 million of investment losses generated by put spread option contracts and \$5.1 million of mark-to-market losses generated by the Company's economic hedging strategy. The investment losses were offset by \$1.2 million of gains from the sale of trading securities, \$7.0 million of mark-to-market gains on seed capital classified as trading securities and \$2.8 million of mark-to-market gain on the mutual fund share award economic hedge.

Noncontrolling interests in net income decreased from \$6.6 million for the six months ended June 30, 2011 to \$5.4 million for the six months ended June 30, 2012, primarily due to a decline of \$1.6 million in the noncontrolling interest share of Perkins earnings, partially offset by \$0.6 million of gains associated with the noncontrolling interests in consolidated investment products.

---

## LIQUIDITY AND CAPITAL RESOURCES

### Cash Flows

A summary of cash flow data for the six months ended June 30, 2012 and 2011 is as follows (*in millions*):

	<u>2012</u>	<u>2011</u>
Cash flows provided by (used for):		
Operating activities	\$ 66.2	\$ 102.5
Investing activities	(17.4)	(61.2)
Financing activities	(104.7)	(145.0)
Net change in cash and cash equivalents	(55.9)	(103.7)
Balance beginning of period	360.0	373.2
Balance end of period	<u>\$ 304.1</u>	<u>\$ 269.5</u>

JCG's cash flow from operations is expected to be sufficient to fund ordinary operations and capital requirements. Fluctuations in operating cash

flows are attributable to changes in net income and working capital items, which can vary from period to period based on the amount and timing of cash receipts and payments. The decrease in cash flows from operations from the comparable prior year period was primarily driven by negative mutual fund performance fees.

Cash used for investing activities for the six months ended June 30, 2012, includes purchases and sales of investments as well as economic hedging and vesting of mutual fund share awards. Purchases of investments in 2012 totaling \$72.5 million include \$39.7 million from the economic hedging of mutual fund share awards and \$22.3 million from the seeding of investment products, while sales of investments totaling \$57.9 million included \$28.0 million from the sale of mutual fund share award hedge assets and \$15.4 million from the sale of seeded investment products. Cash used for investing activities for the comparable prior year period included purchases and sales of investments as well as economic hedging and vesting of mutual fund share awards. Purchases of investments in 2011 totaling \$147.4 million included \$93.0 million from the seeding of new investment products in the second quarter 2011, while sales of investments totaling \$88.7 million included proceeds of \$32.6 million from the disposal of structured investment vehicle securities.

Cash used for financing activities for the six months ended June 30, 2012, primarily represents the repayment of \$59.4 million principal amount of long-term debt for \$65.8 million, \$20.7 million of dividends paid to stockholders, \$8.7 million of repurchases of common stock, \$7.6 million of distributions to noncontrolling interests and a \$3.9 million purchase of noncontrolling interests in INTECH. Cash used for financing activities for the comparable prior year period primarily represents the repayment of \$120.9 million principal amount of long-term debt for \$130.8 million, \$9.6 million of distributions to noncontrolling interests and \$9.3 million of dividends paid to stockholders.

### **Dividend**

On July 24, 2012, JCG's Board of Directors declared a regular quarterly cash dividend of \$0.06 per share. The quarterly dividend will be paid on August 20, 2012, to stockholders of record at the close of business on August 6, 2012. This quarterly rate represents an expected annualized dividend rate of \$0.24 per share of common stock.

The payment of cash dividends is within the discretion of JCG's Board of Directors and will depend on many factors, including, but not limited to, JCG's results of operations, financial condition, capital requirements, restrictions imposed by financing agreements, general business conditions and legal requirements.

### **Interest Rate Adjustment Covenant**

All of JCG's senior notes, excluding the convertible senior notes, are subject to an interest rate adjustment covenant that provides that the interest rate payable will increase by 25 basis points for each level that the Company's debt rating is decreased by Moody's Investors Service, Inc. ("Moody's") from Baa3 or by Standard & Poor's ("S&P") Rating Service from BBB-, up to a maximum increase of 200 basis points. If the interest rate is adjusted upward as a result of either Moody's or S&P decreasing its rating, then for each level of a subsequent rating increase, the interest payable will be decreased by 25 basis points, but in no event to a rate less than the interest rate payable on the date of issuance of the respective notes. For each 25 basis point increase, JCG's interest expense will increase by approximately \$1.0 million on an annualized basis. The interest rate adjustment covenant will permanently terminate if the Company's debt ratings increase to Baa2 (or higher) by Moody's and BBB (or higher) by S&P, with a stable or positive outlook regardless of any subsequent decrease in the ratings by either or both rating agencies. S&P increased JCG's credit rating to BBB- on January 10, 2011, resulting in a 25 basis point decrease in the interest rate payable on all of JCG's senior notes, excluding the convertible senior notes.

### **Other Sources of Liquidity**

#### *Credit Facility*

At June 30, 2012, JCG had a \$250 million, unsecured, revolving credit facility (the "Credit Facility") with JPMorgan Chase Bank, N.A., as administrative agent and swingline lender. Under the Credit Facility, the financing leverage ratio cannot exceed 3.00x, and the interest coverage ratio must equal or exceed 4.00x. At June 30, 2012, JCG was in compliance with all covenants and there were no borrowings under the Credit Facility. The Credit Facility has a maturity date of October 14, 2014.

The covenants and the calculation of the ratios, as defined in the Credit Facility, were as follows (*in millions*):

	<b>Last Four Quarters Ended June 30, 2012</b>
Net income attributable to JCG	\$ 109.1
Add back:	
Loss on early extinguishment of debt	7.2
Interest expense	47.5
Income tax provision	62.7
Depreciation and amortization	32.0
Noncash amortization of long-term incentive compensation	61.9
Unrealized gains or losses on investments	14.3
Other nonrecurring cash charges	2.3

Cash paid for deferred commissions and mutual fund share awards	(45.5)
Adjusted net income	<u>\$ 291.5</u>
Debt (including capital leases)	<u>\$ 543.6</u>
Leverage Ratio (Debt divided by adjusted net income)	<u>1.86</u>
<b>Cannot exceed 3.00x</b>	
Interest Coverage Ratio (Adjusted net income divided by last four quarters cash interest expense)	<u>7.5</u>
<b>Must equal or exceed 4.00x</b>	

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company has had no material changes in its exposure to market risks from that previously reported in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

### Item 4. Controls and Procedures

As of June 30, 2012, JCG's management evaluated the effectiveness of the design and operation of its disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Disclosure controls and procedures are designed by the Company to seek to ensure that it records, processes, summarizes and reports in a timely manner the information it must disclose in reports that it files with or submits to the SEC. Richard M. Weil, Chief Executive Officer, and Bruce L. Koepfgen, Executive Vice President and Chief Financial Officer, reviewed and participated in management's evaluation of the disclosure controls and procedures. Based on this evaluation, Messrs. Weil and Koepfgen concluded that as of the date of their evaluation, JCG's disclosure controls and procedures were effective.

There has been no change in JCG's internal controls over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the second quarter 2012 that has materially affected, or is reasonably likely to materially affect, JCG's internal controls over financial reporting.

## PART II — OTHER INFORMATION

### Item 1. Legal Proceedings

See Part I, Item 1. Financial Statements, Note 11 — Litigation and Other Regulatory Matters.

### Item 1A. Risk Factors

The Company has had no material changes in its risk factors from those previously reported in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

JCG's Board of Directors authorized five separate \$500 million share repurchase programs beginning in July 2004 with the most recent authorization in July 2008. The authorizations have no expiration date. JCG did not repurchase any of its common stock from the end of 2008 through the end of 2011.

As part of its capital and liquidity management, JCG resumed stock repurchases with the intention to offset dilution resulting from stock-based compensation awards in the first quarter 2012. During the first six months of 2012, JCG repurchased 1,094,300 shares of its common stock at an average price of \$7.93 per share and a total cost of \$8.7 million. As of June 30, 2012, \$512.5 million is available for repurchase under the current authorizations. Any repurchases of debt securities or common stock will depend on prevailing market conditions, the Company's liquidity requirements, contractual and legal restrictions, and other factors.

Period	(a) Total Number of Shares (or Units) Purchased	(b) Average Price Paid Per Share (or Unit)	(c) Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs	(d) Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs (End of Month)

## Section 2: EX-31.1 (EX-31.1)

Exhibit 31.1

### CERTIFICATION

I, Richard M. Weil, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Janus Capital Group Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal

control over financial reporting.

## Section 4: EX-32.1 (EX-32.1)

Exhibit 32.1

### CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the quarterly report of Janus Capital Group Inc. (the "Company") on Form 10-Q for the quarter ended June 30, 2012, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Richard M. Weil, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) The report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the report fairly presents, in all material respects, the financial condition and results of operations of the Company.
