There are no Derivative Securities														

Explanation of Responses

Proceeds from the sale were used by the reporting person to purchase shares in the Issuer in a retirement plan for the benefit of the reporting person. The sale transaction and purchase transaction are matchable under Section 16(b) of the Securities Exchange Act of 1934. The reporting person agreed to pay to the Issuer the full amount of any profit realized in connection with such short-swing transactions, less transaction costs. However, as the cost of shares purchased, including transaction costs, exceeded the proceeds from the shares sold, there were no short-swing profits.
