ABOUT THE MEETING

Who is soliciting my vote?

The Board of Directors of the Corporation (the “Board”) is soliciting your vote at the Meeting.

What will I be voting on?

The Corporation’s stockholders will be voting on:

- Election of directors (see page 7).
- Ratification of PricewaterhouseCoopers LLP as the Corporation’s independent registered public accounting firm for 2005 (see page 19).

How many votes do I have?

You will have one vote for every share of the Corporation’s shares of common stock, par value \$6 (“Common Stock”) you owned as of the close of business on March 8, 2005, the record date for the annual meeting (the “Record Date”).

How many votes can all stockholders cast?

One vote for each of Popular, Inc.’s 266,844,116 shares of Common Stock that were outstanding on the Record Date. The shares covered by any proxy that is properly executed and received before 9:00 a.m. local time on the day of the Meeting will be voted.

How many votes must be present to hold the Meeting?

A majority of the votes that can be cast. Votes cast by proxy or in person at the Meeting will be counted by ADP Financial Information Services, Inc., an independent third party. We urge you to vote by proxy even if you plan to attend the Meeting, so that we will know as soon as possible that enough votes will be present for us to hold the Meeting.

How do I vote?

You can vote either in person at the Meeting or by proxy without attending the Meeting.

To vote by proxy, you must either

- Fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage–paid envelope,
- Vote by telephone (instructions are on the Proxy Card, as authorized by the General Corporation’s Law of Puerto Rico and the Bylaws of the Corporation), or
- Vote by Internet (instructions are on the proxy card, as authorized by the General Corporation’s Law of Puerto Rico and the Bylaws of the Corporation).

If you want to vote in person at the Meeting, and you hold your Common Stock through a securities broker (that is, in street name), you must obtain a proxy from your broker and bring that proxy to the Meeting.

In addition to solicitation by mail, management may participate in the solicitation of proxies by telephone, personal interviews or otherwise. The Board has engaged the firm of Georgeson & Company, Inc. to aid in the solicitation of proxies. The cost of solicitation will be borne by the Corporation and is estimated at \$7,000.

To avoid delays in ballot taking and counting, and in order to assure that your proxy is voted in accordance with your wishes, compliance with the following instructions is respectfully requested: upon signing a proxy as attorney, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor, please give full title. If shares are in the name of more than one recordholder, all recordholders should sign.

Can I change my vote?

Yes. Just send in a new proxy card with a later date, or cast a new vote by telephone or Internet, or send a written notice of revocation to the President or Secretary of Popular, Inc., P.O. Box 362708, San Juan, Puerto Rico 00936-2708, delivered before the proxy is exercised. If you attend the Meeting and want to vote in person, you can request that your previously submitted proxy not be used.

What vote is required and how are abstentions and broker non-votes treated?

For purposes of determining a quorum, abstentions and broker non-votes will be counted as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated in the proxy card that it does not have discretionary authority to vote on a particular matter. As to the election of directors, the proxy card being provided by the Board enables stockholders to vote for the election of the nominees proposed by the Board, or to withhold authority to vote for one or more of the nominees being proposed. The election of directors and the ratification of the independent registered public accounting firm will be acted upon a majority of the votes cast. Therefore, abstentions and broker non-votes will not have an effect on the election of directors of the Corporation, or the ratification of independent auditors.

Could other matters be decided at the Meeting?

The Board does not intend to present any business at the Meeting other than that described in the notice of meeting.

The Board at this time knows of no other matters, which may come before the Meeting. However, if any new matter requiring the vote of the stockholders is properly presented before the Meeting, proxies may be voted with respect thereto in accordance with the best judgment of proxyholders, under the discretionary power granted by stockholders to their proxies in connection with general matters.

What happens if the Meeting is postponed or adjourned?

Your proxy will still be good and may be voted at the postponed or adjourned Meeting. You will still be able to change or revoke your proxy until it is voted.

What should I receive?

The Proxy Statement, the Corporation’s Annual Report, the Notice of Annual Meeting of Stockholders and the proxy card were sent to stockholders on or about March 16, 2005. The Corporation’s Annual Report includes the audited financial statements for the year ended December 31, 2004, duly certified by PricewaterhouseCoopers LLP as independent public auditors.

BOARD OF DIRECTORS AND COMMITTEES;

PROPOSAL 1: ELECTION OF DIRECTORS FOR A THREE-YEAR TERM

The Certificate of Incorporation and the Bylaws of the Corporation establish a classified Board pursuant to which the Board is divided into three classes as nearly equal in number as possible, with each class having at least three members and with the term of office of one class expiring each year. Each director serves for a term ending on the date of the third annual meeting of stockholders following the annual meeting at which such director was elected or until his successor has been elected and qualified.

At the Meeting, three directors assigned to "Class 3" are to be elected to serve until the 2008 annual meeting of stockholders or until their respective successors shall have been elected and qualified. The remaining six directors of the Corporation will continue to serve as directors, as follows: until the 2006 Annual Meeting of Stockholders of the Corporation, in the case of those three directors assigned to "Class 1", and until the 2007 Annual Meeting of Stockholders, in the case of those three directors assigned to "Class 2", or in each case until their successors are elected and qualified.

The policy of the Board, as set forth in a resolution adopted on January 8, 1991, provides that no person shall be nominated for election or reelection as director of the Board

if at the date of the annual meeting or during the term to be served such person attains 72 years of age. Mr. Félix J. Serrallés Jr. would attain 72 years of age during the term to be served. In accordance with Board policy, Mr. Serallés will not be nominated for reelection as director.

The persons named as proxies in the accompanying proxy card have advised the Corporation that, unless otherwise instructed, they intend to vote at the Meeting the shares covered by the proxies **FOR** the election of the three nominees named below, and that if any one or more of such nominees should become unavailable for election they intend to vote such shares **FOR** the election of such substitute nominees as the Board may propose. The Corporation has no knowledge that any nominee will become unavailable for election.

BOARD OF DIRECTORS INDEPENDENCE

The Board has determined that Messrs. Juan J. Bermúdez, Félix J. Serrallés Jr., Francisco M. Rexach Jr., Frederic V. Salerno, William J. Teuber Jr. and Mrs. María Luisa Ferré have no material relationship with the Corporation and are independent under the director independence standards of the Nasdaq Stock Market, Inc. (“Nasdaq”). The Corporation has a majority of independent directors.

In 2004, at the time of the mailing of the 2004 annual meeting proxy statement and based on the information that was available to it at the time, the Board determined that Manuel Morales Jr. was independent under the Nasdaq independence

standards. However, based on information that has recently become available to the Board and after consultation with Nasdaq, the Board has determined that Mr. Morales is not an independent director.

During 2004, the independent directors met in executive or private sessions without the Corporation’s management after every Board meeting held in 2004. Currently, the independent directors have not appointed a lead director. Instead, the independent directors designate, on a rotational basis, who will preside at each executive session.

Corporate Governance and Nominating Committee and other Corporate Governance Matters

The Corporate Governance and Nominating Committee consists of three or more members of the Board, each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise independent under Nasdaq's director independence rules. The Corporate Governance and Nominating Committee held seven meetings during the fiscal year ended December 31, 2004.

The purpose of the Corporate Governance and Nominating Committee is as follows:

- identify and recommend individuals to the Board for nomination as members of the Board and its committees;
- identify and recommend individuals to the Board for nomination as CEO and Chairman of the Corporation;
- promote the effective functioning of the Board and its committees; and
- develop and recommend to the Board a set of corporate governance principles applicable to the Corporation, and to review these principles at least once a year.

Under the Corporation's Corporate Governance Guidelines, the Board should, based on the recommendations of the Corporate Governance and Nominating Committee, select new nominees for the position of independent director considering the following criteria:

- personal qualities and characteristics, accomplishments and reputation in the business community;
- current knowledge and contacts in the communities in which the Corporation does business and in the Corporation's industry or other industries relevant to the Corporation's business;
- ability and willingness to commit adequate time to Board and committee matters;
- the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Corporation; and
- diversity of viewpoints, background, experience and other demographics.

The Corporate Governance and Nominating Committee will consider nominees recommended by stockholders. There are no differences in the manner in which the Corporate Governance and Nominating Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. The Corporate Governance and Nominating Committee did not receive any recommendation from stockholders for the 2005 Meeting.

Stockholders who wish to submit nominees for director for consideration by the Corporate Governance and Nominating Committee for election at the Corporation's 2006 annual meeting of stockholders may do so by submitting in writing such nominees' names and a brief description of the nominees' judgment, skills, diversity, and experience with businesses and other organizations, to the Secretary of the Board of Directors at Popular, Inc., 209 Muñoz Rivera Avenue, Hato Rey, Puerto Rico, 00918, prior to November 16, 2005.

At the meeting held on July 14, 2004, the Board appointed Mr. William J. Teuber Jr. to serve as a director from November 1, 2004 until the Meeting, as allowed by the Corporation's Restated Articles of Incorporation.

At its February 16, 2005 meeting, the Corporate Governance and Nominating Committee approved the nominations of Mr. William J. Teuber Jr., Mr. Frederic V. Salerno and Mrs. María Luisa Ferré as Class 3 directors, in the Corporation's 2005 proxy card. The nominees approved for inclusion in the proxy card were recommended by the Corporation's CEO.

On October 13, 2004, the Board approved a new Code of Ethics (the "Code") to be followed by the Corporation's employees, officers (including the CEO, Chief Financial Officer and Comptroller) and directors to achieve conduct that reflects the Corporation's ethical principles. Certain portions of the Code deal with activities of directors, particularly with respect to transactions in the securities of the Corporation and potential conflicts of interest. Directors, executive officers and employees are required to be familiar with and comply with the Code. The Code provides that any waivers for executive officers or directors may be made only by the independent members of the Board and must promptly be disclosed to the stockholders. During 2004, the Corporation did not grant nor receive any request from directors or executive officers for waivers under the provisions of the Code. The Code is available at the Corporation's website, www.popularinc.com.

The Corporation's Corporate Governance and Nominating Committee Charter and the Corporate Governance Guidelines are available on the Corporation's website, www.popularinc.com.

AUDIT COMMITTEE REPORT

Audit Committee

The Audit Committee consists of three or more members of the Board. The members of the Audit Committee each have been determined by the Board to be independent as required by Nasdaq's director independence rules. Currently, the Audit Committee is comprised of five outside directors all whom are independent. The Audit Committee held 14 meetings during the fiscal year ended December 31, 2004. Earnings releases, Form 10-K and Form 10-Q filings were discussed in eight of such meetings.

The Audit Committee's primary purpose is to assist the Board in its oversight of the accounting and financial reporting processes of the Corporation. The Audit Committee operates pursuant to a charter that was last amended and restated by the Board on October 13, 2004 and is attached to this proxy statement as Annex A.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements of the Corporation for the fiscal year ended December 31, 2004 with management and PricewaterhouseCoopers LLP, the Corporation's independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees. Finally, the Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, as amended, Independence Discussion with Audit Committees, has considered whether the provision of non-audit services by the independent registered public accounting firm to the Corporation is compatible with maintaining the auditors' independence, and has discussed with the independent auditors the auditors' independence from the Corporation and its management. These considerations and discussions, however, do not assure that the audit of the Corporation's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB), that the financial statements are presented in accordance with

generally accepted accounting principles or that the Company's auditors are in fact "independent."

As set forth in the Audit Committee Charter, the management of the Corporation is responsible for the preparation, presentation and integrity of the Corporation's financial statements. Furthermore, management and the Internal Audit Division are responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. PricewaterhouseCoopers LLP, is responsible for auditing the Corporation's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the United States of America.

The members of the Audit Committee are not engaged professionally in the practice of auditing or accounting and are not employees of the Corporation. The Corporation's management is responsible for its accounting, financial management and internal controls. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures to set auditor independence standards.

Based on the Audit Committee's consideration of the audited financial statements and the discussions referred to above with management and the independent auditors, and subject to the limitations on the role and responsibilities of the Audit Committee set forth in the Charter and those discussed above, the Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the SEC.

COMPENSATION OF DIRECTORS

Outside directors of the Corporation were granted options to purchase Common Stock of the Corporation in February 2004 pursuant to the 2001 Stock Option Plan ("2001 Option Plan") and in May 2004 under the Popular, Inc. 2004 Omnibus Incentive Plan (the "2004 Omnibus Plan"). The amount of stock options granted each month was equal to the quotient (rounded to the nearest whole share) of (x) 6,250 and (y) the value of the option based on the closing price of the Common Stock of the Corporation on the date granted. Option values on the grant dates were determined by using the Black-Scholes Option Valuation Model. The options granted shall become exercisable with respect to 20% of the shares on each anniversary of the date of grant and remain exercisable until the 10th anniversary of the grant.

On July 14, 2004, the Board approved a new compensation package for the non-employee directors of the Corporation based on recommendations from Watson Wyatt, outside consultants. Under the terms of such package each director will receive an annual retainer of \$20,000, while directors that are elected as chairman of any Board committee will receive an annual retainer of \$25,000. The retainer is paid in either cash or restricted stock under the 2004 Omnibus Plan, at the director's election. The directors will also receive an annual grant of \$35,000 payable in restricted stock under the 2004 Omnibus Plan. The first retainer and restricted stock award payments were made on August 16, 2004 for all

directors except William J. Teuber Jr., who received such payments on November 1, 2004. The amount paid to directors was prorated to compensate the director only for the months served from the date of payment to the next annual meeting of stockholders.

From January to July 2004, non-employee directors received \$1,000 for attending each Board meeting and \$500 for attending each committee meeting. Thereafter, non-employee directors received \$1,000 for each Board or committee meeting paid in either cash or restricted stock at the director's election. All restricted stock awards are subject to risk of forfeiture and restrictions on transferability until retirement, when they become vested. Dividends are paid on the restricted stock during the vesting period with reinvestment into shares of Common Stock.

The Corporation reimburses directors for travel expenses incurred in connection with attending Board, committee and stockholder meetings and for other Corporation-related business expenses (including the travel expenses of spouses if they are specifically invited to attend the event for appropriate business purposes), which may include use of private aircraft, if available and approved in advance by the CEO.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board intends to retain the services of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Corporation for the year 2005. PricewaterhouseCoopers LLP has served as independent registered public auditors of the Bank since 1971 and of the Corporation since May 1991, when it was appointed by the Board.

Neither the Corporation's Restated Articles of Incorporation nor its Bylaws require that the stockholders ratify the selection of PricewaterhouseCoopers LLP as independent auditors. We are doing so because we believe it is a matter of good corporate practice. If the stockholders do

not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but may retain such independent auditors. Even if the selection is ratified, the Board and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interest of the Corporation and its stockholders.

Representatives of PricewaterhouseCoopers LLP will attend the Meeting and will be available to respond to any appropriate questions that may arise; they will also have the opportunity to make a statement if they so desire.

The selection of PricewaterhouseCoopers LLP as the Corporation's auditors must be ratified by a majority of the votes cast at the Meeting.

The Board recommends that you vote **FOR** ratification of PricewaterhouseCoopers LLP as the Corporation's independent registered public accounting firm for 2005.

EXECUTIVE COMPENSATION PROGRAM

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Overview

The Compensation Committee endeavors to keep abreast of competitive compensation practices with regard to salaries, incentive compensation and supplemental programs in order to assist the Corporation in attracting and retaining the most qualified executive officers whose contributions and experience help the Corporation sustain growth, thereby enhancing stockholders' value. They also oversee the general people and compensation practices of the Corporation.

The Compensation Committee evaluates and recommends to the Board the Corporation's compensation policy for the

Chairman of the Board and CEO and the Executive Officers. The Compensation Committee considers, among other factors, competitive pay practices for developing a stronger relationship between executive compensation and the Corporation's long-term performance. The executive compensation program for principal officers of the Corporation's subsidiaries is set according to the industry and geographical area in which each operates and is approved by the Board of Directors of each respective subsidiary.

Compensation for the Chairman of the Board, President and CEO

On an annual basis, Mr. Carrión submits to the Compensation Committee a plan setting forth both quantitative and qualitative goals for the fiscal year, and medium and long-term objectives. In evaluating and setting compensation, the Compensation Committee considers the Corporation's performance with respect to the goals set forth in the plan. Therefore, the Compensation Committee evaluates Mr. Carrión's performance by taking into consideration the growth of the organization, implementation of a diversification strategy, achievement of financial goals, improvements to the product and service delivery system and development of people. The weight and significance accorded to these factors is subjective in nature.

From 2000 to 2003, Mr. Richard L. Carrión's compensation package was below the levels at comparable banking organizations for their chief executive officers. This reflected his decision to defer increases in salaries, including corresponding short and long-term incentives, during the three year period that the Corporation was under the Written Agreement with the Federal Reserve Bank of New York and the one year period under the Deferred Prosecution Agreement with the Department of Justice, the Federal Reserve Bank of New York and the Treasury Department's Financial Crime Enforcement Network. The Written Agreement was terminated on January 16, 2003 and the Deferred Prosecution Agreement was dismissed on January 16, 2004. Accordingly, as proposed by the Compensation Committee and accepted by Mr. Carrión, Mr. Carrión's compensation was revised effective February 2004, and his salary was raised to \$800,000. He now participates in a short-term incentive plan with a target of 100% of salary to a maximum of 150%, payable in cash, if all objectives are met. In addition, he participates in a long-term incentive plan paid in restricted stock of the Corporation, with a target of 200% of salary to a maximum of 250%. These restricted stock are deferred until retirement and can not be sold beforehand. These incentive

plans link the CEO's pay very closely to the Corporation's performance and with the stockholder's long-term interests. Mr. Carrión already holds an important ownership in the Corporation, as indicated in the Beneficial Ownership Section of this Proxy Statement. For more information regarding the compensation of Mr. Richard L. Carrión, please refer to the Summary Compensation Table.

Compensation of Executive Officers

The group of Executive Officers is composed of two Senior Executive Vice Presidents and six Executive Vice Presidents of the Corporation all of whom participate in annual and long-term incentive plans. The President and CEO recommends the salary increases and the bonuses to be awarded to the Executive Officers pursuant to the incentive plans.

Executive Officers, except for C.E. (Bill) Williams, participated in an annual incentive program based on financial results of the Corporation, individual business results and individual performance. The program is designed to encourage the achievement of short-term financial goals and to increase shareholder value. The first incentive component is a cash bonus. The second component is a deferred long-term incentive awarded in restricted stock of the Corporation. C.E. (Bill) Williams participated in a three-year long term plan paid in cash at the end of a three-year period, based primarily on financial results of Popular Financial Holdings, Inc. and other qualitative measures.

(a) Before deductions.

(b) For Executive Officers these payments include a Christmas bonus, the cash portion payable under the Profit Sharing Plan of the Bank and the amount awarded under the Annual Management Incentive Compensation Plan.

(c) For the Executive Officers of the Corporation, except C. E. (Bill) Williams, the amount includes the deferred portion under the Profit Sharing Plan of the Bank, amounts accrued under the Benefit Restoration Plan, the amount from the Profit Sharing deferred and allocated to Savings and Stock Plan and the Bank's matching contribution to Savings and Stock Plan. For Mr. Herencia, the 2003 and 2004 amounts include a special bonus payment of \$400,000. For Mr. Williams, the amount includes 401(k) matching and deferred compensation in the amount of \$50,000 credited to a supplemental employee retirement plan. The amount becomes fully vested and non-forfeitable gradually in annual increments of 20% during the five years subsequent to the credit.

(d) The number of shares awarded is as follows: Mr. Carrión - 60,689, Mr. Junquera - 20,351; Mr. Chafey -

27,752; Mrs. Loubriel - 12,026; Mr. Jordán - 11,101; Mr. Herencia - 18,501; Mrs. Santos - 11,101; Mr. Villamil - 11,101. For all Executive Officers, except Mr. Carrión, amounts for 2004 represent restricted stock granted on January 21, 2005, for fiscal year 2004 performance. For Mr. Carrión, the restricted stock award was granted on February 16, 2005 for fiscal year 2004 performance. The dollar value given is based on the \$27.77 closing price per share of Common Stock on January 21, 2005, except in the case of Mr. Carrión, in which the dollar value is calculated based in the \$27.20 closing price on February 16, 2005. No shares of restricted stock had been granted to the Executive Officers, as of December 31, 2004. All the shares of restricted stock granted are subject to risk of forfeiture and restrictions on transferability until retirement, when they become vested. Dividends are paid on the restricted stock during the vesting period, with reinvestment into shares of Common Stock.

(e) The Board has made it a requirement, for security reasons, that Mr. Carrión uses the corporate aircraft even when traveling on personal business. Mr. Carrión

reimbursed the Corporation the amount of \$33,038 for his personal use of the corporate aircraft during 2004. The amount reimbursed to the Corporation was valued on the basis of incremental cost to the Corporation using the IRS formula (Reg. 1.61-21(g)) that is based on the Standard Industry Fare Level (SIFL) flight mileage rates, a terminal charge and the weight of the aircraft. Since Mr. Carrión reimbursed the Corporation for the personal use of the aircraft we have not included such personal use as compensation in the Summary Compensation Table.

Mr. Carrión's responsibilities as CEO require frequent travel to New York City. For this purpose, the Corporation has had an apartment since 1987 that the

CEO uses primarily for business related trips. The cost of the apartment to the Corporation represents approximately \$36,000 per year. The estimated expenses that the Corporation would have incurred for business related hotel expenses would have exceeded the aforementioned amount. This cost is incurred for the benefit of the Corporation, therefore it is not included as compensation in the Summary Compensation Table.

- (f) Messrs. Amílcar L. Jordán and C.E. (Bill) Williams were appointed Executive Officers in April 2004.
- (g) On February 11, 2005, Mr. Williams received an award in the amount of \$1,709,857 pursuant to a cash-based long-term incentive plan covering the three year period comprising fiscal years 2002, 2003 and 2004.

The following table sets forth information as of December 31, 2004 regarding securities issued and issuable to directors and eligible employees under the Corporation's equity based compensation plans.

Equity Compensation Plan Information

Plan Category	Plan(a)	Number of securities to be issued upon exercise of outstanding options	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in first column)(b)

Equity compensation plans not approved by security holders		-	-	-
Total		2,583,989	18.76	9,962,636

(a) Effective April 30, 2004, the 2001 Option Plan was replaced and superseded by the 2004 Omnibus Plan.

(b) The total amount of securities available for issuance under the 2004 Omnibus Plan was adjusted to reflect the July 8, 2004 two-for-one stock split. The number of securities remaining available for future issuance under the 2004 Omnibus Plan has been reduced by 20,802 shares awarded as restricted stock to non-employee directors during 2004.

2001 Option Plan

The 2001 Option Plan was intended to provide the Corporation and its subsidiaries with effective means to attract and retain highly qualified personnel as well as to provide additional incentive to employees and directors who provide services to the Corporation and its subsidiaries. The 2001 Option Plan provided for the grant of stock options that are intended to qualify as "qualified stock options" ("QSOs") under Section 1046 of the Puerto Rico Internal Revenue Code of 1994, as amended, and as "incentive stock options" ("ISOs") under Section 422 of the Internal Revenue Code of 1986, as amended or "non-statutory stock options" ("NSOs").

The Corporation did not grant any options in connection with year 2004 performance to any of the Executive Officers in the Summary Compensation Table. Options granted in January 16, 2004 were granted for fiscal year 2003 performance and were disclosed as 2003 compensation in the proxy statement related to that year.

The following table sets forth certain information regarding individual exercises of stock options during 2004 by each of the Executive Officers and information related to exercisable and unexercisable options at December 31, 2004.

(a) In accordance with SEC rules, values are calculated by subtracting the exercise price from the fair market value of the underlying Common Stock. For purposes of this table, fair market value is deemed to be \$28.83, the closing sales price reported for the Common Stock on December 31, 2004.

2004 Omnibus Plan

On April 30, 2004, the shareholders of the Corporation approved the 2004 Omnibus Plan which replaced the 2001 Option Plan. The purpose of the 2004 Omnibus Plan is to provide flexibility to the Corporation and its affiliates to attract, retain and motivate their officers, executives and other key employees through the grant of awards and to adjust its compensation practices to the best compensation practices and corporate governance trends as they develop from time to time. The 2004 Omnibus Plan is further intended to help retain and align the interests of the non-employee members of the Board and its affiliates with the Corporation's stockholders.

Subject to the terms of the 2004 Omnibus Plan, the Compensation Committee has the authority to designate 2004 Omnibus Plan participants and approve the following types of awards: annual incentive awards, stock options, stock appreciation rights ("SARs"), restricted stock, restricted units, long-term performance units and performance shares. For the fiscal year 2004, a total of 172,622 shares were awarded to Executive Officers in the form of restricted stock with the restriction lapsing at retirement, except upon the occurrence of a change of control of the Corporation in which event all restrictions shall lapse.

Profit Sharing Plan of Banco Popular de Puerto Rico

All officers and regular monthly salaried employees of the Bank are active participants in the Bank's Profit Sharing Plan, as of the first day of the calendar month following the completion of three months of service.

Under this plan, the Board of Directors of the Bank determines the Bank's annual contribution based on the profits of the Bank for the year. The amount allocated to each officer or employee is based on his or her earned salary for the year. The total amount contributed for the year 2004 was \$19,544,000. Of the total awarded 40% is deferred under the Profit Sharing Plan, 10% under the Savings & Stock Plan and the remainder 50% is paid in cash.

Benefit Restoration Plan of Banco Popular de Puerto Rico

The Internal Revenue Service (IRS) set a limit of \$205,000 as the amount of compensation that may be considered in calculating future retirement payments from tax qualified retirement plans. This limit applies to the Bank's Retirement Plan and Profit Sharing Plan.

The Board of Directors of the Bank has adopted three “Benefit Restoration Plans” for those employees whose annual compensation is higher than the established limit. These plans will provide those benefits that cannot be accrued under the Bank’s Retirement and Profit Sharing Plan, which are qualified plans under the Employee Retirement Income Security Act (“ERISA”). Benefits under the Benefit Restoration Plans shall be equal to the account balance that would be provided under the Profit Sharing Plan and to the benefits that would have been accrued under the Retirement Plan.

Therefore, the Benefit Restoration Plans do not offer credit for years of service not actually worked, preferential benefit formulas or accelerated vesting of pension benefits. The restoration benefits of employees who are residents of Puerto Rico are funded through two irrevocable trusts, while the restoration benefits of all other employees are unfunded.

Retirement Plan of Banco Popular de Puerto Rico

The Bank has a non-contributory, defined benefit Retirement Plan covering substantially all regular monthly salaried employees. These employees are eligible to participate in the Retirement Plan following the completion of one year of service and attaining 21 years of age. Pension costs are funded in accordance with minimum funding standards under ERISA.

The basis for the Retirement Plan formula is total compensation, which includes Christmas bonus, incentives, overtime, differentials, profit sharing cash bonuses and any

other type of compensation received by the employees other than deferral to and distributions from nonqualified deferred compensation arrangements. Benefits in the normal form are paid on the basis of a straight life annuity plus supplemental death benefits and are not reduced for Social Security or other payments received by the participants.

Normal retirement age under the Retirement Plan is age 65 with 5 years of service. Early retirement is on or after 50 years of age if the combination of years of age and completed years of service totals 75 or on or after 55 years of age with 10 years of service. Employees with 30 years of service or more are provided with a retirement benefit of 40% of pensionable compensation. Benefits are reduced only if the employee retires before age 55. Benefits under the Retirement Plan are subject to the U.S. Internal Revenue Code limits on compensation and benefits. Benefits under Restoration Plans restore benefits to select employees that were limited under the Retirement Plan due to IRS limits and a compensation definition that excludes amounts deferred to nonqualified arrangements.

The following table sets forth the estimated annual benefits in the normal form that would become payable under the Retirement Plan (including the Benefit Restoration Plans) based upon certain assumptions as to total compensation levels and years of service.

The amounts shown in this table are not necessarily representative of amounts that may actually become payable under the plans. The amounts represent the benefits upon retirement on December 31, 2004, of a participant at age 65.

Savings and Stock Plan of Banco Popular de Puerto Rico

The Bank has adopted a Savings & Stock Plan covering employees of the Bank in Puerto Rico. All regular monthly salaried employees of the Bank are eligible to participate in the Savings & Stock Plan following the completion of three months of service.

The Bank may contribute a discretionary amount based on the profits of the Bank for the year, which is allocated to each officer or employee based on his or her basic salary for the year, as determined by the Board of Directors of the Bank. The Savings & Stock Plan allows employees to voluntarily elect to defer a predetermined percentage not to exceed 10% of their pre-tax total compensation. The Savings & Stock Plan also allows employees to voluntarily elect to contribute

a predetermined percentage not to exceed 10% of their after-tax total cash compensation. Both contribution levels are subject to maximum contribution limits as determined by applicable laws. Employees will be fully vested after five years of service.

The Bank will match 50% of the pre-tax amount contributed by the participant and invested in the Corporation's Common Stock, up to a maximum participant contribution determined by the Board of Directors of the Bank each year. For the year 2004, the maximum participant's contribution subject to employer match was 2% of participant's annual base salary.

Retirement Plan of Banco Popular North America

Banco Popular North America has a non-contributory, defined benefit retirement plan covering all regular monthly salaried employees hired before June 30, 2004. Pension costs are funded in accordance with minimum funding standards under ERISA.

The basis for the retirement plan formula are years of service and average final compensation. Benefits are paid on the basis of a single life annuity and are not reduced (offset)

for Social Security or other payments received by the participants.

Normal retirement occurs when the participant reaches age 65 and has five years of credited service. Participants can enjoy actuarially adjusted early retirement benefits at age 55 with 10 years of service. This retirement plan is qualified under section 401(a) of the Internal Revenue Code.

Stock Plan of Banco Popular North America

Banco Popular North America has adopted a defined contribution plan (“401(k) Plan”) covering all employees. All regular monthly salaried employees are eligible to participate in the 401(k) Plan following the completion of 30 days of service.

The 401(k) Plan also allows employees to voluntarily elect to defer a predetermined percentage not to exceed 10% of

their pre-tax base compensation up to a maximum amount as determined by the applicable tax laws. Banco Popular North America will match 50% (100% if the participant elects to invest his (her) contribution in the Corporation’s Common Stock) of the amount contributed by a participant up to a maximum of six percent (6%) of the participant’s annual base salary.

CHANGE OF CONTROL MANAGEMENT ARRANGEMENTS

The 2004 Omnibus Plan provides that upon the occurrence of a change of control of the Corporation, each outstanding option and SAR shall become fully exercisable and all restrictions on outstanding restricted stock and restricted units shall lapse. In addition, any long-term performance unit awards and performance share awards outstanding will be paid in full at target. Such payments shall be made within 30 days of the change of control, and the participants may opt to receive such payments in cash. The Compensation Committee may, in its discretion, provide for cancellation of each option, SAR, restricted stock and restricted stock unit in exchange for a cash payment per share based upon the change of control price. This change of control price is the highest share price offered in conjunction with any transaction resulting in a change of control (or, if there is no such price, the highest trading price during the 30 days preceding the change of control event). Notwithstanding the foregoing, no acceleration of vesting or exercisability, cancellation, cash payment or other settlement shall occur with respect to any option, SAR, restricted stock, restricted unit, long-term performance unit award or performance share award if the Compensation Committee reasonably determines in good faith prior to the change of control that such awards will be honored or assumed or equitable replacement awards will be made by a successor employer immediately following the change of control and that such awards will vest and payments will be made if a participant is involuntarily terminated without cause.

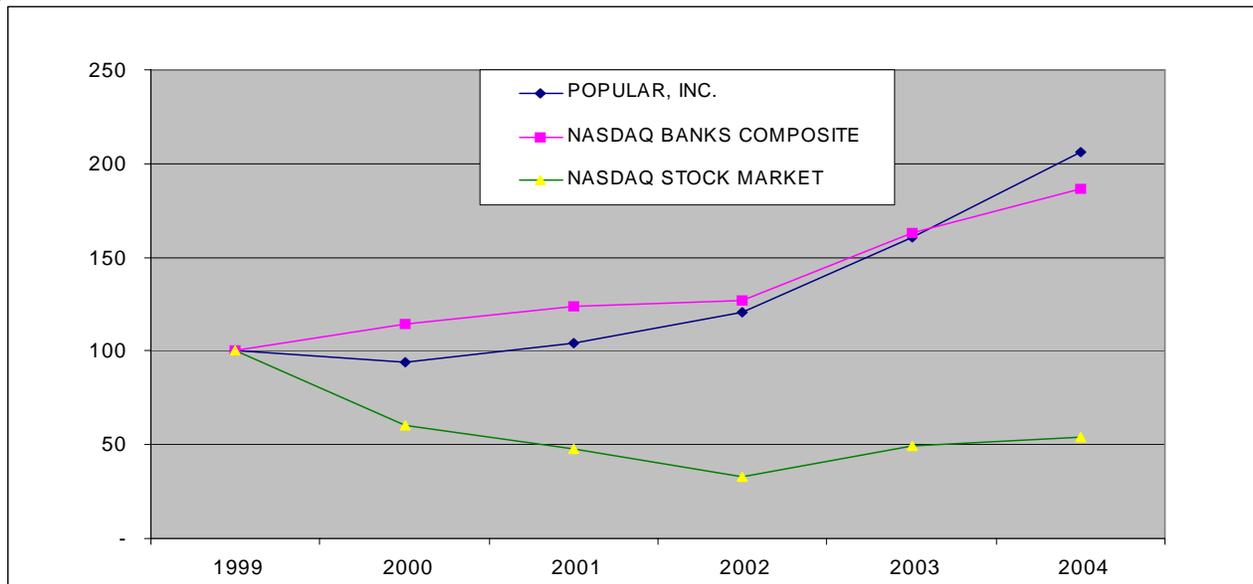

For purposes of the 2004 Omnibus Plan, “change of control” shall be deemed to have occurred if: (i) any “person” (within the meaning of Section 3(a)(9) of the Exchange Act and excluding the Corporation, its subsidiaries or any employee benefit plan sponsored or maintained by the Corporation or its subsidiaries) acquires direct or indirect ownership of 50% or more of the combined voting power of the then outstanding securities of the Corporation as a result of a tender or exchange offer, open market purchases, privately negotiated purchases or otherwise; or (ii) the stockholders of the Corporation approve (A) any consolidation or merger of the Corporation in which the Corporation is not the surviving corporation (other than a merger of the Corporation in which the holders of Common Stock immediately prior to the merger have the same or substantially the same proportionate ownership of the surviving corporation immediately after the merger), or (B) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Corporation to an entity which is not a wholly-owned subsidiary of the Corporation.
